However, an insurance enterprise of a Contracting State shall be regarded as having a permanent establishment in the other Contracting State when, through a representative to whom the preceding subparagraph applies, or through an agent of an independent status and having an authority which he habitually exercises, to conclude contracts in the name of the enterprise, it collects premiums in that other Contracting State or insures risks in that other Contracting State.

§ 5 An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other Contracting State through a broker, general commission agent or any other agent of an independent status, where such persons are acting in the ordinary course of their business.

§ 6 The fact that a company which is a resident of a Contracting State controls or is controlled by a

Article 7 Business profits

- § 1 The profits of an enterprise of a Contracting State shall be taxable only in that Contracting State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other Contracting State but only so much of them as is attributable to that permanent establishment.
- § 2 Without prejudice to the application of paragraph 3, where an enterprise of a Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and acting wholly independently.
- § 3 In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment including executive and general administrative expenses so incurred, whether in the Contracting State in which the permanent establishing is situated or elsewhere.
- § 4 In the absence of regular accounting or other means of proof to determine the amount of the profits of an enterprise of a Contracting State which is to be attributed to its permanent establishment situated in the other Contracting State, the tax may be assessed in that other Contracting State in accordance with its own legislation, regard being had to the normal profits of similar enterprises in the same State carrying on the same or similar activities in identical or similar circumstances. However if this method leads to double taxation of the same profits, the competent authorities of the two Contracting States shall consult together with a view to avoiding the double taxation.
- § 5 No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
- § 6 For the purpose of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

§ 7 Where profits include items of income which are dealt separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8 Shipping and Air Transport

§ 1 Notwithstanding the provisions of Article 7, paragraphs 1 to 6, profits from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

§ 2 If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, in the Contracting State of which the operator of the ship is a resident.

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

Article 10 Dividends

§ 1 Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other Contracting State.

§ 2 However, such dividends may be taxed in the Contracting State of which the company paying the dividends is a resident, and according to the laws of that Contracting State, but the tax so charged shall not exceed 15 per cent of the gross amount of the dividends.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends

are paid.

§ 3 The term "dividends" as used in this Article means income from shares, "jouissance" shares or "jouissance" rights, founders' shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights treated in the same way as income from shares by the taxation laws of the Contracting State of which the company making the distribution is a resident. This term means also income - even when paid in the form of interest - which is taxable under the head of income on capital invested by the members of a company other than a company with share capital, which is a resident of Belgium.

§ 4 The provisions of paragraphs 1 and 2 shall not apply if the recipient of the

dividends, being a resident of a Contracting State, has in the other Contracting State, of which the company paying the dividends is a resident, a permanent establishment with which the holding by virtue of which the dividends are paid is effectively connected. In such a case, the provisions of Article 7 shall apply; they shall not prevent the imposition of tax which is due at source on such dividends according to the laws of that other Contracting State.

§ 5 Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other Contracting State may not impose any tax on the dividends paid by the company outside that other Contracting State to persons who are not residents of that other Contracting State, or subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in that other Contracting State.

Article 11 Interest

§ 1 Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

§ 2 However such interest may be taxed in the Contracting State in which it arises, and according to the laws of that Contracting State, but tax so charged shall not exceed 15 per cent of the gross amount of the interest.

§ 3 The term "interest" as used in this Article means income from Government securities, bonds or debentures, whether or not secured by mortgage and whether or not carrying a right to participate in profits, and, subject to the following subparagraph, debt-claims and deposits of every kind as well as premiums on lottery bonds and all other income treated in the same way as income from money lent or deposited by the taxation laws of the Contracting State in which the income arises.

The term does not include:

1° interest assimilated to dividends by Article 10, paragraph 3, second sentence;

2° Interest on current accounts or on nominal advances between banking enterprises of the two Contracting States. Such interest will be subject, to the provisions of Article 7.

§ 4 The provisions of paragraphs 1 and 2 shall not apply if the recipient of the interest, being a resident of a Contracting State has in the other Contracting State in which the interest arises a permanent establishment with which the debt-claim or deposit from which the interest arises is effectively connected. In such a case, the provisions of Article 7 shall apply; they shall not prevent the imposition of tax which is due at source on such interest according to the laws of that other Contracting State.

§ 5 Interest shall be deemed to arise in a Contracting State when the payer is that Contracting State itself, a local authority or a resident of that Contracting State. Where however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is directly borne by such interest shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

§ 6 Where, owing to a special relationship between the payer and the recipient or depositor or between both of them and some other person, the amount of the interest paid, having regard to the debt-claim or deposit for which it is paid, exceeds the amount which would have been agreed upon by the payer and the recipient or depositor in the absence of such relationship, the provisions of this Article shall apply only to the lastmentioned amount. In that case, the excess part of the payments shall remain taxable according to the laws of the Contracting State in which the interest arises.

Article 12 Royalties

§ 1 Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

§ 2 However, such royalties may be taxed in the Contracting State in which they arise, and according to the laws of that Contracting State, but the tax so charged shall not exceed 10 per cent of the amount of the royalties.

§ 3 The term "royalties" as used in paragraphs 1 and 2 means payments of any kind received as a consideration for the use of, or the right to use, any patent, trade mark, design or model, plan, secret formula or process, of for the use of, or the right to use, films for cinema or television or industrial, commercial or scientific equipment, or for information concerning industrial, commercial or scientific experience, as well as income from a bare boat charter of a ship or aircraft.

§ 4 Royalties arising in a Contracting State and paid to a resident of the other Contracting State as a consideration for the use of, or the right to use, any copyright of literary, dramatic, musical, artistic or scientific work (excluding royalties and like payments in respect of films for cinema or television) shall be taxable only in that other Contracting State.

§ 5 The provisions of paragraphs 1, 2 and 4 shall not apply if the recipient of the royalties, being a resident of a Contracting State has in the other Contracting State in which the royalties arise a permanent establishment with which the right or property giving rise to the royalties is effectively connected. In such a case, the provisions of Article 7 shall apply.

§ 6 Royalties shall be deemed to arise in a Contracting State when the payer is that Contracting State when the payer is that Contracting State itself, a local authority or a resident of that Contracting State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not has in a Contracting State a permanent establishment in connection with which the liability to pay the royalties was incurred, and such royalties are directly borne by such permanent establishment, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

§ 7 Where, owing to a special relationship between the payer and the recipient or between both of them and some other person, the amount of the royalties paid, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon, by the payer and the recipient in the absence of such relationship, the provisions of this Article shall apply only to the last-

mentioned amount. In that case, the excess part of the payments shall remain taxable according to the laws of the Contracting State in which the royalties arise.

§ 1 Gains from the alienation of immovable property, as defined in paragraph 2 of Article 6, may be taxed in the Contracting State in which such property is situated.

In this paragraph "immovable property" shall include rights - other than shares dealt in on a stock exchange - in a real estate association as such association is defined in Israeli Law mentioned in Article 2 paragraph 3 (a) (v). The said rights shall be deemed to be situated in the Contracting State in which the immovable property held by such an association is situated.

§ 2 Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing professional services including such gains from the alienating of such a permanent establishment (alone or together with the whole enterprise) or of such a fixed base, may be taxed in that other Contracting State. However, gains from the alienation of ships and aircraft operated in international traffic and of movable property pertaining to the operation of such ships and aircraft shall be taxable only in the Contracting State in which such property is taxable according to paragraph 3 of Article 22.

§ 3 Gains from the alienation of any other property shall be taxable only in the Contracting State of which the alienator is a resident.

§ 2 The term "professional services" includes, inter alia, independent scientific, literary, artistic, educational or teaching activities of physicians, lawyers, engineers, architects, dentists and accountants.

Article 15 Dependent personal services

§ 1 Subject to the provisions of Articles 16, 18 and 19, salaries, wages another similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that Contracting State unless the employment is exercised in the other Contracting State. Chapter V: Provisions for elimination of double taxation

Article 23

§ 1 In the case of income which may be taxed in Israel in accordance with this Convention, whether directly

or by deduction, and which is liable to tax in Belgium according to Belgian law:

(a)

(i) When a company which is a resident of Belgium owns shares in a company which is a resident of Israel, the dividends paid thereon to the former company which have not been dealt with in accordance with paragraph 4 of Article 10 shall be exempted in Belgium from the tax referred to in paragraph 3 (b) (ii) of Article 2 to the extent that exemption would have been accorded if the two companies had been residents of Belgium.

(ii) A company which is a resident of Belgium and which owns directly shares in a company which is a resident of Israel during the whole of the accounting period of the latter company shall likewise be exempted or granted relief from the prepayment on income from movable property (précompte mobilier) chargeable in accordance with Belgian law on the net amount of the dividends referred to above which are paid to it by the said company which is a resident of Israel, provided that it so requests in writing not later than the time limited for the submission of its annual return, on the understanding that, on redistribution to its own shareholders of dividends not charged to the said prepayment, the income then distributed and chargeable to the said prepayment shall not be reduced by the amount of such dividends notwithstanding Belgian law.

This exemption shall not apply when the first-mentioned company has elected that its profits be charged to the individual income tax.

However, the application of this provision will be limited to dividends paid by a company which is a resident of Israel to a company which is a resident of Belgium which controls directly or indirectly not less than 10 per cent of the voting power in the former company, in cases where, in regard to the exemption of the tax referred to in paragraph (3) (b) (ii) of Article 2, a similar limitation would be imposed by Belgian legislation in respect of dividends paid by companies not residents of Belgium.

(iii) In cases not covered by sub-paragraphs (a) (i) and (ii), when a resident of Belgium receives income dealt with in accordance with paragraph 2 of Article 10, paragraphs 2 and 6 of Article

11 and paragraphs 2 and 7 of Article 12, Belgium shall reduce the Belgian tax charged thereon by a deduction in respect of the tax leviable in Israel. The deduction shall be allowed against the tax chargeable on the net amount of the dividends from the company which is a resident of Israel as well as of interest and royalties arising in Israel which were taxable there; the deduction shall be the fixed credit for foreign tax for which provision is made in Belgian law, but shall in no case be less than 15 per cent of the gross amount of such income which is included in the taxable base of the recipient of that income.

(b)

(i) When a resident of Belgium receives income other than mentioned in subparagraph (a) above which may be taxed in accordance with the provisions of this Convention, Belgium shall exempt such income from tax, but may in calculating the amount of the tax on the remaining income of that resident apply the rate of tax which would have been applicable if the income in question had not been exempted.

(ii) Income chargeable as business profits in accordance with Belgian law in the hands of members of companies and bodies of persons shall be treated as though it were profits arising from a business carried on by the members themselves on their own account.

(iii) Notwithstanding sub-paragraph (b) (i) above, Belgian tax may be charged on income chargeable in Israel to the extent that this income has not been charged in Israel because of the set-off of losses also deducted, in respect of any accounting period, from income taxable in Belgium.

§ 2 In the case of income which has been taxed in Belgium in accordance with this Convention, whether directly or by deduction, and which is liable to tax in Israel according to Israeli laws:

(a) When a company which is a resident of Israel owns shares in a company which is a resident of Belgium, the dividends paid thereon to the former company which have not been dealt with in accordance with paragraph 4 of Article 10 shall be liable in Israel to tax according to its law, but Israel shall allow a credit of 25 per cent of the dividends in consideration of Belgian tax on the dividends and part of the Belgian tax on the profits out of which the dividends were paid.

(b) Dividends, paid by a company resident of Belgium to a company resident in Israel, which owns at least 10 per cent of the voting power of the company paying the dividends, shall be excluded from the tax base in Israel, but only in so far as such dividends would be excluded from the tax base by Israeli tax laws in case both companies had been resident of Israel.

(c) In all other cases Israel shall, subject to its law governing credit for foreign tax, allow a credit in the amount of the tax paid in Belgium in accordance with this Convention.

§ 3 When a resident of a Contracting State owns capital or property which, in accordance with the provisions of this Convention, may be taxed in the other Contracting State, the first-mentioned State shall exempt such capital or property from tax but may, in calculating tax on the remaining capital or property of that resident, apply the rate of tax which would have been applicable if the exempted capital or property had not been so exempted.

Chapter VI: Special provisions

Article 24 Non-discrimination

§ 1 The nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which nationals of that, other Contracting State in the same circumstances are or may be subjected.

§ 2 The term "nationals" means:

(a) all individuals possessing the nationality of a Contracting State;

(b) all legal persons, partnerships and associations deriving their status as such from the law in force in a Contracting State.

§ 3 The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other Contracting State than the taxation levied on enterprises of that other Contracting State carrying on the same activities.

This provision shall not be construed:

(a) as preventing a Contracting State from taxing the total amount of the profits attributable to a permanent establishment available in this Contracting State to a company which is a resident of the other Contracting State, or to an association having its place of management in that other Contracting State, at the rate fixed by its national law, provided that such rate does not exceed in principle the highest rate applicable to the total or a fraction of the profits of companies which are residents of the first-mentioned Contracting State;

(b) as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

§ 4 Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned Contracting State, shall not be subjected in the first-mentioned Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of that first mentioned Contracting State are or may be subjected.

§ 5 In this Article the term "taxation" means taxes of every kind and description.

Article 25 Mutual agreement procedure

§ 1 Where a resident of a Contracting State considers that the actions of one or both of the Contracting States results or will result for him in double taxation not in accordance with this Convention, he may, without prejudice to the remedies provided by the national laws of these States, address to the competent authority of the Contracting State of which he is a resident an application in writing stating the grounds for claiming a revision of that taxation.
