The competent authorities of the Contracting States shall notify each other of any significant changes that have been made in their respective taxation laws.

Article 4

Resident

(1) For the purposes of this Agreement, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does

not include any person who is liable to tax in that State in respect only of income or capital gains from sources in that State or capital situated therein.

(2) Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

- a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);

(3) Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident of the State in which its place of effective management is situated.

Article 5

Permanent Establishment

(1) For the purposes of this Agreement, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

- (2) The term "permanent establishment" includes especially:
- a) a place of management;
 - b) a branch;
 - c) an office;
 - d) a factory;
 - e) a workshop, and
 - f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.
- (3) A building site or construction or installation or assembly project constitutes a permanent establishment only if it lasts more than nine months.
- (4) Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include
- a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
 - b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
 - c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
 - d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;

- e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;
- f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs a) to e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

(5) Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

(6) An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

(7) The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

Income from Immovable Property

- (1) Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.
- (2) The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.
- (3) The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
- (4) The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7

Business Profits

- (1) The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.
- (2) Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the

profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

(3) In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment, for amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

(4) Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

(5) No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

(6) For the purposes of the preceding paragraphs of this Article, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

(7) This Article shall also apply to income from participation in a partnership. It shall further apply to remuneration received by a partner from the partnership for activities in the service of the partnership and for the granting of loans or the provisions of assets, where such remuneration is attributable under the tax law of the Contracting State in which the permanent establishment is situated to the income derived by a partner from that permanent establishment.

(8) Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

Shipping and Air Transport

(1) Profits from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

(2) For the purposes of this Article the terms "profits from the operation of ships or aircraft in international traffic" shall include profits from

- a) the occasional rental of ships or aircraft on a bare-boat basis and
- b) the use, maintenance or rental of containers used for the transport of goods or merchandise (including trailers and ancilliary equipment used for transporting the containers),

if these activities pertain to the operation of ships or aircraft in international traffic.

(3) If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.

(4) The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9 Associated Enterprises

(1) Where

- a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

(2) Where a Contracting State includes in the profits of an enterprise of that State – and taxes accordingly – profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting States shall, if necessary, consult each other.

Article 10

Dividends

(1) Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

(2) However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

- a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 10 per cent of the capital of the company paying the dividends;
- b) 15 per cent of the gross amount of the dividends in all other cases.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

(3) The term "dividends" as used in this Article means income from shares or other income which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident and distributions on certificates of an investment fund or investment trust.

(4) The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State, independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

(5) Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11

Interest

(1) Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

(2) However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of

the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

(3) Notwithstanding the provisions of paragraph 2,

- a) interest arising in the Federal Republic of Germany and paid in consideration of a loan guaranteed by the Republic of Ghana in respect of export or foreign direct investment or paid to the Government of Ghana, the Bank of Ghana, the Export Development and Investment Fund, the Export Finance Company, or any other public institution with similar objectives to those of the said institutions as may be approved by the competent authorities of the Contracting States by mutual agreement shall be exempt from German tax;
- b) interest arising in the Republic of Ghana and paid in consideration of a loan guaranteed by the Federal Republic of Germany in respect of export or foreign direct investment or paid to the Government of the Federal Republic of Germany, the Deutsche Bundesbank, the Kreditanstalt für Wiederaufbau, the Deutsche Investitions- und Entwicklungsgesellschaft or any other public institution with similar objectives to those of the said institutions as may be approved by the competent authorities of the Contracting States by mutual agreement shall be exempt from Ghana tax.

(4) Notwithstanding the provisions of paragraph 2, interest as referred to in paragraph 1 may be taxed only in the Contracting State of which the recipient is a resident if the recipient is the beneficial owner of the interest and the interest is paid

- a) in connection with the sale of commercial or scientific equipment on credit,
- b) in connection with the sale of goods by an enterprise to another enterprise on credit, or

- c) for a loan of any kind made by a bank.

(5) The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

(6) The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein or performs in that other State independent personal services from a fixed base situated therein and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

(7) Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

(8) Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the

payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 12

Royalties and Services fees

- (1) Royalties or services fees arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
- (2) However, such royalties or services fees may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties or services fees is a resident of the other Contracting State, the tax so charged shall not exceed 8 per cent of the gross amount of the royalties or services fees.
- (3) The term "royalties " as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films and films or tapes used for television or radio broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience. The term "royalties" shall also include payments of any kind for the use or the right to use a person's name; picture or any other similar personality rights and on payments received as consideration for the registration of entertainers' or sportsmen's performances by radio or television.
- (4) The term "services fees" as used in this Article means payments of any kind to any person, other than to an employee of the person making the payments, in consideration for any services of a managerial, technical or consultancy nature, rendered in a Contracting State. However the term "services fees" shall not include any payments in consideration for supervisory activities in connection with a building site or construction, assembly or installation project or for supervisory activities in connection with installation incidental to

the sale of machinery or parts thereof and remuneration referred to in paragraph 1 of Article 14.

(5) The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties or services fees, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties or services fees arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid or the obligation in respect of which the services fees are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

(6) Royalties and services fees shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties or services fees, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties or services fees was incurred, and such royalties or services fees are borne by such permanent establishment or a fixed base, then such royalties or services fees shall be deemed to arise in the Contracting State in which the permanent establishment or a fixed base is situated.

(7) Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties or services fees, having regard to the use, right, information or service for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

In such case, the appreciation of capital taxed in the

Article 14

(2) Where income in respect of personal activities exercised by an entertainer or a sportsman in his capacity as such accrues not to the entertainer or sportsman himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.

(3) Paragraphs 1 and 2 shall not apply to income accruing from the exercise of activities by artistes or sportsmen in a Contracting State where the visit to that State is financed entirely or mainly from public funds of the other State, a political subdivision or a local authority thereof. Other Income

(1) Items of income of a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Agreement shall be taxable only in that State.

(2) The provisions of paragraph 1 shall not apply to income, other than income from immovable property as defined in paragraph 2 of Article 6, if the recipient of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein or performs in that other State independent personal services from a fixed base situated therein and the right or property in respect of which the income is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

Article 22

Capital

(1) Capital represented by immovable property referred to in Article 6, owned by a resident of a Contracting State and situated in the other Contracting State, may be taxed in that other State.

(2) Capital represented by movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or by movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, may be taxed in that other State.

(3) Capital represented by ships and aircraft operated in international traffic, and by movable property pertaining to the operation of such ships and aircraft, shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

(4) All other elements of capital of a resident of a Contracting State shall be taxable only in that State.

Article 23

Remittances

(1) Where under any provision of this Agreement income or capital gains arising in a Contracting State is or are relieved in whole or in part from tax in that State and under the law in force in the other Contracting State a person, in respect of the said income or capital gains, is subject to tax by reference to the amount thereof which is remitted to or received in that other State and not by reference to the full amount thereof, then any relief provided by the provisions of this Agreement shall apply only to so much of the income or capital gains as is or are taxed in the other Contracting State.

(2) However, this limitation does not apply to income or capital gains derived by the Government of a Contracting State or any person approved by the competent authorities of both States for the purpose of this paragraph. The term “Government” shall include its agencies and statutory bodies.

Article 24

Avoidance of Double Taxation in the State of Residence

(1) Tax shall be determined in the case of a resident of the Federal Republic of Germany as follows:

- a) Unless foreign tax credit is to be allowed under sub-paragraph b), there shall be exempted from the assessment basis of the German tax any item of income and capital gains arising in the Republic of Ghana and any item of capital situated within the Republic of Ghana which, according to this Agreement, may be taxed in the Republic of Ghana.

In the case of items of income from dividends the preceding provision shall apply only to such dividends as are paid to a company (not including partnerships) being a resident of the Federal Republic of Germany by a company being a resident of the Republic of Ghana at least 10 per cent of the capital of which is owned directly by the German company and which were not deducted when determining the profits of the company distributing these dividends.

There shall be exempted from the assessment basis of the taxes on capital any shareholding the dividends of which if paid, would be exempted, according to the foregoing sentences.

- b) Subject to the provisions of German tax law regarding credit for foreign tax, there shall be allowed as a credit against German tax on income and capital gains payable in respect of the following items of income and capital gains the Ghana tax paid under the laws of the Republic of Ghana and in accordance with this Agreement:
- aa) dividends not dealt with in sub-paragraph a);
 - bb) interest;
 - cc) royalties and services fees;
 - dd) capital gains that may be taxed in the Republic of Ghana according to paragraph 2 of Article 13;
 - ee) directors' fees;
 - ff) items of income within the meaning of Article 17.
- c) The provisions of sub-paragraph b) shall apply instead of the provisions of sub-paragraph a) to items of income as defined in Articles 7 and 10 and to the assets from which such income is derived if the resident of the Federal Republic of Germany does not prove that the gross income of the permanent establishment in the business year in which the profit has been realised or of the company resident in the Republic of Ghana in the business year for which the dividends were paid was derived exclusively or almost exclusively from activities within the meaning of nos. 1 to 6 of paragraph 1 of section 8 of the German Law on External Tax Relations (Aussensteuergesetz); the same shall apply to immovable property used by a permanent establishment and to income from this immovable property of the permanent establishment (paragraph 4 of Article 6) and to gains from the alienation of such immovable property (paragraph 1 of Article 13) and of the

movable property forming part of the business property of the permanent establishment (paragraph 3 of Article 13).

- d) The Federal Republic of Germany, however, retains the right to take into account in the determination of its rate of tax the items of income and capital, which are under the provisions of this Agreement exempted from German tax.
 - e) Notwithstanding the provisions of sub-paragraph a) double taxation shall be avoided by allowing a tax credit as laid down in sub-paragraph b)
 - aa) if in the Contracting States items of income, capital or capital gains are placed under differing provisions of this Agreement or attributed to different persons (except pursuant to Article 9) and this conflict cannot be settled by a procedure in accordance with paragraph 3 of Article 26 and if as a result of this difference in placement or attribution the relevant income, capital or capital gains would remain untaxed or be taxed lower than without this conflict or
 - bb) if after due consultation with the competent authority of the Republic of Ghana the Federal Republic of Germany notifies the Republic of Ghana through diplomatic channels of other items of income or capital gains to which it intends to apply the provisions of sub-paragraph b). Double Taxation is then avoided for the notified income or capital gains by allowing a tax credit from the first day of the calendar year, next following that in which the notification was made.
- (2) Tax shall be determined in the case of a resident of the Republic of Ghana as follows:
- a) The German tax payable under the laws of the Federal Republic of Germany and in accordance with the provisions of this Agreement, whether directly (by assessment) or by deduction (withholding), on profits, income or capital gains

from sources within the Federal Republic of Germany (excluding in the case of dividends, tax payable in respect of profits out of which the dividends are paid) shall be allowed as a credit against any Ghana tax computed by reference to the same profits, income or capital gains by reference to which the German tax is computed;

- b) In the case of dividends paid by a company which is a resident of the Federal Republic of Germany to a company which is resident in the Republic of Ghana and which controls directly at least 10 per cent of the capital of the company paying the dividends, the credit shall take into account (in addition to any German tax for which credit may be allowed under the provisions of sub-paragraph a) the German tax payable by the company in respect of the profits out of which such dividends are paid;

- c) In any case the amount of tax credit to be granted under this paragraph shall not exceed the proportion of Ghana tax which such profits, income or capital gains bear to the entire profits, income or capital gains as the case may be chargeable to Ghana tax.

Article 25

Non-Discrimination

(1) Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, especially with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

(2) Stateless persons who are residents of a Contracting State shall not be subjected in either Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of the State concerned in the same circumstances are or may be subjected.

(3) The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes which it grants only to its own residents.

(4) Except where the provisions of paragraph 1 of Article 9, paragraph 8 of Article 11 or paragraph 7 of Article 12 apply, interest, royalties, services fees and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.

(5) Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

(6) The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

Mutual Agreement Procedure

(1) Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Agreement, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 25, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Agreement.

(2) The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

(3) The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement. They may also consult together for the avoidance of double taxation in cases not provided for in the Agreement.

(4) The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs.

Exchange of Information

(1) The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Agreement or of the domestic laws concerning taxes of every kind and description imposed on behalf of a Contracting State, or a political subdivision or local authority thereof, insofar as the taxation thereunder is not contrary to the Agreement. The exchange of information is not restricted by Articles 1 and 2. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals and other legal remedies in relation to the taxes referred to in the first sentence. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

(2) In no case shall the provisions of paragraph 1 be construed as to impose on a Contracting State the obligation:

- a) to carry out administrative measures for the supply of information at variance with the laws and administrative practice of that or of the other Contracting State;
- b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (*ordre public*).

Procedural Rules for Taxation at Source

(1) If in one of the Contracting States the taxes on dividends, interest, royalties, other items of income or capital gains derived by a person who is a resident of the other Contracting State are levied by withholding at source, the right of the first-mentioned State to apply the withholding of tax at the rate provided under its domestic law shall not be affected by the provisions of this Agreement. The tax withheld at source shall be refunded on application by the taxpayer if and to the extent that it is reduced by this Agreement or ceases to apply.

(2) Refund applications must be submitted by the end of the fourth year following the calendar year in which the withholding tax was applied to the dividends, interest, royalties or other items of income or capital gains.

(3) Notwithstanding paragraph 1, each Contracting State shall provide for procedures to the effect that payments of income or capital gains subject under this Agreement to no tax or

only to reduced tax in the state of source may be made without deduction of tax or with deduction of tax only at the rate provided in the relevant Article.

(4) The Contracting State in which the items of income or capital gains arise may ask for a certificate by the competent authority on the residence in the other Contracting State.

(5) The competent authorities may by mutual agreement implement the provisions of this Article and if necessary establish other procedures for the implementation of tax reductions or exemptions provided for under this Agreement.

Article 29

Application of the Agreement in Special Cases

(1) This Agreement shall not be interpreted to mean that a Contracting State is prevented from applying its domestic legal provisions on the prevention of tax evasion or tax avoidance. If the foregoing provision results in double taxation, the competent authorities shall consult each other pursuant to paragraph 3 of Article 26 on how to avoid double taxation.

(2) The limitations mentioned in the provisions of paragraph 2 of Article 11 and of paragraph 2 of Article 12 shall not apply if it was the main purpose of any person concerned, in creating or assigning the debt-claim in respect of which the interest is paid, or in creating or assigning the rights in respect of which the royalties are paid or in creating or assigning the obligations in respect of which the services fees are paid to take advantage of Articles 11 and 12 by means of that creation or assignment without economic reason appropriate to the business operation concerned.

Article 30

Members of Diplomatic Missions and Consular Posts

(1) Nothing in this Agreement shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

(2) Notwithstanding the provisions of Article 4, an individual who is a member of a diplomatic mission or a consular post of a Contracting State which is situated in the other Contracting State or in a third State shall be deemed for the purposes of this Agreement to be a resident of the sending State if:

- a) in accordance with international law he is not liable to tax in the receiving State in respect of income or capital gains from sources outside that State or on capital situated outside that State, and
- b) he is liable in the sending State to the same obligations in relation to tax on his total income, on capital or on capital gains as are residents of that State.

Article 31

Protocol

The attached Protocol shall be an integral part of this Agreement.

Article 32

Entry into Force

- (1) This Agreement shall be ratified and the instruments of ratification shall be exchanged as soon as possible.
- (2) This Agreement shall enter into force on the day of the exchange of the instruments of ratification and shall have effect in both Contracting States:
 - a) in the case of taxes withheld at source, in respect of amounts paid on or after the first day of January of the calendar year next following that in which the Agreement entered into force;
 - b) in the case of other taxes, in respect of taxes levied for periods beginning on or after the first day of January of the calendar year next following that in which the Agreement entered into force.

Article 33

Termination

This Agreement shall continue in effect for an unlimited period but either of the Contracting States may, on or before the thirtieth day of June in any calendar year beginning after the expiration of a period of five years from the date of its entry into force, give the other Contracting State, through diplomatic channels, written notice of termination and, in such event, this Agreement shall cease to have effect:

- a) in the case of taxes withheld at source, in respect of amounts paid on or after the first day of January of the calendar year next following that in which notice of termination is given;
- b) in the case of other taxes, in respect of taxes levied for periods beginning on or after the first day of January of the calendar year next following that in which notice of termination is given.

Protocol

to the Agreement

between

the Federal Republic of Germany

and

the Republic of Ghana

for the Avoidance of Double Taxation and Prevention of Fiscal Evasion

with Respect to Taxes on Income, on Capital and on Capital Gains

Signed on August 12th, 2004

On signing the Agreement between the Federal Republic of Germany and the Republic of Ghana for the Avoidance of Double Taxation and Prevention of Fiscal Evasion with respect to Taxes on Income, on Capital and on Capital Gains the signatories being duly authorised thereto, have in addition agreed on the following provisions which shall form an integral part of the said Agreement:

1. In respect of the Federal Republic of Germany, the term “Contracting State” includes “Länder”. The term “Länder” means German States in accordance with the Basic Law of the Federal Republic of Germany.

2. With reference to Article 7:
 - a) Where an enterprise of a Contracting State sells goods or merchandise or carries on business in the other Contracting State through a permanent establishment situated therein, the profits of that permanent establishment shall not be determined on the basis of the total amount received therefore by the enterprise but only on the basis of the amount which is attributable to the actual activity of the permanent establishment for such sales or business.

 - b) In the case of contracts, in particular for the survey, supply, installation or construction of industrial, commercial or scientific equipment or premises, or of public works, where the enterprise has a permanent establishment in the other Contracting State, the profits of such permanent establishment shall not be determined on the basis of the total amount of the contract, but only on the basis of that part of the contract which is effectively carried out by the permanent establishment in the Contracting State in which it is situated. Profits derived from the supply of goods to that permanent establishment or profits related to the part of the contract which is carried out in the Contracting State in which the head office of the enterprise is situated shall be taxable only in that State.

3. With reference to Articles 10 and 11

Notwithstanding the provisions of Article 10 and 11 of this Agreement, dividends and interest may be taxed in the Federal Republic of Germany, in which they arise, and according to the law of that Federal Republic of Germany ,

- a) if they are derived from rights or debt claims carrying a right to participate in profits, including income derived by a silent partner (''stiller Gesellschafter'') from his participation as such, or from a loan with an interest rate linked to borrower's profit (''partiarisches Darlehen'') or from profit sharing bonds (''Gewinnobligationen'') within the meaning of the tax law of the Federal Republic of Germany and
- b) under the condition that they are deductible in the determination of profits of the debtor of such income.

4. With reference to paragraph 5 of Article 19:

In the case of the Federal Republic of Germany paragraph 5 of Article 19 shall apply to the Goethe Institute and the German Academic Exchange Service (''Deutscher Akademischer Austauschdienst'').

5. With reference to Article 27

If in accordance with domestic law personal data are exchanged under this Agreement, the following additional provisions shall apply subject to the legal provisions in effect for each Contracting State:

- a) The receiving agency may use such data only for the stated purpose and shall be subject to the conditions prescribed by the supplying agency.
- b) The receiving agency shall on request inform the supplying agency about the use of the supplied data and the results achieved thereby.
- c) Personal data may be supplied only to the responsible agencies. Any subsequent supply to other agencies may be effected only with the prior approval of the supplying agency.

- d) The supplying agency shall be obliged to ensure that the data to be supplied are accurate and that they are necessary for and proportionate to the purpose for which they are supplied. Any bans on data supply prescribed under applicable domestic law shall be observed. If it emerges that inaccurate data or data which should not have been supplied have been supplied, the receiving agency shall be informed of this without delay. That agency shall be obliged to correct or erase such data.

- e) Upon application the person concerned shall be informed of the supplied data relating to him and of the use to which such data are to be put. There shall be no obligation to furnish this information if on balance it turns out that the public interest in withholding it outweighs the interest of the person concerned in receiving it. In all other respects, the right of the person concerned to be informed of the existing data relating to him shall be governed by the domestic law of the Contracting State in whose sovereign territory the application for the information is made.

- f) The receiving agency shall bear liability in accordance with its domestic laws in relation to any person suffering unlawful damage as a result of supply under the exchange of data pursuant to this Agreement. In relation to the damaged person, the receiving agency may not plead to its discharge that the damage had been caused by the supplying agency.

- g) If the domestic law of the supplying agency provided for special provisions for the erasure of the personal data supplied, that agency shall inform the receiving agency accordingly. Irrespective of such law, supplied personal data shall be erased once they are no longer required for the purpose for which they were supplied.

- h) The supplying and the receiving agencies shall be obliged to keep official records of the supply and receipt of personal data.

- i) The supplying and the receiving agencies shall be obliged to take effective measures to protect the personal data supplied against unauthorised access, unauthorised alteration and unauthorised disclosure.
