CONVENTION BETWEEN THE GOVERNMENT OF THE REPUBLIC OF SOUTH AFRICA AND THE GOVERNMENT OF JAPAN FOR THE AVOIDANCE OF DOUBLE TAXATION AND THE PREVENTION OF FISCAL EVASION WITH RESPECT TO TAXES ON INCOME

The Government of the Republic of South Africa and the Government of Japan,
Desiring to conclude a Convention for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income,
Have agreed as follows:

Article 1

This Convention shall apply to persons who are residents of one or both of the Contracting States.

Article 2

1. The existing taxes to which this Convention shall apply are:

(a) in Japan:

- (i) the income tax;
- (ii) the corporation tax; and
- (iii) the local inhabitant taxes (hereinafter referred to as "Japanese tax");

(b) in South Africa:

- (i) the normal tax; and
- (ii) the secondary tax on companies (hereinafter referred to as "South African tax").

2. The Convention shall apply also to any identical or substantially similar taxes, whether national or local, which are imposed by a Contracting State or a political subdivision or local authority thereof after the date of signature of the Convention in addition to, or in place of, those referred to in paragraph 1. The competent authorities of the Contracting State shall notify each other of any substantial changes which have been made in their respective taxation laws within a reasonable period of time after such changes.

Article 3

1. For the purposes of this Convention, unless the context otherwise requires:

- (a) the term "Japan", when used in a geographical sense, means all the territory of Japan, including its territorial sea, in which the laws relating to Japanese tax are in force, and all the area beyond its territorial sea, including the sea-bed and subsoil thereof, over which Japan has jurisdiction in accordance with international law and in which the laws relating to Japanese tax are in force;
- (b) the term "South Africa" means the Republic of South Africa and, when used in a geographical sense, includes the territorial sea thereof as well as any area outside the territorial sea, including the continental shelf, which has been or may hereafter be designated, under the laws of South Africa and in accordance with international law, as an area within which South Africa may exercise sovereign rights or jurisdiction;
- (c) the terms "a Contracting State" and "the other Contracting State" mean Japan or South Africa, as the context requires;
- (d) the term "person" includes an individual, a company and any other body of persons which is treated as an entity for tax purposes;
- (e) the term "company" means any body corporate or any entity which is treated as a body corporate for tax purposes;
- (f) the terms "enterprise of a Contracting State" and "enterprise of the other Contracting State" mean respectively an enterprise carried on by a resident of a Contracting State and an enterprise carried on by a resident of the other Contracting State;
- (g) the term "international traffic" means any transport by a ship or aircraft operated by an enterprise of a Contracting State, except when the ship or aircraft is operated solely between places in the other Contracting State;

(h) the term "competent authority" means:

(i) in the case of Japan, the Minister of Finance or his authorized representative;

(ii) in the case of South Africa, the Commissioner for Inland Revenue or his authorized representative;

(i) the term "nationals" means;

(i) in the case of Japan, all individuals possessing the nationality of Japan and all juridical persons created or organized under the laws of Japan and all organizations without juridical personality treated for the purposes of Japanese tax as juridical persons created or organized under the laws of Japan;

(ii) in the case of South Africa, all individuals possessing the nationality of South Africa and all legal persons and associations deriving their status as such from the laws in force in South Africa; and

(j) the term "tax" means Japanese tax or South African tax, as the context requires.

2. As regards the application of the Convention at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning which it has at that time under the laws of that Contracting State for the purposes of the taxes to which the Convention applies, any meaning under the applicable tax laws of that Contracting State prevailing over a meaning given to them under other laws of that Contracting State.

Article 4

1. For the purposes of this Convention, the term "resident of a Contracting State" means:

(a) in relation to Japan, any person who, under the laws of Japan, is liable to tax therein by reason of his domicile, residence, place of head or main office or any other criterion of a similar nature;

(b) in relation to South Africa, any individual who, under the laws of South Africa, is ordinarily resident in South Africa and any other person other than an individual which has its place of effective management in South Africa.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

(a) he shall be deemed to be a resident of the Contracting State in which he has a permanent home available to him; if he has a permanent home available to him in both Contracting States, he shall be deemed to be a resident of the Contracting State with which his personal and economic relations are closer (centre of vital interests);

(b) if the Contracting State in which has his centre of vital interests cannot be determined, or if he does not have a permanent home available to him in either Contracting States, he shall be deemed to be a resident of the Contracting State of which he has a habitual abode;

(c) if he has an habitual abode in both Contracting States or in neither of them, he shall be deemed to be a resident of the Contracting State of which he is a national;

(d) if he is a national of both Contracting States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then the competent authorities of the Contracting States shall determine by mutual agreement the Contracting State of which that person shall be deemed to be a resident for the purposes of the Convention.

Article 5

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

(a) a place of management;

(b) a branch;

(c) an office;

(d) a factory;

(e) a workshop; and

(f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

3. A building site, a construction, installation or assembly project or supervisory activities in connection therewith, constitute a permanent establishment only if such site, project or activities last more than twelve months.

4. Notwithstanding the provisions of the preceding paragraphs of this Article, the term "permanent establishment" shall be deemed not to include:

(a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

(d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;

(e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character; and

(f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person -- other than an agent of an independent status to whom the provisions of paragraph 6 apply-- is acting on behalf of an enterprise and has, and habitually, exercises, in a Contracting State and authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that Contracting State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that Contracting State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other Contracting State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

1. Income derived by a resident of a Contracting State from immovable property, including income from agriculture or forestry, situated in the other Contracting State may be taxed in that other Contracting State.

2. The term "immovable property" shall have the meaning which it has under the laws of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting immovable property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources. Ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7

1. The profits of an enterprise of a Contracting State shall be taxable only in that Contracting State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other Contracting State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the Contracting State in which the permanent establishment is situated or elsewhere.

4. In so far as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the provisions of the preceding paragraphs of this Article, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

1. Profits from the operation of ships or aircraft in international traffic carried on by an enterprise of a Contracting State shall be taxable only in that Contracting State.

2. In respect of the operation of ships or aircraft in international traffic carried on by an enterprise of a Contracting State, that enterprise, if an enterprise of South Africa, shall be exempt from the enterprise tax in Japan, and, if an enterprise of Japan, shall be exempt from any tax similar to the enterprise tax in Japan which may hereafter be imposed in South Africa.

3. The provisions of the preceding paragraphs of this Article shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9

1. Where

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State, and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes, in accordance with the provisions of paragraph 1, in the profits of an enterprise of that Contracting State -- and taxes accordingly -- profits on which an enterprise of the other Contracting State has been charged to tax in that other Contracting State and where the competent authorities of the Contracting State agree, upon consultation, that all or part of the profits so included are profits which would have accrued to the enterprise of the first-mentioned Contracting State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other Contracting State shall make an appropriate adjustment to the amount of the tax charged therein on those agreed profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention.

Article 10

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that Contracting State, but if the recipient is the beneficial owner of the dividends, the tax so charged shall not exceed:

(a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company which owns at least 25 per cent of the voting shares of the company paying the dividends during the period of six months immediately before the end of the accounting period for which the distribution of profits takes place;

(b) 15 per cent of the gross amount of the dividends in all other cases.

The provisions of this paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected

to the same taxation treatment as income from shares by the laws of the Contracting State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other Contracting State may not impose any tax on the dividends paid by the company, except in so far as such dividends are paid to a resident of that other Contracting State or in so far as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other Contracting State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in that other Contracting State.

Article 11

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that Contracting State, but if the recipient is the beneficial owner of the interest, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and derived by the Government of the other Contracting State, a political subdivision or local authority thereof, the Central Bank of that other Contracting State or any financial institution wholly owned by that Government, or by any resident of the other Contracting State with respect to debt-claims guaranteed, insured or indirectly financed by the Government of that other Contracting State, a political subdivision or local authority thereof, the Central Bank of that other Contracting State or any financial institution wholly owned by that Government shall be exempt from tax in the first-mentioned Contracting State.

4. For the purposes of the provisions of paragraph 3, the terms "the Central Bank" and "financial institution wholly owned by that Government" mean:

(a) in the case of Japan:

(i) the Bank of Japan;

(ii) the Export-Import Bank of Japan;

(iii) the Overseas Economic Cooperation Fund;

(iv) the Japan International Cooperation Agency; and

(v) such other financial institution the capital of which is wholly owned by the Government of Japan as may be agreed upon from time to time between the Governments of the two Contracting States;

(b) in the case of South Africa:

(i) the South African Reserve Bank; and

(ii) such other financial institution the capital of which is wholly owned by the Government of South Africa as may be agreed upon from time to time between the Governments of the two Contracting States.

5. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures.

6. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

7. Interest shall be deemed to arise in a Contracting State when the payer is that Contracting State itself, a political subdivision or local authority thereof or a resident of that Contracting State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in

a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

8. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that Contracting State, but if the recipient is the beneficial owner of the royalties, the tax so charged shall not exceed 10 per cent of the gross amount of the royalties.

3. The term "royalties" as used in this Article means payment of any kind as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including software, cinematograph films and films or tapes for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial or scientific equipment, or for information concerning industrial, commercial or scientific experience, as well as receipts from a bare boat charter of ships or aircraft (other than those dealt with in Article 8).

4. Royalties shall be deemed to arise in a Contracting State when the payer is that Contracting State itself, a political subdivision or local authority thereof or a resident of that Contracting State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

5. The provisions of paragraphs 1, 2 and 4 of this Article shall likewise apply to proceeds arising from the alienation of any copyright of literary, artistic or scientific work including software, cinematograph films and films or tapes for radio or television broadcasting, any patent, trade mark, design or model, plan, or secret formula or process, except when the provisions of paragraph 2 of Article 13 are applicable to the gains to be derived from such proceeds.

6. The provisions of paragraphs 1, 2 and 5 shall not apply if the beneficial owner of the royalties or proceeds, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties or proceeds arise, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties or proceeds are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties or proceeds, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 13

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other Contracting State.

2. Gains from the alienation of any property, other than immovable property, forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of any property, other than immovable property, pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of

performing personal services, including such gains from the alienation of such a permanent establishment (alone or together with the whole enterprise) or of such fixed base, may be taxed in that other Contracting State.

3. Gains derived by an enterprise of a Contracting State from the alienation of ships or aircraft operated in international traffic and any property, other than immovable property, pertaining to the operation of such ships or aircraft shall be taxable only in that Contracting State.

4. Gains derived by a resident of a Contracting State from the alienation of any property other than that referred to in paragraph 5 of Article 12 and the preceding paragraphs of this Article and arising in the other Contracting State may be taxed in that other Contracting State.

Article 14

1. Income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that Contracting State unless:

(a) he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities; or

(b) he is present in that other Contracting State for a period or periods amounting to or exceeding in the aggregate 183 days in the calendar year concerned.

If he has such a fixed base or remains in that other Contracting State for the aforesaid period or periods, the income may be taxed in that other Contracting State but only so much of it as is attributable to that fixed base or is derived in that other Contracting State during the aforesaid period or periods.

2. The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

Article 15

1. Subject to the provisions of Articles 16 and 18, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that Contracting State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other Contracting State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned Contracting State if:

(a) the recipient is present in that other Contracting State for a period or periods not exceeding in the aggregate 183 days in the calendar year concerned, and

(b) the remuneration is paid by, or on behalf of, an employer who is not a resident of that other Contracting State, and

(c) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in that other Contracting State.

3. Notwithstanding the provisions of the preceding paragraphs of this Article, remuneration derived in respect of an employment exercised aboard a ship or aircraft operated in international traffic by an enterprise of a Contracting State may be taxed in that Contracting State.

Article 16

Directors' fees and other similar payments derived by a resident of a Contracting State in his capacity as a member of the board of directors of a company which is a resident of the other Contracting State may be taxed in that other Contracting State.

Article 17

1. Notwithstanding the provisions of Articles 7, 14 and 15, income derived by an individual who is a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsman, from his personal activities as such exercised in the other Contracting State, may be taxed in that other Contracting State.

2. Where income in respect of personal activities exercised in a Contracting State by an entertainer or a sportsman in his capacity as such accrues not to the entertainer or sportsman himself but to another person who is a resident of the other Contracting State, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.

3. Notwithstanding the provisions of paragraphs 1 and 2, income derived by a resident of a Contracting State from activities exercised in the other Contracting State, as envisaged in the said paragraphs, shall be exempt from tax in that other Contracting State if such income is derived from

such activities pursuant to a special programme for cultural exchange agreed upon between the Governments of the Contracting States.

Article 18

1.

(a) Salaries, wages and other similar remuneration, other than a pension, paid by a Contracting State or a political subdivision or local authority thereof to an individual in respect of services rendered to that Contracting State or a political subdivision or local authority thereof, in the discharge of functions of a governmental nature, shall be taxable only in that Contracting State.

(b) However, such salaries, wages and other similar remuneration shall be taxable only in the other Contracting State if the services are rendered in that other Contracting State and the individual is a resident of that other Contracting State who:

(i) is a national of that other Contracting State; or

(ii) did not become a resident of that other Contracting State solely for the purpose of rendering the services.

2.

(a) Any pension paid by, or out of funds to which contributions are made by, a Contracting State or a political subdivision or local authority thereof to an individual in respect of services rendered to that Contracting State or a political subdivision or local authority thereof shall be taxable only in that Contracting State.

(b) However, such pension shall be taxable only in the other Contracting State if the individual is a resident of, and a national of, that other Contracting State.

3. The provisions of Articles 15, 16, 17 and 20 shall apply to salaries, wages and other similar remuneration, and to pensions, in respect of services rendered in connection with a business carried on by a Contracting State or a political subdivision or local authority thereof.

Article 19

A student or business apprentice who is present in a Contracting State solely for the purpose of his education or training and who is, or immediately before being so present was, a resident of the other Contracting State, shall be exempt from tax in the first-mentioned Contracting State on payments received from outside that first-mentioned Contracting State for the purposes of his maintenance, education or training.

Article 20

1. Items of income of a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Convention shall be taxable only in that Contracting State.

2. The provisions of paragraph 1 shall not apply to income, other than income from immovable property as defined in paragraph 2 of Article 6, if the recipient of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the right or property in respect of which the income is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

3. Notwithstanding the provisions of paragraphs 1 and 2, items of income of a resident of a Contracting State not dealt with in the foregoing Articles of this Convention and arising in the other Contracting State may also be taxed in that other Contracting State.

Article 21

1. Subject to the laws of Japan regarding the allowance as a credit against Japanese tax of tax payable in any country other than Japan:

(a) Where a resident of Japan derives income from South Africa which may be taxed in South Africa in accordance with the provisions of this Convention, the amount of South Africa tax payable in respect of that income shall be allowed as a credit against the Japanese tax imposed on that resident. The amount of credit, however, shall not exceed that part of the Japanese tax which is appropriate to that income.

(b) Where the income derived from South Africa is a dividend paid by a company which is a resident of South Africa to a company which is resident of Japan and which owns not less than 25 per cent either of the voting shares issued by the company paying the dividend, or of the total shares issued by that company, the credit shall take into account the South African tax payable by the company paying the dividend in respect of its income.

2. In South Africa, double taxation shall be eliminated as follows:

Japanese tax paid by residents of South Africa in respect of income taxable in Japan, in accordance with the provisions of this Convention, shall be deducted from the taxes due according to South Africa fiscal law. Such deduction shall not, however, exceed an amount which bears to the total South African tax payable the same ratio as the income concerned bears to the total income.

Article 22

The provisions of this Convention in respect of taxation on income shall not apply to a person (other than an individual) who has become a resident of a Contracting State in order primarily to enjoy the benefits of this Convention.

Article 23

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which nationals of that other Contracting State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.
2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other Contracting State than the taxation levied on enterprises of that other Contracting State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.
3. Except where the provisions of paragraph 1 of Article 9, paragraph 8 of Article 11, or paragraph 7 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned Contracting State.
4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned Contracting States are or may be subjected.
5. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

Article 24

1. Where a person considers that the actions of one or both of the Contracting States result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic laws of those Contracting States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 23, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.
2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, by resolve the case by mutual agreement with the other component authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the provisions of the Convention.
