3. The existing taxes to which this Convention shall apply are:

(a) in the case of Italy:

#### **Article 4**

## **Fiscal domicile**

1. For the purposes of this Convention, the term “resident of a Contracting State” means any person who, under the law of that State, is liable to taxation therein by reason of his domicile, residence, place of management or any other criterion of a similar nature.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then this case shall be determined in accordance with the following rules:

- (a) He shall be deemed to be a resident of the Contracting State in which he has a permanent home available to him. If he has a permanent home available to him in both Contracting States, he shall be deemed to be a resident of the Contracting State with which his personal and economic relations are closest (centre of vital interests);
- (b) If the Contracting State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either Contracting State, he shall be deemed to be a resident of the Contracting State in which he has an habitual abode;
- (c) If he has an habitual abode in both Contracting States or in neither of them, he shall be deemed to be a resident of the Contracting State of which he is a national;
- (d) If he is a national of both Contracting States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident of the Contracting State in which its place of effective management is situated.

## **Article 5**

### **Permanent establishment**

1. For the purposes of this Convention, the term “permanent establishment” means a fixed place of business in which the business of an enterprise is wholly or partly carried on.

2. The term “permanent establishment” shall include especially:

- (a) a place of management;
- (b) a branch;
- (c) an office;
- (d) a factory;
- (e) a workshop;
- (f) a mine, a quarry or any other place of extraction of natural resources;
- (g) a building site or construction or assembly project which exists for more than six months.

3. The term “permanent establishment” shall not be deemed to include:

- (a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or for collecting information, for the enterprise;
- (e) the maintenance of a fixed place of business solely for the purpose of advertising, for the supply of information, for scientific research or for similar activities which have a preparatory or auxiliary character, for the enterprise.

4. A person acting in a Contracting State on behalf of an enterprise of the other Contracting State--other than an agent of an independent status to whom paragraph 5 applies--shall be deemed to be a permanent establishment in the first-mentioned State if he has, and habitually exercises in that State, an authority to conclude contracts in the name of the enterprise, unless his activities are limited to the purchase of goods or merchandise for the enterprise.

5. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, where such persons are acting in the ordinary course of their business.

6. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute for either company a permanent establishment of the other.

### **Chapter III**

#### **Taxation of income**

#### **Article 6**

##### **Income from immovable property**

1. Income from immovable property may be taxed in the Contracting State in which such property is situated.

2. The term "immovable property" shall be defined in accordance with the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments, as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of professional services.

#### **Article 7**

##### **Business profits**

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.
2. Where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.
4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles laid down in this Article.
5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

## **Article 8**

### **Shipping and air transport**

1. Profits from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.
2. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.
3. The exemption provided in paragraph 1 of this Article shall apply to a share of the profits from the operation of ships or aircraft in international traffic derived by an enterprise of a Contracting State through participation in a pooled service, in a joint air transport operation or in an international operating agency.

## **Article 9**

### **Associated enterprises**

Where -

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

## **Article 10**

### **Dividends**

Dividends arising in a Contracting State and paid to a resident of the other Contracting State, shall be taxable as follows:

- (a) As respects Cyprus: Dividends paid by a company which is a resident of Cyprus to a resident of Italy shall be exempt from any tax in Cyprus which is chargeable on dividends in addition to the tax chargeable in respect of the profits or income of the company;
- (b) As respects Italy: Dividends paid by a company which is a resident of Italy to a resident of Cyprus may be taxed in Italy but the tax so charged shall not exceed 15 per cent of the gross amount of the dividends.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

2. The term “dividends” as used in this Article means income from shares, “jouissance” shares or “jouissance” rights, mining shares, founders’ shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights assimilated to income from shares by the taxation law of the State of which the company making the distribution is a resident.

3. The provisions of paragraph 1 shall not apply if the recipient of the dividends, being a resident of a Contracting State, has in the other Contracting State, of which the company paying the dividends is a resident, a permanent establishment with which the holding by virtue of which the dividends are paid is effectively connected. In such a case, the dividends are taxable in that other Contracting State according to its own law.

4. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company to persons who are not residents of that other State, or subject the company’s undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

## **Article 11**

### **Interest**

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may be taxed in the Contracting State in which it arises, and according to the law of that State, but the tax so charged shall not exceed 10 per cent of the amount of the interest. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. The term “interest” as used in this Article means income from Government securities, bonds or debentures, whether or not secured by mortgage and whether or not carrying a right to participate in profits, and debt-claims of every kind as well as all other income assimilated, by the taxation law of the State in which the income arises, to income from money lent.

4. The provisions of paragraphs 1 and 2 shall not apply if the recipient of the interest, being a resident of a Contracting State, has in the other Contracting State in which the interest arises a permanent establishment with which the debt-claim from which the interest arises is effectively connected. In such a case, the interest is taxable in that other Contracting State according to its own law.

5. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, an administrative subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

6. Where, owing to a special relationship between the payer and the recipient or between both of them and some other person, the amount of the interest paid, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the recipient in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In that case, the excess part of the payments shall remain taxable according to the law of each Contracting State, due regard being had to the other provisions of this Convention.

## **Article 12**

### **Royalties**

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State shall be taxable only in that other State.

2. The term “royalties” as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial, or scientific equipment, or for information concerning industrial, commercial or scientific experience.

3. The provisions of paragraph 1 shall not apply if the recipient of the royalties, being a resident of a Contracting State, has in the other Contracting State in which the royalties arise a permanent establishment with which the right or property giving rise to the royalties is effectively connected. In such a case, the royalties are taxable in that other Contracting State according to its own law. 4. Where, owing to a special relationship between the payer and the recipient or between both of them and some other person, the amount of the royalties paid, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the recipient in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In that case, the excess part of the payments shall remain taxable according to the law of each Contracting State, due regard being had to the other provisions of this Convention.

## **Article 13**

### **Capital gains**

1. Gains from the alienation of immovable property, as defined in paragraph 2 of Article 6, may be taxed in the Contracting State in which such property is situated.

2. Gains from the alienation of movable property may be taxed in the Contracting State of which the alienator is a resident.

3. The provisions of paragraph 2 shall not apply if the alienator, being a resident of a Contracting State, has in the other Contracting State a permanent establishment or a fixed base, and the movable property is attributable to that permanent establishment or to that fixed base, or the alienation of movable property takes place in that other Contracting State. In that case capital gains may be taxed in that other Contracting State according to its own law.

Paragraph 2 shall neither apply, where the movable property alienated produces an income of the kind referred to in Articles 10, 11 and 12, and such income is taxable according to the provisions of paragraph 3 of Article 10, paragraph 4 of Article 11 or paragraph 3 of Article 12; in that case capital gains may be taxed in that Contracting State, in which the income referred to is taxable.

#### **Article 14** **Independent personal services**

Income derived by a resident of a Contracting State in respect of professional services or other independent activities of a similar character shall be taxable only in that State unless he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities. If he has such a fixed base, the income may be taxed in the other Contracting State but only so much of it as is attributable to that fixed base. 2. The term “professional services” includes, especially, independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

#### **Article 15** **Dependent personal services**

1. Subject to the provisions of Articles 16, 18 and 19, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

- (a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in the fiscal year concerned, and
- (b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State, and
- (c) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in the other State.

3. Notwithstanding the preceding provisions of this Article, remuneration in respect of an employment exercised aboard a ship or aircraft in international traffic may be taxed in the Contracting State in which the place of effective management of the enterprise is situated.

#### **Article 16** **Directors' fees**

Directors' fees and similar payments derived by a resident of a Contracting State in his capacity as a member of the board of directors of a company which is a resident of the other Contracting State may be taxed in that other State.

**Article 17**  
**Artists and athletes**

Notwithstanding the provisions of Articles 14 and 15, income derived by public entertainers, such as theatre, motion picture, radio or television artists, and musicians, and by athletes, from their personal activities as such may be taxed in the Contracting State in which these activities are exercised.

1. Remuneration, including pensions, paid by, or out of funds created by, a Contracting State or an administrative subdivision or a local authority thereof to any individual in respect of services rendered to that State or subdivision or local authority thereof in the discharge of functions of a governmental nature may be taxed in that State.

2. The provisions of Articles 15, 16 and 18 shall apply to remuneration or pensions in respect of services rendered in connection with any trade or business carried on by one of the Contracting States or an administrative subdivision or a local authority thereof.

**Article 20**  
**Researchers, professors and teachers**

A researcher, professor or teacher who makes a temporary visit to a Contracting State for a period not exceeding two years for the purpose of teaching or conducting research at a university, college, school or other educational institution, and who is, or immediately before such visit was, a resident of the other Contracting State shall be exempt from tax in the first-mentioned Contracting State in respect of remuneration for such teaching or research.

Payments which a student or business apprentice who is or was formerly a resident of a Contracting State and who is present in the other Contracting State solely for the purpose of his education or training receives for the purpose of his maintenance, education or training shall be exempt from tax in that other Contracting State, provided that such payments are made to him from outside that other Contracting State.

2. Remuneration which a student or business apprentice who is or was formerly a resident of a Contracting State derives from an employment which he exercises in the other Contracting State for the purpose of practical training for a period or periods not exceeding in the aggregate one year shall not be taxed in that other State.

**Elimination of Double Taxation**

1. It is agreed that double taxation shall be avoided in accordance with the following paragraphs of this Article.

2. In the case of Italy:

If a resident of Italy owns items of income which are taxable in Cyprus, Italy, in determining its income taxes specified in Article 2 of this Convention, may include in the basis upon which such taxes are imposed the said items of income, unless specific provisions of this Convention otherwise provide. In such case, Italy shall deduct from the taxes so calculated the income tax paid in Cyprus but in an amount not exceeding that proportion of the aforesaid Italian tax which such items of income bear to the entire income. The tax paid in Cyprus for which deduction is granted is only the pro rata amount corresponding to the foreign income which is included in the aggregate income.

However, no deduction shall be granted if the item of income is subjected in Italy to a substitute tax or to a final withholding tax, or to substitute taxation at the same rate as the final withholding tax, also be request of the recipient, in accordance with Italian law.

3. In the case of Cyprus:

Subject to the provisions of Cyprus Tax Law regarding credit for foreign tax, there shall be allowed as a credit against Cyprus tax payable in respect of any item of income derived from Italy the Italian tax paid under the laws of Italy and in accordance with this Convention. In particular, nationals of a Contracting State who are taxable in the other Contracting State shall, if they are residents of that other Contracting State, receive any personal allowances, reliefs and reductions for taxation purposes on account of civil status which that other Contracting State grants to its residents.

2. The term "nationals" means:

(a) all individuals possessing the nationality of a Contracting State;

- (b) all legal persons, partnerships and associations deriving their status as such from the law in force in a Contracting State.

3. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of that first-mentioned State are or may be subjected.

## **Article 25**

### **Mutual agreement procedure**

1. Where a resident of a Contracting State considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with this Convention, he may, notwithstanding the remedies provided by the national laws of those States, present his case to the competent authority of the Contracting State of which he is a resident. The claim must be lodged within two years from the date of the assessment or of the withholding of tax at the source, whichever is the later.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at an appropriate solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation not in accordance with the Convention.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention.

4. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs.

## **Article 26**

### **Exchange of information**

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Agreement or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political or administrative subdivisions or local authorities, insofar as the taxation thereunder is not contrary to the Agreement as well as to prevent fiscal evasion and tax avoidance. The exchange of information is not restricted by Articles 1 and 2.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

3. In no case shall the provisions of paragraph 1 and 2 be construed so as to impose on a Contracting State the obligation:

- (a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- (b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- (c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy (*ordre public*).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

## **Article 27**

1. Taxes withheld at source in a Contracting State will be refunded by request of the taxpayer or of the State of which he is a resident if the right to collect the said taxes is affected by the provisions of the Convention.

2. Claims for refund, that shall be produced within the time limit fixed by the law of the Contracting State which is obliged to carry out the refund, shall be accompanied by an official certificate of the Contracting State of which the taxpayer is a resident certifying the existence of the conditions required for being entitled to the application of the allowances provided for by the Convention.

3. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this Article, in accordance with the provisions of Article 25 of the Convention. These competent authorities may also, by mutual agreement, carry out other practices for the allowance of the reductions for taxation purposes provided for in the Convention.
