AGREEMENT BETWEEN THE GOVERNMENT OF THE STATE OF KUWAIT AND THE GOVERNMENT OF THE REPUBLIC OF SOUTH AFRICA FOR THE AVOIDANCE OF DOUBLE TAXATION AND THE PREVENTION OF FISCAL EVASION WITH RESPECT TO TAXES ON INCOME

The Government of the State of Kuwait and the Government of the Republic of South Africa, desiring to conclude an Agreement for the avoidance of double taxation with respect to taxes on income, have agreed as follows:

Article 1 Persons Covered

This Agreement shall apply to persons who are residents of one or both of the Contracting States.

Article 2 Taxes Covered

1. This Agreement shall apply to taxes on income imposed on behalf of a Contracting State or of its political subdivisions, irrespective of the manner in which they are levied.
2. There shall be regarded as taxes on income all taxes imposed on total income, or on elements of income, including taxes on gains from the alienation of movable or immovable property, as well as taxes on capital appreciation.
3. The existing taxes to which this Agreement shall apply are in particular:
 - a) in the case of Kuwait:
 - (1) the corporate income tax;
 - (2) the contribution from the net profits of the Kuwaiti shareholding companies payable to the Kuwait Foundation for Advancement of Science (KFAS);

(hereinafter referred to as "Kuwaiti tax");
 - b) in the case of South Africa:
 - (1) the normal tax;
 - (2) the secondary tax on companies;
 - (3) the withholding tax on royalties;
(hereinafter referred to as "South African tax").
4. This Agreement shall apply also to any identical or substantially similar taxes that are imposed under the laws of a Contracting State after the date of signature of this Agreement in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any substantial changes that have been made in their respective taxation laws.

Article 4 Resident

1. For the purposes of this Agreement, the term "resident of a Contracting State" means:

a) in the case of Kuwait: an individual who has a domicile in Kuwait and is a Kuwaiti national, and a company which is incorporated in Kuwait;

b) in the case of South Africa: any person who, under the laws of South Africa, is liable to tax therein by reason of that person's domicile, residence, place of management or any other criterion of a similar nature, but this term does not include any person who is liable to tax in South Africa in respect only of income from sources therein.

2. For the purposes of paragraph 1, a resident of a Contracting State shall include:

a) the Government of that Contracting State and any political subdivision or local authority thereof;

b) any governmental institution created in that Contracting State under domestic law such as a corporation, Central Bank, fund, authority, foundation, agency or other similar entity;

c) any entity established in that Contracting State by the Government of that Contracting State or any political subdivision or local authority thereof or any governmental institution as defined in subparagraph b), together with similar bodies of third states.

3. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then that individual's status shall be determined as follows:

a) the individual shall be deemed to be a resident solely of the Contracting State in which a permanent home is available to the individual; if a permanent home is available to the individual in both Contracting States, the individual shall be deemed to be a resident solely of the Contracting State with which the individual's personal and economic relations are closer (centre of vital interests);

b) if sole residence cannot be determined under the provisions of subparagraph a), the individual shall be deemed to be a resident solely of the Contracting State in which the individual has an habitual abode;

c) if the individual has an habitual abode in both Contracting States or in neither of them, the individual shall be deemed to be a resident solely of the Contracting State of which the individual is a national;

4. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident solely of the Contracting State in which its place of effective management is situated.

Article 5 Permanent Establishment

1. For the purposes of this Agreement, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

a) a place of management;

b) a branch;

c) an office;

- d) a factory;
- e) a workshop;
- f) a mine, an oil or gas well, a quarry or any other place relating to the exploration for or exploitation of natural resources.

3. A building site, a construction, assembly or installation project or supervisory activities in connection with such site or project carried out in a Contracting State, constitutes a permanent establishment only if such site, project or activities continue for a period of more than six months.

4. The furnishing of services, including consultancy or managerial services, by an enterprise of a Contracting State through employees or other personnel engaged by the enterprise for such purpose, in the other Contracting State constitutes a permanent establishment only if activities of that nature continue for a period or periods aggregating more than six months within any twelve-month period commencing or ending in the fiscal year concerned.

5. An enterprise of a Contracting State shall be deemed to have a permanent establishment in the other Contracting State if substantial technical, mechanical or scientific equipment or machinery is used for more than six months within any twelve-month period commencing or ending in the fiscal year concerned or installed, in that other Contracting State by, for or under contract with the enterprise.

6. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

- a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
- b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
- e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;
- f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs a) to e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

7. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 8 applies - is acting in a Contracting State on behalf of an enterprise of the other Contracting State, that enterprise shall be deemed to have a permanent establishment in the first-mentioned Contracting State in respect of any activities which that person undertakes for the enterprise, if such a person has, and habitually exercises in the first-mentioned Contracting State, an authority to negotiate and conclude contracts in the name of such enterprise, unless the activities of such person are limited to those mentioned in paragraph 6 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

8. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other Contracting State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

9. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other Contracting State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6 Income From Immovable Property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other Contracting State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to

work, mineral deposits, sources and other natural resources. Ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7 Business Profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that Contracting State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated in that other Contracting State. If the enterprise carries on or has carried on business in that manner, the profits of the enterprise may be taxed in the other Contracting State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions those deductible expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the Contracting State in which the permanent establishment is situated or elsewhere, taking into consideration any applicable law or regulations in the concerned Contracting State. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment for amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary. The method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. Nothing in this Article shall affect the application of any law or regulation of a Contracting State relating to the determination of the tax liability of a person, including determinations in cases where the information available to the competent authority of that Contracting State is inadequate to determine the profits to be attributed to a permanent establishment, provided that that law or regulation shall be applied, taking into account the information available and so far as it is practicable to do so, consistently with the principles of this Article.

7. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

8. Where profits include items of income or gains which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8 Shipping and Air Transport

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that Contracting State.

2. For the purposes of this Article, profits from the operation of ships or aircraft in international traffic shall include profits derived from the rental on a bare boat basis of ships or aircraft used in international traffic, if such profits are incidental to the profits to which the provisions of paragraph 1 apply.

3. Profits of an enterprise of a Contracting State from the use or rental of containers (including trailers, barges and related equipment for the transport of containers) used for the transport in international traffic of goods or merchandise shall be taxable only in that Contracting State.

4. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9 Associated Enterprises

1. Where

a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State,

b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that Contracting State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other Contracting State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned Contracting State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other Contracting State may make an appropriate adjustment to the amount of the profits subjected to tax. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting States shall, if necessary, consult each other.

Article 10 Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State who is the beneficial owner of such dividends shall be taxable only in that other Contracting State. The provisions of this paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

2. The term "dividends" as used in this Article means income from shares, "jouissance" shares or "jouissance" rights, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the taxation laws of the Contracting State of which the company making the distribution is a resident.

3. The provisions of paragraph 1 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated in that other Contracting State, or performs in that other Contracting State independent personal services from a fixed base situated in that other Contracting State, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

4. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other Contracting State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other Contracting State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other Contracting State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other Contracting State.

Article 11 Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State who is the beneficial owner of such interest shall be taxable only in that other Contracting State.

2. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures, as well as income which is subjected to the same taxation treatment as income from monies lent by the taxation laws of the Contracting State in which the income arises. Penalty charges for late payment shall not be regarded as interest for the purposes of this Article.

3. The provisions of paragraph 1 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated in that other Contracting State, or performs in that other Contracting State independent personal services from a fixed base situated in that other Contracting State, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

4. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that Contracting State. Where, however, the person paying the interest, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

5. Where, by reason of a special relationship between the payer and the beneficial owner of the interest, or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 12 Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that Contracting State, but if the beneficial owner of the royalties is a resident of the other Contracting State the tax so charged shall not exceed ten per cent of the gross amount of such royalties.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films and works on films, tapes or other means of reproduction for use in connection with television or radio broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for information (know-how) concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated in that other Contracting State, or performs in that other Contracting State independent personal services from a fixed base situated in that Contracting State, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that Contracting State. Where, however, the person paying the royalties, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base with which the right or property in respect of which the royalties are paid is effectively connected, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner of the royalties or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the

payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 13 Capital Gains

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other Contracting State.
2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other Contracting State.
3. Gains derived by an enterprise of a Contracting State from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft shall be taxable only in that Contracting State.
4. Gains from the alienation of any property other than that referred to in paragraphs 1, 2 and 3 shall be taxable only in the Contracting State of which the alienator is a resident.

Article 14 Independent Personal Services

1. Income derived by an individual who is a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that Contracting State unless a fixed base is regularly available to the individual in the other Contracting State for the purpose of performing the individual's activities. If such a fixed base is available to the individual, the income may be taxed in the other Contracting State but only so much of it as is attributable to that fixed base. For the purposes of this Agreement, where an individual who is a resident of a Contracting State is present in the other Contracting State for a period or periods exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned, a fixed base shall be deemed to be regularly available in that other Contracting State to the individual and the income that is derived from the individual's activities that are performed in that other Contracting State shall be attributable to that fixed base.
2. The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

Article 15 Dependent Personal Services

1. Subject to the provisions of Articles 16, 18, 19, 20 and 21, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that Contracting State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other Contracting State.
2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned Contracting State if all the following conditions are met:
 - a) the recipient is present in the other Contracting State for a period or periods not exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned;
 - b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other Contracting State;

3. Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised aboard a ship or aircraft operated in international traffic by an enterprise of a Contracting State shall be taxable only in that Contracting State.
4. An individual who is both a national of a Contracting State and an employee of an enterprise of that Contracting State the principal business of which is the operation of aircraft in international traffic, and such individual derives remuneration in respect of duties performed in the other Contracting State shall be taxable only in the first-mentioned Contracting State in respect of the remuneration derived from the individual's employment with that enterprise.

Article 16 Directors' Fees

Directors' fees and other similar payments derived by a resident of a Contracting State in that person's capacity as a member of the board of directors or other similar organ of a company which is

Article 17 Entertainers and Sportspersons

1. Notwithstanding the provisions of Articles 7, 14 and 15, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsperson, from that person's personal activities as such exercised in the other Contracting State, may be taxed in that other Contracting State.
2. Where income in respect of personal activities exercised by an entertainer or a sportsperson in that person's capacity as such accrues not to the entertainer or sportsperson but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsperson are exercised.
3. The provisions of paragraphs 1 and 2 shall not apply to income derived by entertainers or sportspersons who are residents of a Contracting State from personal activities as such exercised in the other Contracting State if their visit to that other Contracting State is wholly or mainly supported from the public funds of the first-mentioned Contracting State, including those of any political subdivision, a local authority or statutory body thereof, nor to income derived by a non-profit making organization in respect of such activities provided no part of its income is payable to, or is otherwise available for the personal benefit of its proprietors, founders or members.

Article 18 Pensions and Annuities

1. Subject to the provisions of paragraph 2 of Article 19, pensions and other similar remuneration, and annuities, arising in a Contracting State and paid to a resident of the other Contracting State, may be taxed in the first-mentioned Contracting State.

 - (2) did not become a resident of that Contracting State solely for the purpose of rendering the services.
2. a) Any pension paid by a Contracting State or a political subdivision or a local authority thereof or out of funds created by that Contracting State to an individual in respect of services rendered to that Contracting State or subdivision or authority shall be taxable only in that Contracting State.
b) However, such pension shall be taxable only in the other Contracting State if the individual is a resident of, and a national of, that Contracting State.
3. The provisions of Articles 15, 16, 17 and 18 shall apply to salaries, wages and other similar remuneration, and to pensions, in respect of services rendered in connection with a business carried on by a Contracting State or a political subdivision or a local authority thereof.

Article 20 Teachers and Researchers

1. An individual who is or was immediately before visiting a Contracting State a resident of the other Contracting State and who, at the invitation of the Government of the first-mentioned Contracting State or of a university, college, school, museum or other cultural institution in that first-mentioned Contracting State or under an official programme of cultural exchange, is present in that Contracting State for a period not exceeding two consecutive years solely for the purpose of teaching, giving lectures or carrying out research at such institution or under such programme shall be exempt from

tax in that Contracting State on remuneration for such activity, provided that such remuneration is derived from outside the first-mentioned Contracting State.

Article 21 Students and Trainees

1. A student or business trainee who is present in a Contracting State solely for the purpose of that student or business trainee's education or training and who is, or immediately before being so present was, a resident of the other Contracting State, shall be exempt from tax in the first-mentioned Contracting State on payments received from outside that first-mentioned Contracting State for the purposes of the student or business trainee's maintenance, education or training.

2. In respect of grants, scholarships and remuneration from employment not covered by paragraph 1, a student or business trainee described in paragraph 1 shall, in addition, be entitled during such education or training to the same exemptions, reliefs or reductions in respect of taxes available to residents of the Contracting State which the student or business trainee is visiting.

Article 22 Other Income

1. Items of income of a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Agreement shall be taxable only in that Contracting State.

2. The provisions of paragraph 1 shall not apply to income, other than income from immovable property as defined in paragraph 2 of Article 6, if the recipient of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the right or property in respect of which the income is paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

Article 23 Elimination of Double Taxation

It is agreed that double taxation shall be avoided in accordance with the following provisions:

a) in the case of Kuwait:

Where a resident of Kuwait derives income which, in accordance with the provisions of this Agreement, may be taxed in South Africa, Kuwait shall allow as a deduction from the Kuwaiti tax of that resident, an amount equal to the South African tax paid. Such deduction shall not, however, exceed that part of the Kuwaiti tax, as computed before the deduction is given, which is attributable to the income which may be taxed in South Africa.

b) in the case of South Africa:

Subject to the provisions of the law of South Africa regarding the deduction from tax payable in South Africa of tax payable in any country other than South Africa, Kuwaiti tax paid by residents of South Africa in respect of income taxable in Kuwait, in accordance with the provisions of this Agreement, shall be deducted from the taxes due according to South African fiscal law. Such deduction shall not, however, exceed an amount which bears to the total South African tax payable the same ratio as the income concerned bears to the total income.

Article 24 Non-Discrimination

1. Individuals possessing the nationality of a Contracting State shall not be subjected in the other Contracting State to any taxation or any obligations connected therewith, which is other or more burdensome than the taxation and connected obligations to which individuals possessing the nationality of that other Contracting State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to individuals who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other Contracting State than the taxation levied on enterprises of third states, carrying on the same activities in the same circumstances. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Enterprises of a Contracting State, the capital of which is wholly or partly owned or which is controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned Contracting State to any taxation or any obligations connected therewith which is other or more burdensome than the taxation and connected obligations to which other similar enterprises the capital of which is wholly or partly owned or which is controlled directly or indirectly by one or more residents of any third state are or may be subjected.

4. Except where the provisions of paragraph 1 of Article 9, paragraph 5 of Article 11 or paragraph 6 of Article 12 apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned Contracting State.

5. Nothing in this Article shall be interpreted as imposing a legal obligation on a Contracting State to extend to the residents of the other Contracting State, the benefit of any treatment, preference or privilege which may be accorded to any third state or its residents by virtue of the formation of a customs union, economic union, a free trade area or any regional or sub-regional arrangement relating wholly or mainly to taxation or movement of capital to which the first-mentioned Contracting State may be a party.

6. Nothing contained in this Article shall prevent South Africa from imposing on the profits attributable to a permanent establishment in South Africa of a company, which is a resident of Kuwait, a tax at a rate which does not exceed the rate of normal tax on companies by more than five percentage points.

7. In this Article, the term "taxation" means taxes which are the subject of this Agreement.

Article 25 Mutual Agreement Procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for that person in taxation not in accordance with the provisions of this Agreement, that person may, irrespective of the remedies provided by the domestic law of those Contracting States, present a case to the competent authority of the Contracting State of which the person is a resident or, if the case comes under paragraph 1 of Article 24, to that of the Contracting State of which the person is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of this Agreement.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with this Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Agreement. They may also consult together for the elimination of double taxation in cases not provided for in this Agreement.

4. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs.

Article 26 Exchange of Information

1. The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Agreement or of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions insofar as the taxation thereunder is not contrary to this Agreement. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that Contracting State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to the taxes referred to in the first sentence. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

2. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:

a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

- a) by the laws of a Contracting State in the determination of the tax imposed by that Contracting State;
 - b) by any other special arrangement on taxation between the Contracting States or between one of the Contracting States and residents of the other Contracting State.
2. The competent authorities of each Contracting State may prescribe regulations in order to carry out the provisions of this Agreement.

Article 28 Members of Diplomatic Missions and Consular Posts

Nothing in this Agreement shall affect the fiscal privileges of members of diplomatic missions or consular posts or members of permanent missions to international organizations under the general rules of international law or under the provisions of special agreements.

Article 29 Entry Into Force

Each of the Contracting States shall notify to the other in writing the completion of its constitutional procedures for the entry into force of this Agreement. This Agreement shall enter into force on the date of receipt of the later of these notifications and its provisions shall thereupon have effect in both Contracting States:

- b) in respect of other taxes, for taxable periods beginning on or after the first day of the second month next following the date upon which this Agreement enters into force.

Article 30 Duration and Termination

This Agreement shall remain in force for a period of five years and shall continue in force thereafter for a similar period or periods unless either Contracting State notifies the other in writing, at least six months before the expiry of the initial or any subsequent period, of its intention to terminate this Agreement. In such event, this Agreement shall cease to have effect in both Contracting States:

- a) in respect of taxes withheld at source, for amounts paid or credited on or after the first day of January of the year next following that in which the notice of termination is given;
- b) in respect of other taxes, for taxable periods beginning on or after the first day of January of the year next following that in which the notice of termination is given.
