AGREEMENT BETWEEN THE SWISS CONFEDERATION AND THE PEOPLE'S REPUBLIC OF BANGLADESH FOR THE AVOIDANCE OF DOUBLE TAXATION WITH RESPECT TO TAXES ON INCOME

The Swiss Federal Council and the Government of the People's Republic of Bangladesh desiring to conclude an Agreement for the avoidance of double taxation with respect to taxes on income, have agreed as follows:

Article 1 Personal Scope

This Agreement shall apply to persons who are residents of one or both of the Contracting States.

Article 2 Taxes Covered

1. This Agreement shall apply to taxes on income imposed on behalf of a Contracting State or of its political subdivisions or local authorities, irrespective of the manner in which they are levied.
2. There shall be regarded as taxes on income, all taxes imposed on total income, or on elements of income, including taxes on gains from the alienation of movable or immovable property.
3. The existing taxes to which the Agreement shall apply are:
 - (a) in the case of Bangladesh:
the income tax, hereinafter referred to as "Bangladesh tax";
 - (b) in the case of Switzerland:
the federal, cantonal and communal taxes on income (total income, earned income, income from capital, industrial and commercial profits, capital gains, and other items of income), hereinafter referred to as "Swiss tax".
4. This Agreement shall also apply to any identical or substantially similar taxes which are imposed after the date of signature of this Agreement in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes which have been made in their respective taxation laws.

Article 3 General Definitions

1. In this Agreement, unless the context otherwise requires:

 - (e) the term "company" means any body corporate or any entity which is treated as a body corporate for tax purposes;
 - (f) the terms "enterprise of a Contracting State" and "enterprise of the other Contracting State" mean respectively an enterprise carried on by a resident of a Contracting State and an enterprise carried on by a resident of the other Contracting State;

2. As regards the application of the Agreement at any time by a Contracting State, any term not defined in the Agreement shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that State for the purposes of the taxes to which the Agreement applies, any meaning under the applicable tax laws of that State prevailing over a meaning given to the term under other laws of that State.

Article 4 Resident

1. For the purposes of this Agreement, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax in that Contracting State by reason of his domicile, residence, place of management or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

(a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);

(b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident only of the State in which he has an habitual abode;

(c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident only of the State of which he is a national;

(d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the Contracting State in which its place of effective management is situated.

Article 5 Permanent Establishment

1. For the purposes of this Agreement, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

(a) a place of management;

(b) a branch;

(c) an office;

(d) a factory;

(e) a workshop;

(f) a warehouse, in relation to a person providing storage facilities for others; and

(g) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

3. A building site or construction, installation or assembly project constitutes a permanent establishment only if it lasts more than 183 days.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall not include:

(a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

(d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information for the enterprise;

(e) the maintenance of a fixed place of business solely for the purpose of advertising, for the supply of information, for scientific research or for similar activities which have a preparatory or auxiliary character, for the enterprise;

(f) an installation or assembly project carried on by an enterprise of a Contracting State in the other Contracting State in connection with the delivery of machinery or equipment produced by that enterprise;

(g) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs (a) to (f), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that Contracting State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other Contracting State, whether through a permanent establishment or otherwise, shall not of itself constitute either company a permanent establishment of the other.

Article 6 Income From Immovable Property

1. Income derived by a resident of a Contracting State from immovable property, including income from agriculture or forestry, situated in the other Contracting State may be taxed in that other Contracting State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7 Business Profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that Contracting State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated in the other Contracting State. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other Contracting State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated in the other Contracting State, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles laid down in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8 Shipping and Air Transport

1. Profits from the operation of aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. Profits arising in a Contracting State and derived from the operation of ships in international traffic by an enterprise having its place of effective management in the other Contracting State may be taxed in the first mentioned State but the tax chargeable in that State shall be reduced by an amount equal to fifty per cent of such tax.

3. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.

4. The provisions of paragraphs 1 and 2 shall also apply to profits from participation in a pool, a joint business or an international operating agency.

Article 9 Associated Enterprises

Where

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State, and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

Article 10 Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other Contracting State.

2. Such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that Contracting State, but if the recipient is the beneficial owner of the dividends the tax so charged shall not exceed:

(a) 10 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 20 per cent of the capital of the company paying the dividends;

(b) 15 per cent of the gross amount of the dividends in all other cases.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares, mining shares, founders' shares, or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the Contracting State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated in the other Contracting State, or performs in that other State independent personal services from a fixed base situated in the other Contracting State, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other Contracting State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other Contracting State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other Contracting State, nor subject the

company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other Contracting State.

Article 11 Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.
2. Such interest may also be taxed in the Contracting State in which it arises and according to the laws of that Contracting State, but if the recipient is the beneficial owner of the interest the tax so charged shall not exceed 10 per cent of the gross amount of the interest.
3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and paid to a resident of the other Contracting State who is the beneficial owner thereof shall be exempt from tax in the first-mentioned State, if it is paid:
 - (a) by virtue of a contract of financing or of delay in payment relating to the sale of industrial, commercial or scientific equipment or to the construction of industrial, commercial or scientific installations as well as of public works;
 - (b) to the other Contracting State, a political subdivision or a local authority thereof.
4. The term "interest" as used in this article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.
5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.
7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 12 Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.
2. Such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that Contracting State, but if the recipient is the beneficial owner of the royalties the tax so charged shall not exceed 10 per cent of the gross amount of the royalties.
3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that Contracting State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the obligation to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 13 Capital Gains

1. Capital gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Capital gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment, alone or with the whole enterprise, or of such fixed base, may be taxed in the that other Contracting State.

(b) if his stay in the other Contracting State is for a period or periods amounting to or exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned; in that case, only so much of the income as is derived from his activities performed in that other State may be taxed in that other State.

2. The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

Article 15 Dependent Personal Services

1. Subject to the provisions of Articles 16, 18 and 19, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that Contracting State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other Contracting State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned Contracting State if:

This paragraph shall not apply if it is established that neither the entertainer or the athlete himself, nor persons related to him, participate directly in the profits of such person.

3. Paragraphs 1 and 2 shall not apply to income from activities performed by entertainers or athletes if such income is derived directly or indirectly in a substantial manner from public funds of the other Contracting State, a political subdivision or a local authority thereof.

(ii) did not become a resident of that State solely for the purpose of rendering the services.

Article 22 Elimination of Double Taxation

1. In the case of Bangladesh, double taxation shall be avoided as follows:
 - (a) Where a resident of Bangladesh derives income which, in accordance with the provisions of this Agreement, may be taxed in Switzerland, Bangladesh shall allow as a deduction from the tax on the income of that resident, an amount equal to the income tax paid in Switzerland. Such deduction shall not, however, exceed that part of the income tax as computed before the deduction is given, which is attributable to the income which may be taxed in Switzerland.
 - (b) Where, in accordance with any provision of the Agreement, income derived by a resident of Bangladesh is exempt from tax in Bangladesh, Bangladesh may nevertheless, in calculating the amount of tax on the remaining income of such resident, take into account the exempted income.
 2. In the case of Switzerland, double taxation shall be avoided as follows:
 - (a) Where a resident of Switzerland derives income which, in accordance with the provisions of this Agreement, may be taxed in Bangladesh, Switzerland shall, subject to the provisions of subparagraphs (b) and (c), exempt such income from tax but may, in calculating tax on the remaining income of that resident, apply the rate of tax which would have been applicable if the exempted income had not been so exempted. However, such exemption shall apply to gains referred to in paragraph 4 of Article 13 only if actual taxation of such gains in Bangladesh is demonstrated.
 - (b) Where a resident of Switzerland derives profits from sources within Bangladesh which, in accordance with paragraph 2 of Article 8, are subject to tax in Bangladesh, the Swiss tax charged on those profits shall be reduced by one half.
 - (c) Where a resident of Switzerland derives dividends, interest or royalties which, in accordance with the provisions of Article 10, 11 or 12, may be taxed in Bangladesh, Switzerland shall allow, upon request, a relief to such resident. The relief may consist of:
 - (i) a deduction from the tax on the income of that resident of an amount equal to the tax levied in Bangladesh in accordance with the provisions of Articles 10, 11 and 12; such deduction shall not, however, exceed that part of the Swiss tax, as computed before the deduction is given, which is appropriate to the income which may be taxed in Bangladesh; or
 - (ii) a lump sum reduction of the Swiss tax; or
 - (iii) a partial exemption of such dividends, interest or royalties from Swiss tax, in any case consisting at least of the deduction of the tax levied in Bangladesh from the gross amount of the dividends, interest or royalties.
- Switzerland shall determine the applicable relief and regulate the procedure in accordance with the Swiss provisions relating to the carrying out of international conventions of the Swiss Confederation for the avoidance of double taxation.
- (d) A company which is a resident of Switzerland and which derives dividends from a company which is a resident of Bangladesh shall be entitled, for the purposes of Swiss tax with respect to such dividends, to the same relief which would be granted to the company if the company paying the dividends were a resident of Switzerland.

Article 23 Non-Discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article I, also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other Contracting State than the taxation levied on enterprises of that other Contracting State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.
3. Except where the provisions of Article 9, paragraph 7 of Article 11, or paragraph 6 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned Contracting State.
4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned Contracting State are or may be subjected.
5. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

Article 24 Mutual Agreement Procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Agreement, he may, irrespective of the remedies provided by the domestic law of those Contracting States, present his case to the competent authority of the Contracting State of which he is a resident or if his case comes under paragraph 1 of Article 23, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Agreement.
2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement.
3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement. They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.
4. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs. When it seems advisable in order to reach agreement to have an oral exchange of opinions, such exchange may take place through a commission consisting of representatives of the competent authorities of the Contracting States.

Article 25 Exchange of Information

1. Article 26 Members of Diplomatic Missions and Consular Posts

(b) he is liable in the sending State to the same obligations in relation to tax on his total income as are residents of that State.

3. The Agreement shall not apply to international organisations, to organs or officials of international organisations and to persons who are members of a diplomatic mission, consular post or permanent mission of a third State, being present in a Contracting State and not treated in either Contracting State as residents in respect of taxes on income.

PROTOCOL

At the date of signature of the Agreement between the People's Republic of Bangladesh and the Swiss Confederation for the avoidance of double taxation with respect to taxes on income, the undersigned have agreed that the following provision shall form an integral part of the Agreement:

1. With reference to Article 7

In respect of paragraphs 1 and 2 of Article 7, where an enterprise of a Contracting State sells goods or merchandise or carries on business in the other State through a permanent establishment situated therein, the profits of that permanent establishment shall not be determined on the basis of the total amount received by the enterprise, but shall be determined only on the basis of that part of the total receipts which is attributable to the actual activity of the permanent establishment for such sales or business.

In the case of contracts for the survey, supply, installation or construction of industrial, commercial or scientific equipment or premises, or of public works, when the enterprise has a permanent establishment, the profits of such permanent establishment shall not be determined on the basis of the total amount of the contract, but shall be determined only on the basis of that part of the contract which is effectively carried out by the permanent establishment in the State where the permanent establishment is situated.

The profits related to that part of the contract which is carried out by the head office of the enterprise shall be taxable only in the State of which the enterprise is a resident.

2. With reference to Articles 7 and 12

It is understood that payments received as a consideration for the use of, or the right to use industrial, commercial or scientific equipment constitute business profits covered by Article 7.

3. With reference to Article 12

If in any convention for the avoidance of double taxation – or in any amendment to such convention – signed after the date of signature of this Agreement by Bangladesh and a third State, Bangladesh agrees to exempt royalties arising in Bangladesh from Bangladesh tax or agrees to tax royalties at a lower rate of tax than the rate provided for in paragraph 2, then such exemption or lower rate shall automatically apply under this Agreement as if it were specified in paragraph 2 with effect from the date on which the provisions of that convention or amendment, as the case may be, or of this Agreement, whichever is the later, become effective.

4. With reference to Articles 18 and 19

It is understood that the terms “pensions” and “pension” as used in Articles 18 and 19, respectively, do not only cover periodic payments, but also include lump sum payments.
