Article 2 Taxes Covered
1. This Agreement shall apply to taxes on income and on capital gains imposed on behalf of a Contracting State or of its political subdivisions, irrespective of the manner in which they are levied.
2. There shall be regarded as taxes on income and on capital gains all taxes imposed on total income, or on elements of income, including taxes on gains from the alienation of movable or immovable property.
3. The existing taxes to which the Agreement shall apply are:
   (a) in Nigeria:
      (i) the personal income tax;
      (ii) the companies income tax;
      (iii) the petroleum profits tax;
      (iv) the capital gains tax; and
      (v) the education tax;
      (hereinafter referred to as "Nigerian tax"); and
   (b) in South Africa:
      (i) the normal tax; and
      (ii) the secondary tax on companies;
      (hereinafter referred to as "South African tax").
4. The Agreement shall apply also to any identical or substantially similar taxes which are imposed by either Contracting State after the date of signature of the Agreement in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any substantial changes which have been made in their respective taxation laws.

Article 3 General Definitions
1. For the purposes of this Agreement, unless the context otherwise requires:
   (a) the term "Nigeria" means the Federal Republic of Nigeria including any area outside the territorial waters of the Federal Republic of Nigeria which in accordance with international law has been or may hereafter be designated, under the laws of the Federal Republic of Nigeria concerning the Continental Shelf, as an area within which the rights of the Federal Republic of Nigeria with respect to the sea-bed and subsoil and their natural resources may be exercised;

2. As regards the application of the provisions of the Agreement at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning which it has at that time under the law of that State for the purposes of the taxes to which the Agreement applies, any meaning under the applicable tax laws of that State prevailing over a meaning given to the term under other laws of that State.

Article 4 Resident
1. For the purposes of this Agreement, the term “resident of a Contracting State” means:
(a) in Nigeria, any person who, under the laws of Nigeria, is liable to tax therein by reason of his domicile, residence, place of management, place of incorporation or any other criterion of a similar nature, but this term does not include any person who is liable to tax in Nigeria in respect only of income or capital gains from sources in Nigeria;
(b) in South Africa, any individual who is ordinarily resident in South Africa and any person other than an individual which has its place of effective management in South Africa;
(c) that State itself and any political subdivision or local authority thereof.
2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:
(a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);
(b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident only of the State in which he has an habitual abode;
(c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident only of the State of which he is a national;
(d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.
3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, the competent authorities of the States shall settle the question by mutual agreement and determine the mode of application of the Agreement to such person.

Article 5 Permanent Establishment
1. For the purposes of this Agreement, the term “permanent establishment” means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
2. The term “permanent establishment” includes especially:
(a) a place of management;
(b) a branch;
(c) an office;
(d) a factory;
(e) a workshop, and
(f) a mine, an oil or gas well, a quarry or any other place of extraction or exploitation of natural resources.
3. The term “permanent establishment” likewise encompasses:
1. Income derived by a resident of a Contracting State from immovable property, including income from agriculture or forestry, situated in the other Contracting State may be taxed in that other State.

2. The term “immovable property” shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources. Ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.
Article 7 Business Profits
1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment. However, profits derived from the sale of goods or merchandise of the same or similar kind as those sold, or from other business activities of the same or similar kind as those effected, through that permanent establishment may be considered attributable to that permanent establishment if it is established that such sales or activities were structured in a manner intended to avoid taxation in the State where the permanent establishment is situated.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment, for amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the head office of the enterprise or any of its other offices.
4. In so far as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary. The method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.
5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise. Provided that where that permanent establishment is also used as a sales outlet for the goods or merchandise so purchased the profits on such sales may be attributed to that permanent establishment.
6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8 Shipping and Air Transport
1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.
2. However, no exemption shall be granted if such operations in international traffic are carried on by an enterprise of only one of the Contracting States. In such a case, the tax charged shall not exceed 1 per cent of the earnings of the enterprise derived from the other Contracting State. For the purposes of this paragraph "earnings" means total takings less commissions paid to sales agents, arising from the carriage of passengers, mail, livestock or goods loaded or shipped in the other State less refunds and payments of wages and salaries of ground staff.
3. For the purpose of this Article, profits from the operation of ships or aircraft in international traffic shall include:
(a) profits derived from the rental on a bare boat basis of ships or aircraft used in international traffic,
(b) profits derived from the use or rental of containers,
if such profits are incidental to the profits to which the provisions of paragraph 1 apply.
4. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint
business or an international operating agency.

Article 9 Associated Enterprises
1. Where
(a) an enterprise of a Contracting State participates directly or indirectly in the management, control
or capital of an enterprise of the other Contracting State, or
(b) the same persons participate directly or indirectly in the management, control or capital of an
enterprise of a Contracting State and an enterprise of the other Contracting State,
and in either case conditions are made or imposed between the two enterprises in their commercial or
financial relations which differ from those which would be made between independent enterprises,
then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by
reason of those conditions, have not so accrued, may be included in the profits of that enterprise and
taxed accordingly.
2. Where a Contracting State includes in the profits of an enterprise of that State – and taxes
accordingly – profits on which an enterprise of the other Contracting State has been charged to tax in
that other State and the profits so included are profits which would have accrued to the enterprise of
the first-mentioned State if the conditions made between the two enterprises had been those which
would have been made between independent enterprises, then that other State may make an
appropriate adjustment to the amount of the tax charged therein on those profits. In determining such
adjustment, due regard shall be had to the other provisions of this Agreement and the competent
authorities of the Contracting States shall if necessary consult each other.

Article 10 Dividends
1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other
Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying
the dividends is a resident and according to the laws of that State, but if the beneficial owner of the
dividends is a resident of the other Contracting State, the tax so charged shall not exceed:
(a) 10 per cent of the gross amount of the dividends if the beneficial owner is a company which holds
at least 10 per cent of the capital of the company paying the dividends; or
(b) 10 per cent of the gross amount of the dividends in all other cases.
The competent authorities of the Contracting States shall settle the mode of application of these
limitations by mutual agreement.
This paragraph shall not affect the taxation of the company in respect of the profits out of which the
dividends are paid.
3. The term “dividends” as used in this Article means income from shares or other rights participating
in profits (not being debt-claims), as well as income from other corporate rights which is subjected to
the same taxation treatment as income from shares by the laws of the Contracting State of which the
company making the distribution is a resident.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being
a resident of a Contracting State, carries on business in the other Contracting State of which the
company paying the dividends is a resident, through a permanent establishment situated therein, or
performs in that other State independent personal services from a fixed base situated therein, and the
holding in respect of which the dividends are paid is effectively connected with such permanent
establishment or fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be,
shall apply.
5. Where a company which is a resident of a Contracting State derives profits or income from the
other Contracting State, that other State may not impose any tax on the dividends paid by the
company, except in so far as such dividends are paid to a resident of that other State or in so far as
the holding in respect of which the dividends are paid is effectively connected with a permanent
establishment or a fixed base situated in that other State, nor subject the company's undistributed
profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist
wholly or partly of profits or income arising in such other State.
6. The provisions of this Article shall not apply if the right giving rise to the dividend was created or
assigned mainly for the purpose of taking advantage of this Article and not for bona fide commercial
reasons.

Article 11 Interest
1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 7.5 per cent of the gross amount of the interest. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.
3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State shall be exempt from tax in that State if it is derived and beneficially owned by the Government of the other Contracting State or a political subdivision or a local authority thereof, the Central Bank of Nigeria, the South African Reserve Bank or any agency or instrumentality of that Government or subdivision or authority.
4. The term “interest” as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purposes of this Article.
5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.
6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.
7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.
8. The provisions of this Article shall not apply if the right or property giving rise to the interest was created or assigned mainly for the purpose of taking advantage of this Article and not for bona fide commercial reasons.

Article 12 Royalties
1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such royalties may also be taxed in the Contracting State in which they arise, and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 7.5 per cent of the gross amount of the royalties.
3. The term “royalties” as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work (including cinematograph films and films, tapes or discs for radio or television broadcasting), any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial or scientific equipment or for information concerning industrial, commercial or scientific experience.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.
5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base with which the right or property in respect of which the royalties are paid is effectively connected, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

7. The provisions of this Article shall not apply if the right or property giving rise to the royalties was created or assigned mainly for the purpose of taking advantage of this Article and not for bona fide commercial reasons.

**Article 13 Capital Gains**

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.

3. Gains of an enterprise of a Contracting State from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft, shall be taxable only in that State.

4. Gains from the alienation of any property other than that referred to in paragraphs 1, 2 and 3, may be taxed in the Contracting State of which the alienator is a resident.

**Article 14 Independent Personal Services**

1. Income derived by an individual who is a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that State unless he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities. If he has such a fixed base, the income may be taxed in the other State but only so much of it as is attributable to that fixed base. For the purposes of this Agreement, where an individual who is a resident of a Contracting State is present in the other Contracting State for a period or periods exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned, he shall be deemed to have a fixed base regularly available to him in that other State and the income that is derived from his activities that are performed in that other State shall be attributable to that fixed base.

2. The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

**Article 15 Dependent Personal Services**

1. Subject to the provisions of Articles 16, 17, 18 and 19, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:
   (a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned, and
   (b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State, and
(c) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in the other State.

3. Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised aboard a ship or aircraft operated in international traffic by an enterprise of a Contracting State may be taxed in that State.

**Article 16 Directors’ Fees**

Directors’ fees and similar payments derived by a resident of a Contracting State in his capacity as a member of the board of directors of a company which is a resident of the other Contracting State may be taxed in that other State.

**Article 17 Entertainers and Sportspersons**

1. Notwithstanding the provisions of Articles 7, 14 and 15, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsperson, from his personal activities as such exercised in the other Contracting State, may be taxed in that other State.

2. Where income in respect of personal activities exercised by an entertainer or a sportsperson in his capacity as such accrues not to the entertainer or sportsperson himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsperson are exercised.

3. Income derived by a resident of a Contracting State from activities exercised in the other Contracting State as envisaged in paragraphs 1 and 2 of this Article, shall be exempt from tax in that other State if the visit to that other State is supported wholly or mainly by public funds of the first-mentioned Contracting State, a political subdivision or a local authority thereof, or takes place under a cultural agreement or arrangement between the Governments of the Contracting States.

**Article 18 Pensions and Annuities**

1. Subject to the provisions of paragraph 2 of Article 19, pensions and other similar remuneration, and annuities, arising in a Contracting State and paid to a resident of the other Contracting State, may be taxed in the first-mentioned State.

2. The term “annuity” means a stated sum payable periodically at stated times during life or during a specified or ascertainable period of time under an obligation to make the payments in return for adequate and full consideration in money or money’s worth.

**Article 19 Government Service**

1. (a) Salaries, wages and other similar remuneration, other than a pension, paid by a Contracting State or a political subdivision or a local authority thereof to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State.

(b) However, such salaries, wages and other similar remuneration shall be taxable only in the other Contracting State if the services are rendered in that State and the individual is a resident of that State who:

(i) is a national of that State; or

(ii) did not become a resident of that State solely for the purpose of rendering the services.

2. (a) Any pension paid by, or out of funds created by, a Contracting State or a political subdivision or a local authority thereof to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State.

(b) However, such pension shall be taxable only in the other Contracting State if the individual is a resident of, and a national of, that State.

3. The provisions of Articles 15, 16, 17 and 18 shall apply to salaries, wages and other similar remuneration, and to pensions, in respect of services rendered in connection with a business carried on by a Contracting State or a political subdivision or a local authority thereof.

**Article 20 Students and Apprentices**

1. A student or apprentice who is present in a Contracting State solely for the purpose of his education or training and who is, or immediately before being so present was, a resident of the other Contracting State, shall be exempt from tax in the first-mentioned State on payments received from outside that first-mentioned State for the purposes of his maintenance, education or training.

2. An individual who, immediately before visiting a Contracting State, is or was a resident of the other Contracting State and who is temporarily present in the first-mentioned State primarily for the purpose of study, research or training as a recipient of a grant, allowance or award from a scientific, educational, religious or charitable organisation or under a technical assistance programme entered into by the Government of either Contracting State shall, from the date of his arrival in the first-
mentioned State in connection with that visit, be exempt from tax in that State in respect of such
grant, allowance or award.

**Article 21 Other Income**
Items of income of a resident of a Contracting State not dealt with in the foregoing Articles of this
Agreement and arising in the other Contracting State, may be taxed in that other State.

**Article 22 Elimination of Double Taxation**
Double taxation shall be eliminated as follows:
(a) in Nigeria, subject to the provisions of the law of Nigeria regarding the allowance as a credit
against Nigerian tax of tax payable in a territory outside Nigeria (which shall not affect the general
principle thereof):
(i) South African tax payable under the laws of South Africa and in accordance with this Agreement,
whether directly or by deduction, on profits, income or chargeable gains from sources within South
Africa (excluding in the case of a dividend, tax payable in respect of the profits out of which the
dividend is paid) shall be allowed as a credit against any Nigerian tax computed by reference to the
same profits, income or chargeable gains by reference to which South African tax is computed;
(ii) in the case of a dividend paid by a company which is a resident of South Africa to a company
which is resident in Nigeria and which controls directly or indirectly at least 10 per cent of the voting
power in the company paying the dividend, the credit shall take into account (in addition to any South
African tax for which credit may be allowed under the provisions of subparagraph (a) of this
paragraph) the South African tax payable by the company in respect of the profits out of which such
dividend is paid;
(b) in South Africa, Nigerian tax paid by residents of South Africa in respect of income taxable in
Nigeria, in accordance with the provisions of this Agreement, shall be deducted from the taxes due
according to South African fiscal law. Such deduction shall not, however, exceed an amount which
bears to the total South African tax payable the same ratio as the income concerned bears to the total
income.

**Article 23 Non-Discrimination**
1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any
taxation or any requirement connected therewith which is other or more burdensome than the
taxation and connected requirements to which nationals of that other State in the same
circumstances, in particular with respect to residence, are or may be subjected. This provision shall,
notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both
of the Contracting States.
2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the
other Contracting State shall not be less favourably levied in that other State than the taxation levied
on enterprises of that other State carrying on the same activities. This provision shall not be construed
as obliging a Contracting State to grant to residents of the other Contracting State any personal
allowances, reliefs and reductions for taxation purposes on account of civil status or family
responsibilities which it grants to its own residents.
3. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11 or paragraph 6 of
Article 12 apply, interest, royalties and other disbursements paid by an enterprise of a Contracting
State to a resident of the other Contracting State shall, for the purpose of determining the taxable
profits of such enterprise, be deductible under the same conditions as if they had been paid to a
resident of the first-mentioned State.
4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled,
directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in
the first-mentioned State to any taxation or any requirement connected therewith which is other or
more burdensome than the taxation and connected requirements to which other similar enterprises of
that first-mentioned State are or may be subjected.
5. Nothing contained in this Article shall prevent South Africa from imposing on the profits attributable
to a permanent establishment in South Africa of a company, which is a resident of Nigeria, a tax at a
rate which does not exceed the rate of normal tax on companies by more than five percentage points.
6. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of
every kind and description.

**Article 24 Mutual Agreement Procedure**
1. Where a person considers that the actions of one or both of the Contracting States result or will
result for him in taxation not in accordance with this Agreement, he may, irrespective of the remedies
provided by the domestic law of those States, present his case to the competent authority of the
Article 21 Final Administrative Rulings

1. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

2. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement. They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.

3. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs.

Article 22 Exchange of Information

1.
