**WITH RESPECT TO TAXES ON INCOME AND ON CAPITAL**

**THE GOVERNMENT OF THE REPUBLIC OF AZERBAIJAN AND THE GOVERNMENT OF CANADA,**

**DESIRING** to conclude a Convention for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and on capital,

**HAVE AGREED** as follows:

**I. SCOPE OF THE CONVENTION**

**ARTICLE 1**  
**Persons Covered**

This Convention shall apply to persons who are residents of one or both of the Contracting States.

**ARTICLE 2**  
**Taxes Covered**

1. This Convention shall apply to taxes on income and on capital imposed on behalf of each Contracting State and, in the case of the Republic of Azerbaijan, its political or administrative-territorial subdivisions or local authorities, irrespective of the manner in which they are levied.

There shall be regarded as taxes on income and on capital all taxes imposed on total income, on total capital, or on elements of income or of capital, including taxes on gains from the alienation of movable or immovable property, taxes on the total amounts of wages or salaries paid by enterprises, as well as taxes on capital appreciation.

3. The existing taxes to which the Convention shall apply are, in particular:

(a) in the case of the Republic of Azerbaijan:

- (i) the tax on profit of legal persons;
- (ii) the income tax on physical persons;
- (iii) the tax on property; and

  - (b) the term "Canada", used in a geographic sense, means the territory of Canada, including:

    - (ii) the sea and airspace above every area referred to in clause (i);

(i) in the case of Azerbaijan, the Ministry of Finance and the Ministry of Taxes, and

(ii) in the case of Canada, the Minister of National Revenue or the Minister's authorized representative.

2. As regards the application of the Convention at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that State for the purposes of the taxes to which the Convention applies, any meaning under the applicable tax laws of that State prevailing over a meaning given the term under other laws of that State.

## **ARTICLE 4**

### **Resident**

1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of the person's domicile, residence, place of registration, place of incorporation, place of management or any other criterion of a similar nature and also includes that State and any political or administrative-territorial subdivision or local authority thereof or any agency or instrumentality of any such State, subdivision or authority. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State or capital situated therein.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then the individual's status shall be determined as follows:

(a) the individual shall be deemed to be a resident only of the State in which the individual has a permanent home available; if the individual has a permanent home available in both States, the individual shall be deemed to be a resident only of the State with which the individual's personal and economic relations are closer (centre of vital interests);

(b) if the State in which the individual's centre of vital interests is situated cannot be determined, or if there is not a permanent home available to the individual in either State, the individual shall be deemed to be a resident only of the State in which the individual has an habitual abode;

(c) if the individual has an habitual abode in both States or in neither of them, the individual shall be deemed to be a resident only of the State of which the individual is a national; and

(d) if the individual is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, the competent authorities of the Contracting States shall by mutual agreement endeavour to settle the question and to determine the mode of application of the Convention to such person. In the absence of such agreement, such person shall not be entitled to claim any relief or exemption from tax provided by the Convention.

**ARTICLE 5**  
**Permanent Establishment**

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
2. The term "permanent establishment" includes especially:
  - (a) a place of management;
  - (b) a branch;
  - (c) an office;
  - (d) a factory;
  - (e) a workshop; and
  - (f) a mine, an oil or gas well, a quarry, an installation, a structure, a vessel or any other place relating to the exploration for or the development and extraction of natural resources.
3. The term "permanent establishment" shall also be deemed to include:
  - (a) a building site or construction or installation project, or supervisory or consultancy activities connected with them, but only if such site, project or activities continue for more than twelve months, and
  - (b) the furnishing of services, including consultancy services, by an enterprise through its employees or other personnel engaged by the enterprise for such purposes, but only where activities of that nature continue (for the same or connected project) within a Contracting State during a period or periods aggregating more than six months in any twelve-month period.
4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:
  - (a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
  - (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
  - (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
  - (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
  - (e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;
  - (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e) provided that the overall activity of the fixed place of

business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 7 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for that enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. Notwithstanding the preceding provisions of this Article, if an insurance company of a Contracting State is engaged in the collection of insurance premiums and provides insurance coverage for risks in the other Contracting State, except for re-insurance by a person other than an agent of an independent status to whom paragraph 7 applies, it shall be deemed to have a permanent establishment in that other State.

7. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, if the activities of such agent are carried out wholly or almost wholly for the enterprise such agent shall not be considered to be an agent of an independent status for the purpose of this paragraph, unless it is shown that the transactions between the agent and the enterprise were made under conditions which would be made between independent parties.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

### **III. TAXATION OF INCOME**

#### **ARTICLE 6**

##### **Income from Immovable Property**

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. For the purposes of this Convention, the term "immovable property" shall have the meaning which it has for the purposes of the relevant tax law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall also apply to income derived from the direct use, letting, or use in any other form of immovable property and to income from the alienation of such property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

## **ARTICLE 7**

### **Business Profits**

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on or has carried on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment and with all other persons.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere, provided that the expenses are deductible within the framework determined by the domestic legislation of that State.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of an enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

## **ARTICLE 8**

### **Shipping and Air Transport**

1. Profits derived by an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.

2. Notwithstanding the provisions of paragraph 1 and Article 7, profits derived by an enterprise of a Contracting State from a voyage of a ship or aircraft where the principal purpose of the voyage is to transport passengers or property between places in the other Contracting State may be taxed in that other State.

3. For the purposes of this Article,

(a) the term "profits" includes gross receipts and revenues derived directly from the operation of ships or aircraft in international traffic, and

(b) the term "operation of ships or aircraft in international traffic" by an enterprise, includes:

(i) the bareboat charter or rental, on an occasional basis, of ships or aircraft, and

(ii) the use, maintenance, or rental of containers, including trailers and related equipment for the transportation of containers,

by that enterprise if such activities are incidental to the operation by that enterprise of ships or aircraft in international traffic.

4. The provisions of paragraphs 1 and 2 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

## **ARTICLE 9**

### **Associated Enterprises**

1. Where

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any income which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the income of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the income of an enterprise of that State - and taxes accordingly - income on which an enterprise of the other Contracting State has been charged to tax in that other State and the income so included is income that would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on that income. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

3. A Contracting State shall not change the income of an enterprise in the circumstances referred to in paragraph 1 after the expiry of the time limits provided in its domestic laws and, in any case, after five years from the end of the year in which the income that would be subject to such change would, but for the conditions referred to in paragraph 1, have been attributed to that

enterprise.

4. The provisions of paragraphs 2 and 3 shall not apply in the case of fraud, wilful default or neglect.

## **ARTICLE 10**

### **Dividends**

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed

(a) 10 per cent of the gross amount of the dividends if the beneficial owner is a company that controls directly or indirectly at least 10 per cent of the voting power in the company paying the dividends; and

(b) 15 per cent of the gross amount of the dividends, in all other cases.

The provisions of this paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income from other rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraph 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

## **ARTICLE 11**

### **Interest**

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2,

(a) interest arising in a Contracting State and paid to a resident of the other Contracting State shall be taxable only in that other State if such resident is the beneficial owner of the interest provided that the payer or the recipient of the interest is a Contracting State or a political or administrative-territorial subdivision or a local authority or central bank thereof, or the State Oil Fund of the Republic of Azerbaijan; and

(b) interest arising in Azerbaijan and paid to a resident of Canada shall be taxable only in Canada if it is paid in respect of a loan made, guaranteed or insured, or a credit extended, guaranteed or insured by Export Development Canada.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. However, the term "interest" does not include income dealt with in Article 10.

5. The provisions of paragraph 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether the payer is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount that would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

## **ARTICLE 12**

### **Royalties**

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and

according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed

(a) 5 per cent of the gross amount of the royalties in the case of royalties for the use of, or the right to use, computer software or any patent or for information concerning industrial, commercial or scientific experience (but not including any such royalty provided in connection with a rental or franchise agreement); and

(b) 10 per cent of the gross amount of the royalties in all other cases.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work, any computer software, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial or scientific equipment, or for information concerning industrial, commercial or scientific experience (know-how), and includes payments of any kind in respect of motion picture films and works on film, videotape or other means of reproduction for use in connection with television.

4. The provisions of paragraph 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether the payer is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

## **ARTICLE 13**

### **Capital Gains**

1. Gains derived by a resident of a Contracting State from the alienation of immovable property situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has or had in the other Contracting State or of movable property pertaining to a fixed base that is or was available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such a fixed base, may be taxed in that

other State.

3. Gains derived by an enterprise of a Contracting State from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft shall be taxable only in that State.

4. Gains derived by a resident of a Contracting State from the alienation of:

(a) shares or other corporate rights, the value of which is derived principally from immovable property situated in that other State; or

(b) an interest in a partnership or trust, the value of which is derived principally from immovable property situated in that other State

may be taxed in that other State. For the purposes of this paragraph, the term "immovable property" does not include any property, other than rental property, in which the business of the company, partnership or trust is carried on.

5. Gains from the alienation of any property, other than that referred to in paragraphs 1, 2, 3 and 4, shall be taxable only in the Contracting State of which the alienator is a resident.

## **ARTICLE 14**

### **Independent Personal Services**

1. Income derived by an individual who is a resident of a Contracting State in respect of professional or similar services of an independent character shall be taxable only in that State unless the individual has a fixed base regularly available in the other Contracting State for the purpose of performing the services. If the individual has or had such a fixed base, the income may be taxed in the other State but only so much of it as is attributable to that fixed base.

2. The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists, accountants and auditors.

3. Notwithstanding the provisions of paragraph 1, income derived by an individual who is a resident of a Contracting State in respect of professional services or similar services of an independent character, may be taxed in the other Contracting State if the individual is present in the other State for a period or periods amounting to or exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned. In that case, only so much of the income as is derived from the individual's activities performed in that other State may be taxed in that other State.

## **ARTICLE 15**

### **Dependent Personal Services**

1. Subject to the provisions of Articles 16, 18 and 19, salaries, wages and other remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be

taxable only in the first-mentioned State if:

- (a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the calendar year concerned, and
  - (b) the remuneration is paid by, or on behalf of, a person who is not a resident of the other State, and
  - (c) such remuneration is not borne by a permanent establishment or a fixed base which the person has in the other State.
3. Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised aboard a ship or aircraft operated in international traffic by an enterprise of a Contracting State may be taxed in that State.

## **ARTICLE 16**

### **Directors' Fees**

Directors' fees and other similar payments derived by a resident of a Contracting State in the capacity as a member of the board of directors or a similar organ of a company which is a resident of the other Contracting State may be taxed in that other State.

## **ARTICLE 17**

1. Notwithstanding the provisions of Articles 14 and 15, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, variety, radio or television artiste, or a musician, or as a sportsperson, from that resident's personal activities as such exercised in the other Contracting State, may be taxed in that other State.
2. Where income in respect of personal activities exercised by an entertainer or a sportsperson in that individual's capacity as such accrues not to the entertainer or sportsperson personally but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsperson are exercised.
3. The provisions of paragraph 2 shall not apply if it is established that neither the entertainer or the sportsperson nor persons related thereto participate directly or indirectly in the profits of the person referred to in that paragraph.
4. The provisions of paragraphs 1 and 2 shall not apply to income derived from activities performed in a Contracting State by a resident of the other Contracting State in the context of a visit in the first-mentioned State of a non-profit organization of the other State, if the visit is primarily supported by public funds.

## **ARTICLE 18**

## **ARTICLE 21**

### **Other Income**

1. Subject to the provisions of paragraph 2 and 3, items of income of a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Convention shall be taxable only in that State.

2. The provisions of paragraph 1 shall not apply to income, other than income from immovable property as defined in paragraph 2 of Article 6, if the recipient of such income, being a resident of a Contracting State, carries on a business in the other Contracting State through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the income paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the

case may be, shall apply.

3. Notwithstanding the provisions of paragraphs 1 and 2, items of income of a resident of a Contracting State not dealt with in the foregoing Articles of this Convention and arising in the other Contracting State may also be taxed in that other State. Where such income is income from a trust, other than a trust to which contributions were deductible, the tax so charged shall, if the income is taxable in the Contracting State in which the beneficial owner is a resident, not exceed 15 per cent of the gross amount of the income.

## **IV. TAXATION OF CAPITAL**

#### **Capital**

1. Capital represented by immovable property owned by a resident of a Contracting State and situated in the other Contracting State may be taxed in that other State.
2. Capital represented by movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or by movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, may be taxed in that other State.

### **ARTICLE 23**

#### **Elimination of Double Taxation**

1. In the case of Azerbaijan, double taxation shall be avoided as follows: where a resident of Azerbaijan derives income or owns capital which, in accordance with the provisions of this Convention, may be taxed in Canada, the tax on this income or capital paid in Canada shall be deducted from tax collected from this person in Azerbaijan in respect of such income or capital. Such deduction shall not, however, exceed the tax amount computed for such income or capital according to the legislation and taxation rules of Azerbaijan.

2. In the case of Canada, double taxation shall be avoided as follows:
  - (a) subject to the existing provisions of the law of Canada regarding the deduction from tax payable in Canada of tax paid in a territory outside Canada and to any subsequent modification of those provisions - which shall not affect the general principle hereof - and unless a greater deduction or relief is provided under the laws of Canada, tax payable in Azerbaijan on profits, income or gains arising in Azerbaijan shall be deducted from any Canadian tax payable in respect of such profits, income or gains; and
  - (b) where, in accordance with any provision of the Convention, income derived or capital owned by a resident of Canada is exempt from tax in Canada, Canada may nevertheless, in calculating the amount of tax on other income or capital, take into account the exempted income or capital.
3. For the purposes of this Article, profits, income or gains of a resident of a Contracting State that may be taxed in the other Contracting State in accordance with this Convention shall be deemed to arise from sources in that other State.

## **VI. SPECIAL PROVISIONS**

### **ARTICLE 24**

#### **Non-Discrimination**

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith which is more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected.
2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities.
3. Nothing in this Article shall be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities that it grants to its own residents.
4. Enterprises of Azerbaijan, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of Canada, shall not be subjected in Azerbaijan to any taxation or any requirement connected therewith which is more burdensome than the taxation and connected requirements to which other similar enterprises of Azerbaijan are or may be subjected.

Enterprises of Canada, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of Azerbaijan, shall not be subjected in Canada to any taxation or any requirement connected therewith which is more burdensome than the taxation and connected requirements to which other similar enterprises that are residents of Canada, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of a third State, are or may be subjected.

## **ARTICLE 25**

### **Mutual Agreement Procedure**

1. Where a person considers that the actions of one or both of the Contracting States result or will result for that person in taxation not in accordance with the provisions of this Convention, that person may, irrespective of the remedies provided by the domestic law of those States, address to the competent authority of the Contracting State of which that person is a resident an application in writing stating the grounds for claiming the revision of such taxation. To be admissible, the said application must be submitted within two years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.
2. The competent authority referred to in paragraph 1 shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.
3. A Contracting State shall not, after the expiry of the time limits provided in its domestic laws and, in any case, after five years from the end of the taxable period to which the income concerned was attributed, increase the tax base of a resident of either of the Contracting States by including therein items of income that have also been charged to tax in the other Contracting State. This paragraph shall not apply in the case of fraud, wilful default or neglect.
4. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention.
5. The competent authorities of the Contracting States may consult together for the elimination of double taxation in cases not provided for in the Convention and may communicate with each other directly for the purpose of applying the Convention.

### **Exchange of Information**

1. The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Convention or of the domestic laws in the Contracting States concerning taxes of every kind and description imposed by the Contracting States insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Articles 1 and 2. that or of the other Contracting State;

- (b) to supply information that is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- (c) to supply information that would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

3. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall endeavour to obtain the information to which the request relates in the same way as if its own taxation were involved, even though the other State does not, at that time, need such information.

**THE GOVERNMENT OF CANADA**  
**FOR THE AVOIDANCE OF DOUBLE TAXATION AND**  
**THE PREVENTION OF FISCAL EVASION**  
**WITH RESPECT TO TAXES ON INCOME AND ON CAPITAL**

At the moment of signing the Convention between the Government of the Republic of Azerbaijan and the Government of Canada for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and on capital, the undersigned have agreed that the following provisions shall form an integral part of the Convention.

1. With reference to paragraph 5 of Article 5, it is understood that a person, who is authorized to negotiate in a Contracting State all elements and details of a contract in a way binding on an enterprise, can be said to exercise this authority in that State, even if the contract is signed by another person in the State in which the enterprise is situated.

2. It is agreed that nothing in the Convention shall be construed as preventing a Contracting State from imposing on the income of a company attributable to a permanent establishment in that State, or the income attributable to the alienation of immovable property situated in that State by a company carrying on a trade in immovable property, a tax in addition to the tax that would be chargeable on the income of a company that is a national of that State, except that any additional tax so imposed shall not exceed 10 per cent of the amount of such income that have not been subjected to such additional tax in previous taxation years. For the purpose of this provision, the term "income" means the income attributable to the alienation of such immovable property situated in a Contracting State as may be taxed by that State under the provisions of Article 6 or of paragraph 1 of Article 13, and the profits, including any gains, attributable to a permanent establishment in a Contracting State in a year and previous years, after deducting therefrom all taxes, other than the additional tax referred to herein, imposed on such profits in that State.

3. With reference to paragraph 4 of Article 11, it is agreed that, in the case of Canada, the term "interest" shall not include income from debt-claims carrying a right to participate in the debtor's profits but shall include income which is subjected to the same taxation treatment as income from money lent by the laws of Canada.

4. With reference to Article 13, where an individual who ceases to be a resident of a Contracting State, and immediately thereafter becomes a resident of the other Contracting State, is treated for the purposes of taxation in the first-mentioned State as having alienated a property and is taxed in that State by reason thereof, the individual may elect to be treated for purposes of taxation in the other State as if the individual had, immediately before becoming a resident of that State, sold and repurchased the property for an amount equal to its fair market value at that time.

5. With reference to Article 18, it is agreed that the following rules apply.

- (a) Pensions arising in a Contracting State and paid to a resident of the other Contracting State may be also be taxed in the State in which they arise and according to the law of that State, but in the case of periodic pension payments (including payments under the social security legislation of a Contracting State), the tax so charged shall not exceed 15 per cent of the gross amount of such periodic pension payments paid to the recipient in the calendar year concerned that exceeds twelve thousand Canadian dollars or its equivalent in Azerbaijani manat.
- (b) Notwithstanding anything in this Convention, war pensions and allowances (including pensions and allowances paid to war veterans or paid as a consequence of damages or injuries suffered as a consequence of a war) arising in a Contracting State and paid to a resident of the other Contracting State shall be exempt from tax in that other State to the extent that they would be exempt from tax if received by a resident of the first-mentioned State.

6. Irrespective of the fact that a Contracting State is or may become a signatory to the General Agreement on Trade in Services (GATS) or to other international agreements, the Contracting States shall, in their tax relations, be governed by the provisions of the Convention.

7. Nothing in the Convention shall be construed as preventing a Contracting State from imposing a tax on amounts included in the income of a resident of that State with respect to a partnership, trust, or company, in which that resident has an interest.

8. The Convention shall not apply to any company, trust or other entity that is a resident of a Contracting State and is beneficially owned or controlled, directly or indirectly, by one or more persons who are not residents of that State, if the amount of the tax imposed on the income or capital of the company, trust or other entity by that State is substantially lower than the amount that would be imposed by that State if all of the shares of the capital stock of the company or all of the interests in the trust or other entity, as the case may be, were beneficially owned by one or more individuals who were residents of that State.

9. The provisions of the Convention shall not be construed to restrict in any manner any exemption, allowance, credit or other deduction accorded by the laws of a Contracting State in the determination of the tax imposed by that State.

**IN WITNESS WHEREOF** the undersigned, being duly authorized thereto by their respective Governments, have signed this Protocol.
