AGREEMENT BETWEEN THE GOVERNMENT OF THE REPUBLIC OF SOUTH AFRICA AND THE GOVERNMENT OF THE REPUBLIC OF RWANDA FOR THE AVOIDANCE OF DOUBLE TAXATION AND THE PREVENTION OF FISCAL EVASION WITH RESPECT TO TAXES ON INCOME

Preamble

The Government of the Republic of South Africa and the Government of the Republic of Rwanda desiring to promote and strengthen the economic relations between the two countries, have agreed as follows:

Article 1 Persons Covered

This Agreement shall apply to persons who are residents of one or both of the Contracting States.

Article 2 Taxes Covered

(1) This Agreement shall apply to taxes on income imposed on behalf of a Contracting State or of its political subdivisions, irrespective of the manner in which they are levied.

(2) There shall be regarded as taxes on income all taxes imposed on total income, or on elements of income, including taxes on gains from the alienation of movable or immovable property.

(3) The existing taxes to which the Agreement shall apply are:

(a) in Rwanda, the direct taxes on different profits and professional income and any withholding tax, prepayment or advance payment with respect to the aforesaid taxes;

(hereinafter referred to as "Rwandan tax"); and

(b) in South Africa:

(i) the normal tax;

(ii) the secondary tax on companies; and

(iii) the withholding tax on royalties;

(hereinafter referred to as "South African tax").

4. The Agreement shall apply also to any identical or substantially similar taxes that are imposed by either Contracting State after the date of signature of the Agreement in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes that have been made in their respective taxation laws.

Article 3 General Definitions

1. For the purposes of this Agreement, unless the context otherwise requires:

(a) the term "Rwanda" means the Republic of Rwanda and when used in its geographic sense includes all the territory within which Rwanda may exercise sovereign rights in accordance with international law;

(b) the term "South Africa" means the Republic of South Africa and, when used in a geographical sense, includes the territorial sea thereof as well as any area outside the territorial sea, including the continental shelf, which has been or may hereafter be designated, under the laws of South Africa and in accordance with international law, as an area within which South Africa may exercise sovereign rights or jurisdiction;

(c) the terms "a Contracting State" and "the other Contracting State" mean Rwanda or South Africa, as the context requires;

- (k) the term "person" includes an individual, a company and any other body of persons that is treated as an entity for tax purposes.

2. As regards the application of the provisions of the Agreement at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that State for the purposes of the taxes to which the Agreement applies, any meaning under the applicable tax laws of that State prevailing over a meaning given to the term under other laws of that State.

Article 4 Resident

1. For the purposes of this Agreement, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of that person's domicile, residence, place of management or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources therein.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then that individual's status shall be determined as follows:

- (a) the individual shall be deemed to be a resident solely of the State in which a permanent home is available to the individual; if a permanent home is available to the individual in both States, the individual shall be deemed to be a resident solely of the State with which the individual's personal and economic relations are closer (centre of vital interests);
- (b) if sole residence cannot be determined under the provisions of subparagraph (a), the individual shall be deemed to be a resident solely of the State in which the individual has an habitual abode;
- (c) if the individual has an habitual abode in both States or in neither of them, the individual shall be deemed to be a resident solely of the State of which the individual is a national;
- (d) if the individual is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident solely of the State in which its place of effective management is situated.

Article 5 Permanent Establishment

1. For the purposes of this Agreement, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

- (a) a place of management;
- (b) a branch;
- (c) an office;
- (d) a factory;
- (e) a workshop;
- (f) a mine, an oil or gas well, a quarry or any other place of extraction or exploitation of natural resources; and
- (g) an installation or structure used for the exploration for, or the exploitation of, natural resources.

3. The term "permanent establishment" likewise encompasses:

- (a) a building site, a construction, assembly or installation project or any supervisory activity in connection with such site or project, but only where such site, project or activity continues for a period of more than six months;
- (b) the furnishing of services, including consultancy services, by an enterprise through employees or other personnel engaged by an enterprise for such purpose, but only where activities of that nature continue (for the same or a connected project) within the Contracting State for a period or periods

exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned;

(c) the performance of professional services or other activities of an independent character by an individual, but only where those services or activities continue within a Contracting State for a period or periods exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

(a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

(d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or for collecting information, for the enterprise;

(e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character; and

(f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6 Income From Immovable Property

1. Income derived by a resident of a Contracting State from immovable property, including income from agriculture or forestry, situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources. Ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

Article 7 Business Profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there

shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment including executive and general administrative expenses so incurred, whether in the Contracting State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment, for amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

4. In so far as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary. The method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8 Shipping and Air Transport

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.

2. For the purposes of this Article, profits from the operation of ships or aircraft in international traffic shall include profits derived from the rental on a bare boat basis of ships or aircraft used in international traffic, if such profits are incidental to the profits to which the provisions of paragraph 1 apply.

3. Profits of an enterprise of a Contracting State from the use or rental of containers (including trailers, barges and related equipment for the transport of containers) used for the transport in international traffic of goods or merchandise shall be taxable only in that State.

4. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency, but only to so much of the profits so derived as is attributable to the participation in proportion to its share in the joint operation.

Article 9 Associated Enterprises

1. Where

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State may make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting States shall if necessary consult each other.

Article 10 Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

(a) 10 per cent of the gross amount of the dividends if the beneficial owner is a company which holds at least 25 per cent of the capital of the company paying the dividends; or

(b) 20 per cent of the gross amount of the dividends in all other cases.

The competent authorities of the Contracting States shall settle the mode of application of these limitations by mutual agreement.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares or other rights participating in profits (not being debt-claims), as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the Contracting State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case, the provisions of Article 7 shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except in so far as such dividends are paid to a resident of that other State or in so far as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11 Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State shall be exempt from tax in that State if it is derived by the Government of the other Contracting State or a political subdivision or a local authority thereof, or any agency wholly owned and controlled by that Government or subdivision or authority.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purposes of this Article.

5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein and the debt-claim in respect of

which the interest is paid is effectively connected with such permanent establishment. In such case, the provisions of Article 7 shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the State in which the permanent establishment is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 12 Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise, and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the royalties.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work (including cinematograph films and films, tapes or discs for radio or television broadcasting), any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such case, the provisions of Article 7 shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment with which the right or property in respect of which the royalties are paid is effectively connected, and such royalties are borne by such permanent establishment, then such royalties shall be deemed to arise in the State in which the permanent establishment is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 13 Capital Gains

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise), may be taxed in that other State.

3. Gains of an enterprise of a Contracting State from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft, shall be taxable only in that State.

4. Gains from the alienation of shares of the capital stock of a company the property of which consists directly or indirectly principally of immovable property situated in a Contracting State may be taxed in that State.

5. Gains from the alienation of any property other than that referred to in the preceding paragraphs of this Article, shall be taxable only in the Contracting State of which the alienator is a resident.

Article 14 Technical Fees

1. Technical fees arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such technical fees may also be taxed in the Contracting State in which they arise, and according to the laws of that State, but if the beneficial owner of the technical fees is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the technical fees.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. The term "technical fees" as used in this Article means payments of any kind to any person, other than to an employee of the person making the payments, in consideration for any service of a technical, managerial or consultancy nature, unless the payment is limited to the reimbursement of actual expenses incurred by that person with respect to the service.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the technical fees, being a resident of a Contracting State, carries on business in the other Contracting State in which the technical fees arise, through a permanent establishment situated therein and the technical fees are effectively connected with such permanent establishment. In such case, the provisions of Article 7 shall apply.

5. Technical fees shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the technical fees, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the obligation to pay the technical fees was incurred, and such technical fees are borne by the permanent establishment, then such technical fees shall be deemed to arise in the State in which the permanent establishment is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the technical fees paid exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 15 Income From Employment

1. Subject to the provisions of Articles 16, 18, and 19, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

(a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned, and

(b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State, and

(c) the remuneration is not borne by a permanent establishment which the employer has in the other State.

3. Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised aboard a ship or aircraft operated in international traffic by an enterprise of a Contracting State may be taxed in that State.

Article 16 Directors' Fees

Directors' fees and similar payments derived by a resident of a Contracting State in that person's capacity as a member of the board of directors of a company which is a resident of the other Contracting State may be taxed in that other State.

Article 17 Entertainers and Sportspersons

1. Notwithstanding the provisions of Articles 7 and 15, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsperson, from that person's personal activities as such exercised in the other Contracting State, may be taxed in that other State.

2. Where income in respect of personal activities exercised by an entertainer or a sportsperson in that person's capacity as such accrues not to the entertainer or sportsperson but to another person, that income may, notwithstanding the provisions of Articles 7 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsperson are exercised.

Article 18 Pensions and Annuities

1. Subject to the provisions of paragraph 2 of Article 19, pensions and other similar remuneration, and annuities, arising in a Contracting State and paid to a resident of the other Contracting State, may be taxed in the first-mentioned State.

2. The term "annuity" means a stated sum payable periodically at stated times during life or during a specified or ascertainable period of time under an obligation to make the payments in return for adequate and full consideration in money or money's worth.

Article 19 Government Service

1. (a) Salaries, wages and other similar remuneration, other than a pension, paid by a Contracting State or a political subdivision or a local authority thereof to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State.

(b) However, such salaries, wages and other similar remuneration shall be taxable only in the other Contracting State if the services are rendered in that State and the individual is a resident of that State who:

(i) is a national of that State; or

(ii) did not become a resident of that State solely for the purpose of rendering the services.

2. (a) Any pension paid by, or out of funds created by, a Contracting State or a political subdivision or a local authority thereof to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State.

(b) However, such pension shall be taxable only in the other Contracting State if the individual is a resident of, and a national of, that State.

3. The provisions of Articles 15, 16, 17 and 18 shall apply to salaries, wages and other similar remuneration, and to pensions, in respect of services rendered in connection with a business carried on by a Contracting State or a political subdivision or a local authority thereof.

Article 20 Students, Apprentices and Business Trainees

Students, apprentices or business trainees who are present in a Contracting State solely for the purpose of their education or training and who are, or immediately before being so present were residents of the other Contracting State, shall be exempt from tax in the first-mentioned State on payments received from outside that first-mentioned State for the purposes of their maintenance, education or training.

Article 21 Other Income

1. Items of income of a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Agreement shall be taxable only in that State.

2. The provisions of paragraph 1 shall not apply to income, other than income from immovable property as defined in paragraph 2 of Article 6, if the recipient of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein and the right or property in respect of which the income is paid is effectively connected with such permanent establishment. In such case, the provisions of Article 7 shall apply.

3. Notwithstanding the provisions of paragraphs 1 and 2, items of income of a resident of a Contracting State not dealt with in the foregoing Articles of the Agreement and arising in the other Contracting State may also be taxed in that other State.

Article 22 Elimination of Double Taxation

Double taxation shall be eliminated as follows:

(a) in Rwanda, South African tax paid by residents of Rwanda in respect of income taxable in South Africa, in accordance with the provisions of this Agreement, shall be deducted from the taxes due according to Rwandan fiscal law. Such deduction shall not, however, exceed an amount which bears to the total Rwandan tax payable the same ratio as the income concerned bears to the total income;

(b) in South Africa, subject to the provisions of the law of South Africa regarding the deduction from tax payable in South Africa of tax payable in any country other than South Africa (which shall not

affect the general principle hereof), Rwandan tax paid by residents of South Africa in respect of income taxable in Rwanda, in accordance with the provisions of this Agreement, shall be deducted from the taxes due according to South African fiscal law. Such deduction shall not, however, exceed an amount which bears to the total South African tax payable the same ratio as the income concerned bears to the total income.

Article 23 Non-Discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.
2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.
3. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, paragraph 6 of Article 12 or paragraph 6 of Article 14 apply, interest, royalties, technical fees and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.
4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of that first-mentioned State are or may be subjected.
5. Nothing contained in this Article shall prevent South Africa from imposing on the profits attributable to a permanent establishment in South Africa of a company, which is a resident of Rwanda, a tax at a rate which does not exceed the rate of normal tax on companies by more than five percentage points.
6. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

Article 24 Mutual Agreement Procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for that person in taxation not in accordance with the provisions of this Agreement, that person may, irrespective of the remedies provided by the domestic law of those States, present a case to the competent authority of the Contracting State of which the person is a resident or, if the case comes under paragraph 1 of Article 23, to that of the Contracting State of which the person is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Agreement.
2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.
3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement. They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.
4. The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs.

1. The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Agreement or of the domestic law concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions in so far as the taxation thereunder is not contrary to the Agreement. The exchange of

information is not restricted by Articles 1 and 2. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic law of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, the taxes referred to in the first sentence. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

2. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

(b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
