The Government of the Kingdom of Thailand and the Government of the Republic of Cyprus, desiring to conclude a Convention for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income, have agreed as follows:

This Convention shall apply to persons who are residents of one or both of the Contracting States.

Article 2

Taxes Covered

1. This Convention shall apply to taxes on income imposed on behalf of a Contracting State or of its political subdivisions, or local authorities, irrespective of the manner in which they are levied.

2. There shall be regarded as taxes on income all taxes imposed on total income, or on elements of income, including taxes on gains from the alienation of movable or immovable property, taxes on the total amounts of wages or salaries paid by enterprises, as well as taxes on capital appreciation.

3. The existing taxes to which the Convention shall apply are in particular:

(a) in the case of Thailand:

-- the income tax; and

-- the petroleum income tax;

(hereinafter referred to as "Thai tax");

(b) in the case of Cyprus:

-- the income tax;

-- the corporate income tax;

-- the capital gains tax; and

-- Special Contribution for the Defence of the Republic

(hereinafter referred to as "Cyprus tax").

4. The Convention shall apply also to any identical or substantially similar taxes which are imposed after the date of signature of the Convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes which have been made in their respective taxation laws.

Article 3 General Definitions

1. For the purposes of this Convention, unless the context otherwise requires:
 - (a) the term “Thailand” means the Kingdom of Thailand and includes any area adjacent to the territorial waters of the Kingdom of Thailand which by Thai legislation, and in accordance with the international law, has been or may hereafter be designated as an area within which the rights of the Kingdom of Thailand with respect to the seabed and sub-soil and their natural resources may be exercised;

 - (j) the term “competent authority” means, in the case of Thailand, the Minister of Finance or his authorised representative, and, in the case of Cyprus, the Minister of Finance or his authorised representative.
2. As regards the application of the Convention by a Contracting State any term not defined therein shall, unless the context otherwise requires, have the meaning which it has under the law of that State concerning the taxes to which the Convention applies.

Article 4 Resident

1. For the purposes of this Convention, the term “resident of a Contracting State” means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of incorporation, place of management or any other criterion of a similar nature. The term also includes that State and any other political subdivision or local authority thereof. But this term does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

- (a) he shall be deemed to be a resident of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident of the State with which his personal and economic relations are closer (centre of vital interests);
- (b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident of the State in which he has an habitual abode;
- (c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident of the State of which he is a national;
- (d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall endeavour to settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident of the State where it was incorporated.

Article 5

Permanent Establishment

1. For the purposes of this Convention, the term “permanent establishment” means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term “permanent establishment” includes especially:

- (a) a place of management;
- (b) a branch;
- (c) an office;
- (d) a factory;
- (e) a workshop;
- (f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources;
- (g) a farm or plantation;
- (h) a warehouse, in relation to a person providing storage facilities for others;
- (i) a building site, a construction project or supervisory activities in connection therewith where such site, project or activities continue for a period of more than 12 months;

- (j) an installation or an assembly project or supervisory activities in connection therewith, where such project or activities continue for a period of more than 6 months;
- (k) the furnishing of services including consultancy services by a resident of one of the Contracting States through employees or other personnel, where activities of that nature continue for the same or a connected project within the other Contracting State for a period or periods aggregating more than 6 months within any twelve-month period.

3. Notwithstanding the preceding provisions of this Article, the term “permanent establishment” shall be deemed not to include:

- (a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or of collecting information, for the enterprise;
- (e) the maintenance of a fixed place of business solely for the purpose of advertising, for the supply of information, for scientific research or for similar activities which have a preparatory or auxiliary character, for the enterprise.
- (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e) provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

4. Notwithstanding the provisions of paragraphs 1 and 2, where a person -- other than an agent of an independent status to whom paragraph 6 applies -- is acting in a Contracting State, on behalf of the enterprise of the other Contracting State, the enterprise shall be deemed to have a permanent establishment in the first-mentioned Contracting State, if such a person:

- (a) has and habitually exercises in the first-mentioned State, an authority to conclude contracts on behalf of the enterprise, unless his activities are limited to the purchase of goods or merchandise for the enterprise;
- (b) has no such authority, but habitually maintains in the first-mentioned State a stock of goods or merchandise belonging to the enterprise from which he regularly fills orders or makes deliveries on behalf of the enterprise; or
- (c) has no such authority, but habitually secures orders in the first-mentioned State wholly or almost wholly for the enterprise or for the enterprise and other enterprises which are controlled by it or have a controlling interest in it.

5. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise or on behalf of that enterprise and other enterprises, which are controlled by it or have a controlling interest in it, he will not be considered an agent of an independent status within the meaning of this paragraph.

6. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

Income From Immovable Property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term “immovable property” shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7

Business Profits

1. The income or profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the income or profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the income or profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment, for amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices by way of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of a certain percentage of the gross receipt of the enterprise or of the permanent establishment or on the basis of an apportionment of the total profits of the enterprise to its various

parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such a method as may be customary; the method adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No income or profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purpose of the preceding paragraphs, the income or profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where income or profits include items of income which are dealt with separately in other Articles of the Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

Shipping and Air Transport

1. Income or profits derived by an enterprise of a Contracting State from the operation of aircraft in international traffic shall be taxable only in that Contracting State.

2. Income or profits derived by an enterprise of a Contracting State from the operation of ships in international traffic may be taxed in that State. However, income collectible in the other State with respect to carriage of passengers and income arising from the transport of goods from that other State may be taxed in that other State in accordance with the domestic tax laws of that other State but the tax imposed in that other State shall be reduced by an amount equal to 50 per cent thereof.

3. For the purposes of this Article, income or profits from the operation of ships or aircraft in international traffic include income or profits derived from the rental of ships or aircraft on a full (time or voyage) basis or on a bareboat basis, if such rental activities are incidental to the activities described in paragraphs 1 and 2.

4. Income or profits of an enterprise of a Contracting State from the use, maintenance, or rental of containers (including trailers, barges and related equipment for the transport of containers) that are incidental to income from the operation of ships or aircraft in international traffic shall be treated for purposes of paragraphs 1 and 2 as income from the operation of ships or aircraft in international traffic.

5. The provisions of this Article shall also apply to income or profits derived from the participation in a pool, a joint business or an international operating agency.

Article 9

Associated Enterprises

1. Where

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any income or profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the income or profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State -- and taxes accordingly -- profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State may make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall, if necessary, consult each other.

Article 10

Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the recipient is the beneficial owner of the dividends the tax so charged shall not exceed 10 per cent of the gross amount of the dividends.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives income or profits from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of income or profits arising in such other State. Nothing in this paragraph shall be construed as preventing a Contracting State from imposing tax, according to the laws of that State, on the disposal of profits made by a permanent establishment situated therein. But such tax shall not be levied at a rate exceeding the rate provided in paragraph 2 of this Article.

Article 11

Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the recipient is the beneficial owner of the interest the tax so charged shall not exceed:

- (a) 10 per cent of the gross amount of the interest if it is received by any financial institution (including an insurance company);

- (b) 10 per cent of the gross amount of the interest if such interest is paid in connection with the sale on credit of any industrial, commercial or scientific equipment;
- (c) 10 per cent of the gross amount of the interest if such interest is paid in connection with the sale on credit of any merchandise by one enterprise to another enterprise;
- (d) 15 per cent of the gross amount of the interest in all other cases.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and paid to the Government of the other Contracting State shall be exempt from tax in the first-mentioned Contracting State.

For the purposes of this paragraph, the term “Government”:

- (a) in the case of Thailand, means the Government of the Kingdom of Thailand and shall include:
 - (i) the Bank of Thailand;
 - (ii) Export-Import Bank of Thailand;
 - (iii) the local authorities; and
 - (iv) such institution, the capital of which is wholly or substantially owned by the Government of the Kingdom of Thailand or any local authorities as may be agreed from time to time between the competent authorities of the two Contracting States;
- (b) in the case of Cyprus, means the Government of the Republic of Cyprus and shall include:
 - (i) a political subdivision;
 - (ii) a local authority;
 - (iii) a statutory body;
 - (iv) the Central Bank of Cyprus;
 - (v) Cyprus Development Bank Ltd;
 - (vi) such institution, the capital of which is wholly or substantially owned by the Government of the Republic of Cyprus or a political subdivision or a local authority as may be agreed from time to time between the competent authorities of the two Contracting States.

4. The term “interest” as used in this Article means income, from debt-claims of every kind, whether or not secured by mortgage, and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds and debentures, as well as income assimilated to income from money lent by the taxation law of the Contracting State in which the income arises.

5. The provisions of paragraphs 1 and 2 shall not apply in the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is

effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority, a statutory body or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12

Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the recipient is the beneficial owner of the royalties, the tax so charged shall not exceed:

- (a) 5 per cent of the gross amount of the royalties for the use of, or the right to use, any copyright of literary, dramatic, musical, artistic or scientific work, including software, cinematograph films or films or tapes used for radio or television broadcasting;
- (b) 10 per cent of the gross amount of the royalties received as consideration for the use of, or the right to use, industrial, commercial or scientific equipment or for information concerning industrial, commercial or scientific experience;
- (c) 15 per cent of the gross amount of the royalties received as consideration for the use of, or the right to use, any patent, trade mark, design or model, plan, secret formula or process.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such cases the provisions of Article 7 or Article 14, as the case may be, shall apply.

4. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

5. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 13 Capital Gains

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such a fixed base, may be taxed in that other State.

3. Gains derived by an enterprise of a Contracting State from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft, shall be taxable only in that State.

4. Gains from the alienation of any property other than that referred to in paragraphs 1, 2 and 3 of this Article, shall be taxable only in the Contracting State of which the alienator is a resident.

5. Income or gains derived by a resident of a Contracting State from the alienation of shares or comparable interests in a company, the assets of which consist wholly or principally of real property in the other Contracting State of a kind referred to in Article 6, may be taxed in that other State.

Article 14 Independent Personal Services

1. Income derived by a resident of a Contracting State in respect of professional services or other independent activities of a similar character shall be taxable only in that State except in the following circumstances when such income may also be taxed in the other Contracting State:

- (a) if he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities; in that case, only so much of the income as is attributable to that fixed base may be taxed in that other Contracting State; or
- (b) if his stay in the other Contracting State is for a period or periods amounting to or exceeding in the aggregate 183 days in the relevant fiscal year; in that case, only so much of the income as is derived from his activities performed in that other State may be taxed in that other State.

2. The term “professional services” includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, dentists, lawyers, engineers, architects and accountants.

Article 15 Dependent Personal Services

1. Subject to the provisions of Articles 16, 18, 19, 20 and 21, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

- (a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days within any twelve-month period; and
- (b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State; and
- (c) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in the other State.

Notwithstanding the provisions of Articles 14 and 15, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsman, from his personal activities as such exercised in the other Contracting State, may be taxed in that other State.

2. Where income in respect of personal activities exercised by an entertainer or a sportsman in his capacity as such accrues not to the entertainer or sportsman himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.

3. The provisions of paragraphs 1 and 2 shall not apply to remuneration or profits, salaries, wages and other similar income derived from activities performed in a Contracting State by an entertainer or a sportsman if the visit to that Contracting State is substantially supported by public funds of the other Contracting State, including a political subdivision, any local authority or statutory body thereof.

4. Notwithstanding the provisions of Article 7, where the activities mentioned in paragraph 1 are provided in a Contracting State by an enterprise of the other Contracting State the profits derived from providing these activities by such an enterprise may be taxed in the first-mentioned Contracting State unless the enterprise is substantially supported from the public funds of the other Contracting State, including a political subdivision, any local authority or statutory body thereof, in connection with the provisions of such activities.
