Article 4 Resident

1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

(a) he shall be deemed to be a resident of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident of the State with which his personal and economic relations are closer (centre of vital interests);

4. Where by reason of the provisions of paragraph 1 a person other than an individual or a company is a resident of both Contracting States, the competent authorities of the Contracting States shall by mutual agreement endeavour to settle the question and to determine the mode of application of the Convention to such person.

Article 5 Permanent Establishment

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
2. The term "permanent establishment" includes especially:

 - (d) an office;
 - (e) a factory;
 - (f) a workshop;
 - (g) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources; and
 - (h) a farm or a plantation.
3. The term "permanent establishment" likewise encompasses a building site, or construction, or assembly project, but only where such site or project continues for a period of more than 6 months.
4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:
 - (a) the use of facilities solely for the purpose of storage or display of goods or merchandise belonging to the enterprise or occasional delivery of goods or merchandise belonging to the enterprise and deriving no profits;
 - (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage or display or occasional delivery deriving no profits;

 - (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs (a) to (e) provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.
5. Notwithstanding the provisions of paragraph 1 and 2, where a person - other than an agent of an independent status to whom paragraph 7 applies - is acting in a Contracting State on behalf of an enterprise of the other Contracting State, that enterprise shall be deemed to have a permanent establishment in the first-mentioned Contracting State in respect of any activities which that person undertakes for the enterprise, if such a person has and habitually exercises in that State an authority to conclude contracts in the name of the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.
6. Notwithstanding the preceding provisions of this Article, an insurance enterprise of a Contracting State shall - except in regard to reinsurance - be deemed to have a permanent establishment in the other Contracting State if it collects premiums in the territory of that other State or insures risks situated therein through a person other than an agent of an independent status to whom paragraph 7 applies.
7. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, he will not be considered an agent of an independent status within the meaning of this paragraph.
8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Chapter III

Taxation of Income

Article 6 Income From Immovable Property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.
2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include

property accessory to immovable property, livestock and equipment used in agriculture or forestry, rights to which the provisions of general law respecting landed property apply, buildings, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall also apply to income derived from the direct use, letting or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7 Business Profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

5. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8 Shipping and Air Transport

1. Profits from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the State of which the operator of the ship is a resident.

3. For purposes of this Article, income derived from the operation in international traffic of ships or aircraft includes:

(a) income derived from the rental of ships or aircraft operated in international traffic if such rental income is incidental to other income described in paragraph 1, and

(b) income derived from the use, maintenance, and lease of:

(i) containers,

(ii) trailers for the inland transport of containers, and

(iii) other related equipment in connection with the operation in international traffic of ships or aircraft described in paragraph 1.

4. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9 Associated Enterprises

1. Where:

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State, and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

Article 10 Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident, and according to the laws of that State, but if the recipient is the beneficial owner of the dividends that tax so charged shall not exceed:

(a) In the case of Sweden:

(i) 5 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 25 per cent of the capital of the company paying the dividends;

(ii) 20 per cent of the gross amount of the dividends in all other cases.

(b) In the case of Egypt:

(i) 5 per cent of the gross amount of dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 25 per cent of the capital of the company paying the dividends;

(ii) Dividends paid by a company which is a resident of Egypt to an individual who is a resident of Sweden may in Egypt be subject to the general income tax levied on net total income. However, the general income tax thus imposed shall in no case exceed an average of 15 per cent of the net dividends payable to such individual.

The competent authorities of the Contracting States may by mutual agreement settle the mode of application of these limitations.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. Notwithstanding the provisions of paragraph 1 dividends paid by a company which is a resident of Egypt to a company which is a resident of Sweden shall be exempt from Swedish tax to the extent that the dividends would have been exempt under Swedish law if both companies had been Swedish companies. This exemption shall not apply unless:

(a) the profits out of which the dividends are paid have been subjected to the normal corporate tax in Egypt or an income tax comparable thereto, or

(b) the dividends paid by the company which is a resident of Egypt consist wholly or almost wholly of dividends which that company has received, in the year or previous years, in respect of shares held by it in a company which is a resident of a third state and which would have been exempt from Swedish tax if the shares in respect of which they are paid had been held directly by the company which is a resident of Sweden.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and

the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

7. Notwithstanding the provisions of paragraph 6 dividends deemed to be paid, according to the provisions of Egyptian taxation law, out of yearly profits by a permanent establishment maintained in Egypt by a Swedish corporation whose activities extend to countries other than Egypt shall in Egypt be treated as dividends paid by a resident in Egypt, when received by an individual who is a resident of Egypt or has an Egyptian nationality.

Article 11 Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the recipient is the beneficial owner of the interest the tax so charged shall not exceed 15 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2 interest, arising in a Contracting State and paid by the Government of that State, the Central Bank or local authorities thereof or any other financial institution, wholly owned by them, to the Government of the other State, Central Bank, local authority thereof or any other financial institution, wholly owned by them, shall be exempt from tax in the Contracting State in which it arises.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such cases the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payment shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12 Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the recipient is the beneficial owner of the royalties the tax so charged shall not exceed 14 per cent of the gross amount of the royalties.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including

cinematograph films, or films or tapes used for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formulas or process, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case the excess part of the payment shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 13 Capital Gains

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.

3. Gains from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft as well as from the alienation of containers, trailers for inland transport of containers or other related equipment used in connection with the operation in international traffic of ships or aircraft, shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

4. Gains from the alienation of shares of the capital stock of a company the property of which consists directly or indirectly principally of immovable property situated in a Contracting State may be taxed in that State.

5. Gains from the alienation of any property other than that referred to in the preceding paragraphs shall be taxable only in the Contracting State of which the alienator is a resident.

Article 14 Independent Personal Services

1. Income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that State except in the following circumstances; when such income may also be taxed in the other Contracting State:

(a) if he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities; in that case, only so much of the income as is attributable to that fixed base may be taxed in that other Contracting State;

(b) if his stay in the other Contracting State is for a period or periods amounting to or exceeding in the aggregate 183 days within any period of 12 months; in that case, only so much of the income as is derived from his activities performed in that other State may be taxed in that other State.

2. The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

Article 15 Dependent Personal Services

1. Subject to the provisions of Articles 16, 18 and 19 salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that

State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

(a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days within any period of 12 months; and

(b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State; and

(c) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in the other State.

3. Notwithstanding the preceding provisions of this Article, remunerations derived in respect of an employment exercised aboard a ship or aircraft operated in international traffic may be taxed in the Contracting State in which the place of effective management of the enterprise is situated.

Article 16 Directors' Fees and Remuneration of Top-Level Managerial Officials

1. Directors' fees and other similar payments derived by a resident of a Contracting State in his capacity as a member of the board of directors of a company which is a resident of the other Contracting State may be taxed in that other State.

2. Salaries, wages and other similar remuneration derived by a resident of a Contracting State in his capacity as an official in a top-level managerial position of a company which is a resident of the other Contracting State may be taxed in that other State.

Article 17 Income Earned by Entertainers and Athletes

Notwithstanding the provisions of Articles 14 and 15, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste or a musician or as an athlete, from his personal activities as such exercised in the other Contracting State, may be taxed in that other State.

2. Where income in respect of personal activities exercised by an entertainer or an athlete in his capacity as such accrues not to the entertainer or athlete himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or athlete are exercised.

Article 18 Pensions and Annuities

1. Pensions and other similar remuneration, disbursements under the Social Security legislation and annuities arising in a Contracting State and paid to a resident of the other Contracting State shall be taxable only in the first-mentioned Contracting State.

2. The term "annuities" means a stated sum payable periodically at stated times, during life or during a specified or ascertainable period of time, under an obligation to make the payments in return for adequate and full consideration in money or money's worth.

Article 19 Government Service

1. Remuneration other than a pension paid by, or out of funds erected by a Contracting State or a political subdivision or a local authority thereof to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State.

2. However, such remuneration shall be taxable only in the other Contracting State if the services are rendered in that other State, and the individual is a resident of that State who:

(i) is a national of that State; or

(ii) did not become a resident of that State solely for the purpose of rendering the services.

3. The provisions of Articles 15 and 16 shall apply to remuneration in respect of services rendered in connection with a business carried on by a Contracting State or a political subdivision or a local authority thereof.

1. A resident of one of the Contracting States who, at the invitation of a university, college or other establishment for higher education or scientific research in the other Contracting State, visits that other State solely for the purpose of teaching or scientific research at such institution for a period not exceeding two years shall not be taxed in that other State on his remunerations for such teaching or research, provided that the remuneration is subject to tax in the first-mentioned State.

2. The provisions of paragraph 1 shall not apply to remuneration derived in respect of research undertaken not in the public interest but primarily for the private benefit of a specific person or persons.

Article 22 Other Income

1. Subject to the provisions of paragraph 2, items of income of a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Convention shall be taxable only in that State.

2. However, if such income is derived by a resident of a Contracting State from sources in the other Contracting State, such income may also be taxed in the State in which it arises, and according to the law of that State.

Chapter IV

Methods for Prevention of Double Taxation

Article 23 Elimination of Double Taxation

1. In the case of Sweden, double taxation shall be avoided as follows:

(a) Where a resident of Sweden derives income which under the laws of Egypt and in accordance with the provisions of this Convention may be taxed in Egypt, Sweden shall allow - subject to the provisions of the law of Sweden concerning credit for foreign tax (as it may be amended from time to time without changing the general principle hereof) - as a deduction from the tax on such income, amount equal to the Egyptian tax paid in respect of such income.

(b) Where a resident of Sweden derives income which, in accordance with the provisions of Article 18 or 19, shall be taxable only in Egypt, Sweden may, when determining the graduated rate of Swedish tax, take into account the income which shall be taxable only in Egypt.

(c) For the purposes of sub-paragraph (a) the term "the Egyptian tax paid" shall be deemed to include Egyptian income tax which should have been paid but exempted or reduced under Article 11 of law No 230 of 1989 concerning investment, designed to promote economic development, so far as it was in force on, and has not been modified since, the date of signature of this Convention, or have been modified only in minor respects so as not to affect its general character.

(d) For the purposes of paragraph 4 of Article 10 the term "the normal corporate tax in Egypt" shall be deemed to include Egyptian income tax which would have been paid but for the exemption or reduction of tax granted under the incentive provision referred to in sub-paragraph (c).

(e) Notwithstanding the provisions of Article 30, the provisions of sub-paragraphs (c) and (d) shall apply until 10 years have elapsed from the entry into force of this Convention. However, if this Convention should be terminated before the end of this period, this termination shall terminate also these provisions. The competent authorities shall consult in order to determine whether the provisions of these sub-paragraphs shall be applicable after that date.

2. In the case of Egypt, double taxation shall be avoided as follows:

(a) Income other than that referred to in sub-paragraph (b) below shall be exempt from the Egyptian taxes referred to in sub-paragraph (a) of paragraph 3 of Article 2 if the income is taxable only in Sweden under this Convention;

(b) Income referred to in Articles 6, 7, 10, 11, 12, 13 paragraphs 1, 2 and 4, 14, 15, 16, 17 and 22 received from Sweden may be taxed in Egypt in accordance with the provisions of these Articles, on their gross amount. The Swedish tax levied on such income (excluding in the case of dividends, tax payable in respect of the profits out of which the dividends are paid) entitles residents of Egypt to a tax credit corresponding to the amount of Swedish tax levied but which shall not exceed the amount of Egyptian tax attributable to such income. Such credit shall be allowed against taxes referred to in sub-paragraph (a) of paragraph 3 of Article 2, in the basis of which such income is included;

(c) Where in accordance with any provision of the Convention, income derived by a resident of Egypt is exempt from tax in Egypt, Egypt may nevertheless, in calculating the amount of tax on the remaining income of such resident, take into account the exempted income.

Chapter V

Special Provisions

Article 24 Non-Discrimination

1. The nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances are or may be subjected.
2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities.
3. Nothing in this Article shall be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.
4. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, or paragraph 6 of Article 12, apply, interest and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.
5. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.
6. The provisions of this Article shall only be applicable to taxes which are the subject of this Convention.

Article 25 Mutual Agreement Procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 24, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.
2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.
3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.
4. A Contracting State shall not, after the expiry of the time limits provided in its national laws and, in any case, after five years from the end of the taxable period in which the income connected has accrued, increase the tax base of a resident of either of the Contracting States by including therein items of income which have also been charged to tax in the other Contracting State. This paragraph shall not apply in the cases enumerated in the laws of both Contracting States.
5. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs.

Article 26 Exchange of Information

1. The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Convention or of the domestic laws of the Contracting States concerning taxes covered by the Convention, insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Article 1. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) involved in the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, the taxes covered by the Convention. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

2. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

(b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

(c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

Article 27 Diplomatic Agents and Consular Officers

1. Nothing in this Convention shall affect the fiscal privileges of diplomatic agents or consular officers under the general rules of international law or under the provisions of special agreements.

2. Notwithstanding Article 4, an individual who is a member of a diplomatic mission, consular post or permanent mission of a Contracting State which is situated in the other Contracting State or in a third State shall be deemed for the purposes of the Convention to be a resident of the sending State if he is liable in the sending State to the same obligation in relation to tax on his total income as are residents of that sending State.

3. The Convention shall not apply to international organization, to organs or officials thereof and to persons who are members of a diplomatic mission, consular post or permanent mission of a third State, being present in a Contracting State and who are not liable in either Contracting State to the same obligations in relation to tax on their total income as are residents thereof.

Article 28 Miscellaneous Rules

The provisions of this Convention shall not be construed to restrict in any manner any exclusion, exemption, deduction, credit, or other allowance now or hereafter accorded

(a) by the laws of a Contracting State in the determination of the tax imposed by that State, or

(b) by any other agreement entered into by a Contracting State.

With regard to the Swedish property tax the 1958 Agreement shall be applied for the last time as respects capital owned at the expiration of the year in which this Convention enters into force.

Article 30 Termination

This Convention shall continue in effect indefinitely but either Contracting State may, on or before June 30 in any calendar year after the expiration of a period of five years from the date of its entry into force, give to the other Contracting State a notice of termination in writing through diplomatic channels; in such event, the Convention shall cease to have effect:

(a) in respect of tax withheld at the source on amounts paid or credited on or after the first day of January in the calendar year following that in which the notice is given; and

(b) in respect of other taxes for taxation years beginning on or after the first day of January in the calendar year following that in which the notice is given.

In witness whereof the undersigned, duly authorized to that effect, have signed this Convention.
