The Government of the Republic of South Africa and the Government of the Kingdom of Belgium, Desiring to conclude a Convention for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income, have agreed as follows:

Article 1 Personal Scope
This Convention shall apply to persons who are residents of one or both of the Contracting States.

Article 2 Taxes Covered
1. This Convention shall apply to taxes on income imposed on behalf of a Contracting State or of its political subdivisions, irrespective of the manner in which they are levied.
2. There shall be regarded as taxes on income all taxes imposed on total income or on elements of income, including taxes on gains from the alienation of movable or immovable property, as well as taxes on capital appreciation.
3. The existing taxes to which the Convention shall apply are in particular:
   a) in the case of Belgium:
      i) the individual income tax;
      ii) the corporate income tax;
      iii) the income tax on legal entities;
      iv) the income tax on non-residents;
      v) the special levy assimilated to the individual income tax;
      vi) the supplementary crisis contribution;
   b) in the case of South Africa:
      i) the normal tax;
      ii) the non-resident shareholders’ tax;
      iii) the secondary tax on companies;
   c) the term “Belgium” means the Kingdom of Belgium and, when used in a geographical sense, means the territory of the Kingdom of Belgium, including the territorial sea and any other area in the sea and in the air within which the Kingdom of Belgium, in accordance with international law, exercises sovereign rights or jurisdiction;
   d) the term “South Africa” means the Republic of South Africa and, when used in a geographical sense, includes the territorial sea thereof as well as any area outside the territorial sea, including the continental shelf, which has been or may hereafter be designated, under the laws of South Africa and in accordance with international law, as an area within which South Africa may exercise sovereign rights or jurisdiction;
   e) the terms “a Contracting State” and “the other Contracting State” mean Belgium or South Africa as the context requires;
   f) the term “person” includes an individual, a company and any other body of persons;
d) the term "company" means any body corporate or any entity which is treated as a body corporate for tax purposes;

e) the terms "enterprise of a Contracting State" and "enterprise of the other Contracting State" mean respectively an enterprise carried on by a resident of a Contracting State and an enterprise carried on by a resident of the other Contracting State;

f) the term "international traffic" means any transport by a ship or aircraft operated by an enterprise which has its place of effective management in a Contracting State, except when the ship or aircraft is operated solely between places in the other Contracting State;

g) the term "competent authority" means:
(i) in the case of Belgium, the Director General of direct taxes or his authorised representative, and
(ii) in the case of South Africa, the Commissioner for Inland Revenue or his authorised representative;

h) the term "nationals" means:
(i) all individuals possessing the nationality of a Contracting State;
(ii) all legal persons, partnerships and associations deriving their status as such from the laws in force in a Contracting State.

2. As regards the application of the Convention by a Contracting State any term not defined therein shall, unless the context otherwise requires, have the meaning which it has under the law of that State concerning the taxes to which the Convention applies.

Article 4 Resident
1. For the purposes of this Convention, the term "resident of a Contracting State" means:

   a) in the case of Belgium, any person who, under the laws of Belgium, is liable to tax in Belgium by reason of his domicile, residence, place of management or any other criterion of a similar nature;

   b) in the case of South Africa, any individual who is ordinarily resident in South Africa and any other person which has its place of effective management in South Africa.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

   a) he shall be deemed to be a resident of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident of the State with which his personal and economic relations are closer (centre of vital interests);

   b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident of the State in which he has an habitual abode;

   c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident of the State of which he is a national;

   d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident of the State in which its place of effective management is situated.

Article 5 Permanent Establishment
1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

   a) a place of management;

   b) a branch;

   c) an office;

   d) a factory;

   e) a workshop, and

   f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

3. A building site, a construction, assembly or installation project or any supervisory activity in connection therewith constitutes a permanent establishment only if it lasts more than twelve months.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

   a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

   b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the 
purpose of processing by another enterprise;
d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or 
merchandise or of collecting information, for the enterprise;
e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the 
enterprise, any other activity of a preparatory or auxiliary character;
f) the maintenance of a fixed place of business solely for any combination of activities mentioned in 
subparagraphs a) to e), provided that the overall activity of the fixed place of business resulting from 
this combination is of a preparatory or auxiliary character.
5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting on behalf of an enterprise and has, and 
habitually exercises, in a Contracting State an authority to conclude contracts in the name of the 
enterprise, that enterprise shall be deemed to have a permanent establishment in that State in 
respect of any activities which that person undertakes for the enterprise, unless the activities of such 
person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of 
business, would not make this fixed place of business a permanent establishment under the provisions 
of that paragraph.
6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State 
merely because it carries on business in that State through a broker, general commission agent or any 
other agent of an independent status, provided that such persons are acting in the ordinary course of 
their business.
7. The fact that a company which is a resident of a Contracting State controls or is controlled by a 
company which is a resident of the other Contracting State, or which carries on business in that other 
State (whether through a permanent establishment or otherwise), shall not of itself constitute either 
company a permanent establishment of the other.

Article 6 Income From Immovable Property
1. Income derived by a resident of a Contracting State from immovable property (including income 
from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.
2. The term "immovable property" shall have the meaning which it has under the law of the 
Contracting State in which the property in question is situated. The term shall in any case include 
property accessory to immovable property, livestock and equipment used in agriculture and forestry, 
rights to which the provisions of general law respecting landed property apply, usufruct of immovable 
property and rights to variable or fixed payments as consideration for the working of, or the right to 
work, mineral deposits, sources and other natural resources. Ships, boats and aircraft shall not be 
regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting or use in 
any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an 
enterprise and to income from immovable property used for the performance of independent personal 
services.

Article 7 Business Profits
1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the 
enterprise carries on business in the other Contracting State through a permanent establishment 
situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be 
taxed in the other State but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on 
business in the other Contracting State through a permanent establishment situated therein, there 
shall in each Contracting State be attributed to that permanent establishment the profits which it 
might be expected to make if it were a distinct and separate enterprise engaged in the same or similar 
activities under the same or similar conditions and dealing wholly independently.
3. In determining the profits of a permanent establishment, there shall be allowed as deductions 
expenses which are incurred for the purposes of the permanent establishment, including executive 
and general administrative expenses so incurred, whether in the State in which the permanent 
establishment is situated or elsewhere.
4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to 
a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its 
various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the 
profits to be taxed by such an apportionment as may be customary. The method of apportionment
adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.
5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

**Article 8 Shipping and Air Transport**
1. Profits from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.
2. For the purpose of this Article, profits from the operation of ships or aircraft in international traffic shall include:
   a) profits derived from the rental on a bare boat basis of ships or aircraft used in international traffic,
   b) profits derived from the use or rental of containers,
   if such profits are incidental to the profits to which the provisions of paragraph 1 apply.
3. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.
4. The provisions of paragraphs 1 and 2 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

**Article 9 Associated Enterprises**
1. Where:
   a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State,
   or
   b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,
   and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises,
   then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.
2. Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first- mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State may make such an adjustment as it considers appropriate to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

**Article 10 Dividends**
1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State the tax so charged shall not exceed:
   a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company which holds directly or indirectly at least 25 per cent of the capital of the company paying the dividends;
   b) 15 per cent of the gross amount of the dividends in all other cases.
   This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.
3. The term "dividends" as used in this Article means income from shares, "jouissance" shares or "jouissance" rights, mining shares, founders' shares or other rights, not being debt- claims, participating in profits, as well as income - even paid in the form of interest - which is treated as income from shares by the internal tax legislation of the State of which the paying company is a resident.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

**Article 11 Interest**

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest shall be exempted from tax in the Contracting State in which it arises if it is:
   a) interest on commercial debt- claims - including debt- claims represented by commercial paper - resulting from deferred payments for goods, merchandise or services supplied by an enterprise;
   b) interest paid in respect of a loan made, guaranteed or insured, or a credit extended, guaranteed or insured by a public financial institution or a public entity under a scheme for the promotion of exports;
   c) interest on loans of any nature - not represented by bearer instruments - granted by a banking enterprise;
   d) interest on deposits - not represented by bearer instruments - with a banking enterprise;
   e) interest paid to the other Contracting State.

4. The term “interest” as used in this Article means income from debt- claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor’s profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. However, the term “interest” shall not include for the purpose of this Article penalty charges for late payment nor interest regarded as dividends under paragraph 3 of Article 10.

5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt- claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt- claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last- mentioned amount. In such case, the excess part of the payments shall remain taxable in the Contracting State in which the interest arises according to the laws of that State.

**Article 12 Royalties**

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State shall be taxable only in that other State if such resident is the beneficial owner of the royalties.
2. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films and films, tapes or discs for television or radio broadcasting, any software, patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.

3. The provisions of paragraph 1 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

4. Royalties shall be deemed to arise in a Contracting State when the payee is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

5. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which the royalties are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable in the Contracting State in which the royalties arise, according to the laws of that State.

Article 13 Capital Gains
1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.

3. Gains from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft, shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

4. Gains from the alienation of any property other than that referred to in paragraphs 1, 2 and 3, shall be taxable only in the Contracting State of which the alienator is a resident.

Article 14 Independent Personal Services
1. Income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that State unless he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities. If he has such a fixed base, the income may be taxed in the other State but only so much of it as is attributable to that fixed base.

2. The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

Article 15 Dependent Personal Services
1. Subject to the provisions of Articles 16, 18 and 19, salaries, wages and similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:
   a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in any twelve-month period, and
b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State, and

c) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in the other State.

3. Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised aboard a ship or aircraft operated in international traffic, may be taxed in the Contracting State in which the place of effective management of the enterprise is situated.

**Article 16 Directors' Fees**

1. Directors' fees and similar payments derived by a resident of a Contracting State in his capacity as a member of the board of directors or a similar organ of a company which is a resident of the other Contracting State may be taxed in that other State.

2. The provisions of paragraph 1 shall also apply to payments derived in respect of the discharge of functions which, under the laws of the Contracting State of which the company is a resident, are regarded as functions of a similar nature to those exercised by a person referred to therein.

3. Remuneration derived by a person referred to in paragraph 1 from the company in respect of the discharge of day-to-day functions of a managerial or technical nature may be taxed in accordance with the provisions of Article 15, as if such remuneration were remuneration derived by an employee in respect of an employment and as if references to the “employer” were references to the company.

4. The provisions of paragraph 3 shall also apply, in the case of Belgium, to remuneration received by a resident of South Africa in respect of his personal activity as a partner of a company, other than a company with share capital, which is a resident of Belgium.

**Article 17 Entertainers and Sportsmen**

Notwithstanding the provisions of Articles 7, 14 and 15:

a) income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsman, from his personal activities as such exercised in the other Contracting State, may be taxed in that other State;

b) where income in respect of personal activities exercised by an entertainer or a sportsman in his capacity as such accrues not to the entertainer or sportsman himself but to another person, that income may be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.

**Article 18 Pensions**

1. Subject to the provisions of paragraph 2 of Article 19, pensions and similar remuneration paid to a resident of a Contracting State in consideration of past employment shall be taxable only in that State.

2. However, pensions and other allowances, periodic or non-periodic, paid under the social security legislation of a Contracting State shall be taxable only in that State. This provision also applies to pensions and allowances paid under a public scheme organised by a Contracting State in order to supplement the benefits of that legislation.

**Article 19 Government Service**

1. a) Remuneration, other than a pension, paid by a Contracting State or a political subdivision or a local authority thereof to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State.

   b) However, such remuneration shall be taxable only in the other Contracting State if the individual is a resident of that State who:
      (i) is a national of that State; or
      (ii) did not become a resident of that State solely for the purpose of rendering the services.

2. a) Any pension paid by, or out of funds created by, a Contracting State or a political subdivision or a local authority thereof to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State.

   b) However, such pension shall be taxable only in the other Contracting State if the individual is a resident of, and a national of, that State.

A resident of a Contracting State shall be exempt from tax in the other Contracting State in respect of items of income which are not dealt with in the foregoing Articles of this Convention if he is taxable in the first-mentioned State in respect of such items of income.

Article 22 Elimination of Double Taxation
1. In the case of Belgium:
   a) Where a resident of Belgium derives income which may be taxed in South Africa in accordance with the provisions of this Convention, other than those of paragraph 2 of Article 10, of paragraphs 2 and 7 of Article 11 and of paragraph 5 of Article 12, Belgium shall exempt such income from tax but may, in calculating the amount of tax on the remaining income of that resident, apply the rate of tax which would have been applicable if such income had not been exempted.
   b) Subject to the provisions of Belgian law regarding the deduction from Belgian tax of taxes paid abroad, where a resident of Belgium derives items of his aggregate income for Belgian tax purposes which are dividends taxable in accordance with paragraph 2 of Article 10, and not exempt from Belgian tax according to subparagraph c) hereinafter, interest taxable in accordance with paragraph 2 or 7 of Article 11, or royalties taxable in accordance with paragraph 5 of Article 12, the South African tax levied on that income shall be allowed as a credit against Belgian tax relating to such income.
   c) Dividends within the meaning of paragraph 3 of Article 10, derived by a company which is a resident of Belgium, from a company which is a resident of South Africa shall be exempt from the corporate income tax in Belgium under the conditions and within the limits provided for in Belgian law.
   d) Where, in accordance with Belgian law, losses incurred by an enterprise carried on by a resident of Belgium in a permanent establishment situated in South Africa, have been effectively deducted from the profits of that enterprise for its taxation in Belgium, the exemption provided for in subparagraph a) shall not apply in Belgium to the profits of other taxable periods attributable to that establishment to the extent that those profits have not been subjected to tax in South Africa by reason of compensation for the said losses.
2. In the case of South Africa:
   a) Belgian taxes paid by residents of South Africa in respect of income taxable in Belgium, in accordance with the provisions of the Convention, shall be deducted from the taxes due according to South African fiscal law. Such deduction shall not, however, exceed that part of the South African tax, as computed before the deduction is given, which is attributable to the income which may be taxed in Belgium.
   b) As regards the application of the provisions of subparagraph a), it is understood that the amount of the South African tax which is attributable to such income which has been subjected to tax in Belgium shall be:
      (i) where the tax on such income is computed by applying a proportional rate, the amount of the net income concerned multiplied by that rate; and
      (ii) where the tax on such income is computed by applying a progressive scale, an amount which bears to the net income concerned the same ratio as the total tax payable bears to the total net income which is subject to tax in accordance with South African fiscal law.

Article 23 Non-Discrimination
1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.
2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.
3. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, or paragraph 5 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting
State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

5. Nothing contained in this Article shall be construed as preventing Belgium:
   a) from taxing the profits attributable to a permanent establishment in Belgium of a company which is a resident of South Africa at the rate of tax provided by the Belgian law, provided that this rate does not exceed the normal rate applicable to the profits of companies which are residents of Belgium;
   b) from imposing the movable property prepayment on dividends derived from a holding which is effectively connected with a permanent establishment maintained in Belgium by a company which is a resident of South Africa.

6. In this Article the term “taxation” means taxes which are the subject of this Convention.

Article 24 Mutual Agreement Procedure
1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident, or if his case comes under paragraph 1 of Article 23, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention.

4.
