### Chapter III

#### Taxation of Income

#### **Article 6 Income From Immovable Property**

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other Contracting State.
2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

#### **Article 7 Business Profits**

1. The profits of an enterprise of a Contracting State shall be taxable only in that Contracting State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other Contracting State, but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the Contracting State in which the permanent establishment is situated or elsewhere, but this does not include any expenses which under the law of that Contracting State would not be allowed to be deducted by an enterprise of that Contracting State.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles laid down in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

### **Article 8 Shipping, Air Transport and Containers**

2. Income of an enterprise of a Contracting State derived from the other Contracting State from the operation of ships in international traffic may be taxed in that other Contracting State, but the tax chargeable in that other Contracting State on such income shall be reduced by an amount equal to fifty per cent of such tax.

3. The provisions of paragraphs 1 and 2, as the case may be, shall also apply to profits of an enterprise of a Contracting State from the use, maintenance or rental of containers (including trailers and related equipment for the transport of containers) used for the transport of goods or merchandise, except insofar as those containers or trailers and related equipment are used for transport solely between places within the other Contracting State.

4. The provisions of paragraphs 1, 2 and 3 shall also apply to profits derived from the participation in a pool, a joint business or an international operating agency.

5. The provisions of paragraphs 1, 2, 3 and 4 shall apply to profits derived by the joint Norwegian, Danish and Swedish air transport consortium, known as the Scandinavian Airlines System (SAS), but only insofar as profits derived by SAS Norge ASA, the Norwegian partner of the Scandinavian Airlines System (SAS), are in proportion to its share in that organisation.

### **Article 9 Associated Enterprises**

Where-

a. an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

b. the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State, and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

### **Article 10 Dividends**

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that Contracting State, but if the recipient is the beneficial owner of the dividends the tax so charged shall not exceed:

a. 10 per cent of the gross amount of the dividends if the beneficial owner is a company which holds directly at least 10 per cent of the capital of the company paying the dividends;

b. 15 per cent of gross amount of the dividends in all other cases.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. Where dividends are derived and beneficially owned by the Government of a Contracting State or a statutory body or any institution wholly owned by that Government, such dividends shall be taxable only in that Contracting State. The competent authorities may agree from time to time that dividends which are derived and beneficially owned by a statutory body or any institution mainly owned by a Government, shall be taxable only in that Contracting State.

4. The term "dividends" as used in this Article means income from shares, mining shares, founder's shares, or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the Contracting State of which the company making the distribution is a resident.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such a permanent establishment or fixed base. In such a case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other Contracting State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other Contracting State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other Contracting State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other Contracting State.

### **Article 11 Interest**

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of the Contracting State, but if the recipient is the beneficial owner of the interest the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State shall be exempt from tax in that Contracting State if it is derived and beneficially owned by the Government of a Contracting State. For the purposes of this paragraph, the term "Government in a Contracting State" shall include:

a. In the case of Norway:

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest

arises, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that Contracting State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other persons, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that Contracting State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the obligation to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last mentioned amount. c. where a resident of Bangladesh derives income which, in accordance with the provisions of this Convention, shall be taxable only in Norway, Bangladesh may include this income in the tax base, but shall allow as a deduction from the Bangladesh tax that part of the income tax, which is attributable to the income derived from Norway.

#### Chapter V

#### Special Provisions

### **Article 23 Non-Discrimination**

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other Contracting State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. Stateless persons who are residents of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which nationals of that other Contracting State in the same circumstances, in particular with respect to residence, are or may be subjected.

3. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other Contracting State than the taxation levied on enterprises of that other Contracting State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other

Contracting State any personal allowances, relief and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

4. Except where the provisions of Article 9, paragraph 7 of article 11, or paragraph 6 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first mentioned State.

5. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first mentioned State are or may be subjected.

6. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

#### **Article 24 Mutual Agreement Procedure**

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 23, to that of the Contracting State of which he is a national. The case must be presented within three years from the receipt of the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.

4. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs. When it seems advisable in order to reach agreement to have an oral exchange of opinions, such exchange may take place through a commission consisting of representatives of the competent authorities of both of the Contracting States.

#### **Article 25 Exchange of Information**

1. The competent authorities of the Contracting States shall exchange such information as is relevant for carrying out the provisions of this Convention or of the domestic laws of the Contracting States concerning taxes established by the Contracting States insofar as the taxation thereunder is not contrary to this Convention. The exchange of information shall apply to taxes of every kind and description and is not restricted by Article 1. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that Contracting State and shall be disclosed only to persons or authorities (including courts and administrative bodies) involved in the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, the taxes imposed on behalf of that Contracting State. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

2. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:

- a. to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- b. to supply information which is not obtainable under the laws or in the normal course of the administration of that or the other Contracting State;
- c. to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

#### **Article 26 Assistance in Collection**

1. The Contracting States shall undertake to lend assistance to each other in the collection of taxes of every kind and description imposed on behalf of the Contracting States, or their political subdivisions or local authorities unless imposed contrary to this Convention together with interest, costs and additions to the taxes and administrative penalties referred to under this Article as "revenue claims". Assistance in the collection of taxes is not restricted by Articles 1 and 2.
2. Revenue claims of each of the Contracting States as to which the taxpayer has no right to prevent collection in the applicant Contracting State shall be accepted for enforcement by the requested Contracting State and collected in that Contracting State in accordance with the laws applicable to the enforcement and collection of its own taxes except in relation to time limits and to priority. Time limits shall be governed solely by the laws of the applicant Contracting State. A revenue claim accepted for collection shall not have in the requested Contracting State any priority accorded to the revenue claims of the requested or applicant Contracting State.
3. The request for collection by a Contracting State shall be accompanied by such documentation as is required by the laws of that Contracting State or as agreed to by the competent authorities of each Contracting State to establish that the taxes owed by the taxpayer are enforceable in the applicant Contracting State and that the taxpayer has no right to prevent collection in the applicant Contracting State.
4. At the request of the applicant Contracting State, the requested Contracting State shall, with a view to the collection of an amount of tax, take measures of conservancy even if the claim is a claim as to which the taxpayer may have a right to prevent collection in the applicant Contracting State.
5. It is understood that unless otherwise agreed by the competent authorities of both of the Contracting States:
  - a. ordinary costs incurred by a Contracting State in providing assistance shall be borne by that Contracting State;
  - b. extraordinary cost incurred by a Contracting State in providing assistance shall be borne by the other Contracting State and shall be payable regardless of the amount collected on its behalf by the first mentioned State. As soon as a Contracting State anticipates that extraordinary costs may be incurred, it shall so advise the other Contracting State and indicate the estimated amount of such costs. The competent authorities of the Contracting States may settle the mode of application of this paragraph.
6. In no case shall the provisions of the present Article be construed so as to impose on the requested Contracting State the obligation:
  - a. to carry out measures at variance with its own laws or administrative practice or the laws or administrative practice of the applicant Contracting State;
  - b. to carry out measures which it considers contrary to public policy (ordre public), to generally accepted taxation principles or to its essential interests;
  - c. to provide assistance, except with respect to measures of conservancy, if the applicant Contracting State has not pursued all means available in its own territory except where recourse to such means would give rise to disproportionate difficulty.

### **Article 27 Members of Diplomatic Missions and Consular Posts**

Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

#### Final Provisions

### **Article 28 Entry Into Force**

1. The Governments of the Contracting States shall notify each other that the constitutional requirements for the entry into force of this Convention have been complied with.
2. This Convention shall enter into force on the date of the latter of the notifications referred to in paragraph 1 and its provision shall have effect:
  - a. in Norway: in respect of taxes on income relating to the calendar year (including accounting periods beginning in any such year) next following that in which this Convention enters into force and subsequent years;
  - b. in Bangladesh: for any year of assessment beginning on or after July 1 in the calendar year next following that in which this Convention enters into force.

### **Article 29 Termination**

This Convention shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Convention, through diplomatic channels, by giving to the other Contracting State,

written notice of termination not later than the 30th June of any calendar year from the fifth year following that in which the Convention enters into force. In such event, the Convention shall cease to have effect:

a. in Norway: in respect of taxes on income relating to the calendar year (including accounting periods beginning in such year) next following that in which the notice is given;

b. in Bangladesh: for any year of assessment beginning on or after July 1 in the calendar year next following that in which the notice of termination is given.

In witness whereof, the undersigned, duly authorized thereto, by their respective Governments, have signed this Convention.

Done in duplicate at Dhaka this 15th day of September of the year two thousand and four in the English language.
