CONVENTION BETWEEN THE REPUBLIC OF ARMENIA AND THE SWISS CONFEDERATION FOR THE AVOIDANCE OF DOUBLE TAXATION WITH RESPECT TO TAXES ON INCOME AND ON CAPITAL

The Government of the Republic of Armenia and the Swiss Federal Council, desiring to develop and strengthen economic, scientific and technical cooperation between the two States and, for this purpose, to conclude a Convention for the avoidance of double taxation with respect to taxes on income and on capital, have agreed as follows:

Article 1 Persons Covered

This Convention shall apply to persons who are residents of one or both of the Contracting States.

Article 2 Taxes Covered

1. This Convention shall apply to taxes on income and on capital imposed on behalf of a Contracting State or of its political subdivisions or local authorities, irrespective of the manner in which they are levied.
2. There shall be regarded as taxes on income and on capital all taxes imposed on total income, on total capital, or on elements of income or of capital, including taxes on gains from the alienation of movable or immovable property, taxes on the total amounts of wages or salaries paid by enterprises, as well as taxes on capital appreciation.
3. The existing taxes to which the Convention shall apply are in particular:
 - a) in Armenia:
 - (i) the profit tax;
 - (ii) the income tax;
 - (iii) the property tax;
 - (iv) the land tax
(hereinafter referred to as "Armenian tax");
 - b) in Switzerland:
the federal, cantonal and communal taxes
 - (i) on income (total income, earned income, income from capital, industrial and commercial profits, capital gains, and other items of income); and
 - (ii) on capital (total property, movable and immovable property, business assets, paid-up capital and reserves, and other items of capital)
(hereinafter referred to as "Swiss tax").
4. The Convention shall apply also to any identical or substantially similar taxes which are imposed after the date of signature of the Convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes which have been made in their respective taxation laws.

(ii) any legal person, partnership, association or any other entity deriving its status as such from the laws in force in a Contracting State.

2. As regards the application of the Convention at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that State for the purposes of the taxes to which the Convention applies, any meaning under the applicable tax laws of that State prevailing over a meaning given to the term under other laws of that State.

Article 4 Resident

1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of incorporation, place of management or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);

b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident only of the State in which he has an habitual abode;

c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident only of the State of which he is a national;

d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then the competent authorities of the Contracting States shall settle the question by mutual agreement.

Article 5 Permanent Establishment

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

a) a place of management;

b) a branch;

c) an office;

d) a factory;

e) a workshop,

f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources; and

g) a warehouse, in relation to a person providing storage facilities for others.

3. A building site, a construction, assembly or installation project or supervisory activities in connection therewith constitute a permanent establishment, but only where such site, project or activities continue for a period of more than six months.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

- c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
- e) the maintenance of a fixed place of business solely for the purpose of advertising, for the supply of information, for scientific research or similar activities which have a preparatory or auxiliary character for the enterprise;
- f) an installation or assembly project carried on by an enterprise of a Contracting State in the other Contracting State in connection with the delivery of machinery or equipment produced by that enterprise;
- g) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs a) to f), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, he will not be considered an agent of an independent status within the meaning of this paragraph.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6 Income From Immovable Property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, aircraft and road vehicles shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7 Business Profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8 International Traffic

1. Profits of an enterprise of a Contracting State from the operation of ships, aircraft or road vehicles in international traffic shall be taxable only in that State.

2. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9 Associated Enterprises

1. Where

a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where profits on which an enterprise of a Contracting State has been charged to tax in that State are also included in the profits of an enterprise of the other Contracting State and taxed accordingly, and the profits so included are profits which would have accrued to that enterprise of the other State, if the conditions made between the enterprises had been those which would have been made between independent enterprises, then the competent authorities of the Contracting States may consult together with a view to reach an agreement on the adjustments of profits in both Contracting States.

3. A Contracting State shall not change the profits of an enterprise in the circumstances referred to in paragraph 1 after the expiry of the time limits provided in its national laws and, in any case, after five years from the end of the year in which the profits which would be subject to such change would have accrued to an enterprise of that State. This paragraph shall not apply in the case of fraud or willful default.

Article 10 Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 25 per cent of the capital of the company paying the dividends and the foreign capital invested exceeds two hundred thousand (200,000) Swiss francs or its equivalent in any other currency at the moment when the dividends become due;

b) 15 per cent of the gross amount of the dividends in all other cases.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of these limitations.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Convention means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 (Business Profits) or Article 14 (Independent Personal Services), as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11 Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and paid to a resident of the other Contracting State who is the beneficial owner thereof shall be taxable only in that other State to the extent that such interest is paid

- a) in connection with the sale on credit of any industrial, commercial or scientific equipment;
- b) on any loan of whatever kind granted by a bank.

4. The term "interest" as used in this Convention means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Convention.

5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 (Business Profits) or Article 14 (Independent Personal Services), as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12 Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 5 per cent of the gross amount of the royalties.
3. The term "royalties" as used in this Convention means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films or films or tapes used for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 (Business Profits) or Article 14 (Independent Personal Services), as the case may be, shall apply.
5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.
6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 13 Capital Gains

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 (Income from Immovable Property) and situated in the other Contracting State may be taxed in that other State.
2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.
3. Gains derived by an enterprise of a Contracting State from the alienation of ships, aircraft or road vehicles operated in international traffic, or movable property pertaining to the operation of such ships, aircraft or road vehicles, shall be taxable only in that State.
4. Gains from the alienation of shares of the capital stock of a company the assets of which consist directly or indirectly principally of immovable property situated in a Contracting State may be taxed in that State.
5. Gains from the alienation of any property other than that referred to in paragraphs 1, 2, 3 and 4, shall be taxable only in the Contracting State of which the alienator is a resident.

Article 14 Independent Personal Services

1. Income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that State unless he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities. If he has such a fixed base, the income may be taxed in the other State but only so much of it as is attributable to that fixed base.
2. The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.
2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:
 - a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in the fiscal year concerned, and
 - b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State, and
 - c) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in the other State.
3. Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised aboard a ship, aircraft or road vehicle operated in international traffic by an enterprise of a Contracting State may be taxed in that State.

Notwithstanding the provisions of Articles 14 (Independent Personal Services) and 15 (Dependent Personal Services), income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsman, from his personal activities as such exercised in the other Contracting State, may be taxed in that other State.
2. Where income in respect of personal activities exercised by an entertainer or a sportsman in his capacity as such accrues not to the entertainer or sportsman himself but to another person, that income may, notwithstanding the provisions of Articles 7 (Business Profits), 14 (Independent Personal Services) and 15 (Dependent Personal Services), be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised. This paragraph shall not apply if it is established that neither the entertainer or the sportsman himself, nor persons related to him, participate directly in the profits of such person.
3. Paragraphs 1 and 2 shall not apply to income from activities performed by entertainers or sportsmen if such income is derived directly or indirectly in a substantial manner from public funds of the other Contracting State, a political subdivision or a local authority thereof.

Article 19 Government Service

1. a) Salaries, wages and other similar remuneration, other than a pension, paid by a Contracting State or a political subdivision or a local authority thereof to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State.
b) However, such salaries, wages and other similar remuneration shall be taxable only in the other Contracting State if the services are rendered in that State and the individual is a resident of that State who:
 - (i) is a national of that State; or
 - (ii) did not become a resident of that State solely for the purpose of rendering the services.
2. a) Any pension paid by, or out of funds created by, a Contracting State or a political subdivision or a local authority thereof to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State.
b) However, such pension shall be taxable only in the other Contracting State if the individual is a resident of, and a national of, that State.
3. The provisions of Articles 15 (Dependent Personal Services), 16 (Directors' Fees) and 18 (Pensions) shall apply to salaries, wages and other similar remuneration, and to pensions, in respect of services

2. In respect of grants, scholarships and remuneration from employment not covered by paragraph 1, a student or business apprentice described in paragraph 1 shall, in addition, be entitled during such education or training to the same exemptions, reliefs or reductions in respect of taxes available to residents of the State which he is visiting.

1. Items of income of a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Convention shall be taxable only in that State. This provision shall not apply to prizes in a lottery.

2. The provisions of paragraph 1 shall not apply to income, other than income from immovable property as defined in paragraph 2 of Article 6 (Income from Immovable Property), if the recipient of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the income is paid is effectively connected with such permanent establishment or fixed base. 2. Capital represented by movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or by movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, may be taxed in that other State.

3. Capital represented by ships, aircraft or road vehicles, owned by a resident of a Contracting State, operated in international traffic, and by movable property pertaining to the operation of such ships, aircraft or road vehicles, shall be taxable only in that State.

4. All other elements of capital of a resident of a Contracting State shall be taxable only in that State.

Article 23 Elimination of Double Taxation

1. In the case of Armenia, double taxation shall be avoided as follows:

a) Where a resident of Armenia derives income or owns capital which, in accordance with the provisions of this Convention, may be taxed in Switzerland, Armenia shall allow:

(i) as a deduction from the tax on the income of that resident, an amount equal to the income tax paid in Switzerland;

(ii) as a deduction from the tax on the capital of that resident, an amount equal to the capital tax paid in Switzerland.

Such deduction in either case shall not, however, exceed that part of the income tax or capital tax, as computed before the deduction is given, which is attributable, as the case may be, to the income or the capital which may be taxed in Switzerland.

b) Where in accordance with any provision of this Convention, income derived or capital owned by a resident of Armenia is exempt from tax in Armenia, Armenia may nevertheless, in calculating the amount of tax on the remaining income or capital of such resident, take into account the exempted income or capital.

2. In the case of Switzerland, double taxation shall be avoided as follows:

a) Where a resident of Switzerland derives income or owns capital which, in accordance with the provisions of this Convention, may be taxed in Armenia, Switzerland shall, subject to the provisions of subparagraph b), exempt such income or capital from tax but may, in calculating tax on the remaining income or capital of that resident, apply the rate of tax which would have been applicable if the exempted income or capital had not been so exempted. However, such exemption shall apply to gains

referred to in paragraph 4 of Article 13 (Capital Gains) only if actual taxation of such gains in Armenia is demonstrated.

b) Where a resident of Switzerland derives dividends, interest or royalties which, in accordance with the provisions of Article 10 (Dividends), 11 (Interest) or 12 (Royalties), may be taxed in Armenia, Switzerland shall allow, upon request, a relief to such resident. The relief may consist of:

- (i) a deduction from the tax on the income of that resident of an amount equal to the tax levied in Armenia in accordance with the provisions of Articles 10 (Dividends), 11 (Interest) and 12 (Royalties); such deduction shall not, however, exceed that part of the Swiss tax, as computed before the deduction is given, which is appropriate to the income which may be taxed in Armenia; or
- (ii) a lump sum reduction of the Swiss tax; or
- (iii) a partial exemption of such dividends, interest or royalties from Swiss tax, in any case consisting at least of the deduction of the tax levied in Armenia from the gross amount of the dividends, interest or royalties.

Switzerland shall determine the applicable relief and regulate the procedure in accordance with the Swiss provisions relating to the carrying out of international conventions of the Swiss Confederation for the avoidance of double taxation.

c) A company which is a resident of Switzerland and which derives dividends from a company which is a resident of Armenia shall be entitled, for the purposes of Swiss tax with respect to such dividends, to the same relief which would be granted to the company if the company paying the dividends were a resident of Switzerland.

Article 24 Non-Discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article I (Persons Covered), also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Except where the provisions of Article 9 (Associated Enterprises), paragraph 7 of Article 11 (Interest), or paragraph 6 of Article 12 (Royalties), apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

5. The provisions of this Article shall, notwithstanding the provisions of Article 2 (Taxes Covered), apply to taxes of every kind and description.

Article 25 Mutual Agreement Procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 24 (Non-discrimination), to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the

competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.

4. The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs.

Article 26 Exchange of Information

1. The competent authorities of the Contracting States shall exchange such information (being information which is at their disposal under their respective taxation laws in the normal course of administration) as is necessary for carrying out the provisions of this Convention. Any information so exchanged shall be treated as secret and shall not be disclosed to any persons other than those concerned with the assessment and collection of the taxes which are the subject of the Convention. No information as aforesaid shall be exchanged which would disclose any trade, business, banking, industrial or professional secret or trade process.

2. In no case shall the provisions of this Article be construed as imposing upon either Contracting State the obligation to carry out administrative measures at variance with the regulations and practice of either Contracting State or which would be contrary to its sovereignty, security or public policy (ordre public) or to supply particulars which are not procurable under its own laws or those of the State making the application.

Article 27 Members of Diplomatic Missions and Consular Posts

1. Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

2. Notwithstanding the provisions of Article 4 (Resident), an individual who is a member of a diplomatic mission, consular post or permanent mission of a Contracting State which is situated in the other Contracting State or in a third State shall be deemed, for the purposes of this Convention, to be a resident of the sending State if:

- a) in accordance with international law he is not liable to tax in the receiving Contracting State in respect of income from sources outside that State or on capital situated outside that State and
- b) he is liable in the sending State to the same obligations in relation to tax on his total income or on capital as are residents of that State.

3. The Convention shall not apply to international organisations, to organs or officials thereof and to persons who are members of a diplomatic mission, consular post or permanent mission of a third State, being present in a Contracting State and not treated in either Contracting State as residents in respect of taxes on income or on capital.

Article 28 Entry Into Force

1. Each Contracting State shall notify to the other, through diplomatic channels, the completion of the procedures required by its law for the bringing into force of this Convention. The Convention shall enter into force on the date on which the later of those notifications has been received.

2. The provisions of the Convention shall have effect:

- a) in respect of taxes withheld at source on amounts paid or credited on or after the first day of January of the year next following the year of the entry into force of the Convention;
- b) in respect of other taxes for taxation years beginning on or after the first day of January of the year next following the year of the entry into force of the Convention.

Article 29 Termination

This Convention shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Convention, through diplomatic channels, by giving notice of termination at least six months before the end of any calendar year. In such event, the Convention shall cease to have effect:

- a) in respect of taxes withheld at source on amounts paid or credited on or after the first day of January of the calendar year next following that in which the notice was given;
- b) in respect of other taxes for taxation years beginning on or after the first day of January of the calendar year next following that in which the notice was given.

In witness whereof the undersigned, duly authorized thereto, have signed this Convention.
