The Government of the United States of America and the Government of the Democratic Socialist Republic of Sri Lanka, desiring to conclude a convention for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income, have agreed as follows:

#### **Article 1 Personal Scope**

1. Except as otherwise provided in this Convention, the Convention shall apply to persons who are residents of one or both of the Contracting States.
2. The Convention shall not restrict in any manner any exclusive exemption, deduction, credit or other allowance now or hereafter accorded
  - (a) by the laws of either Contracting State; or
  - (b) by any other agreement between the Contracting States.
3. Notwithstanding any provision of the Convention except paragraph 4 of this Article, a Contracting State may tax its residents (as determined under Article 4 (Resident)), and by reason of citizenship may tax its citizens, as if the Convention had not come into effect. For this purpose, the term "citizen" shall include a former citizen or long-term resident whose loss of such -status had as one of its principal purposes the avoidance of tax (as defined under the laws of the Contracting State of which the person was a citizen or long-term resident), but only for a period of 10 years following such loss.
4. The provisions of paragraph 3 shall not affect
  - (a) the benefits conferred by a Contracting State under paragraph 2 of Article 9 (Associated Enterprises), under Article 14 (Grants), under paragraphs 2 and 3 of Article 19 (Pensions, Social Security and Child Support Payments), and under Articles 24 (Relief From Double Taxation), 25 (Non-Discrimination), and 26 (Mutual Agreement Procedure); and

5. Notwithstanding the provisions of subparagraph 2(b):
  - (a) the provisions of Article 26 (Mutual Agreement Procedure) of this Convention exclusively shall apply to any dispute concerning whether a measure is within the scope of this Convention, and the procedures under this Convention exclusively shall apply to that dispute; and
  - (b) unless the competent authorities determine that a taxation measure is not within the scope of this Convention, the nondiscrimination obligations of this Convention exclusively shall apply with respect to that measure, except for such national treatment or most-favored-nation obligations as may apply to trade in goods under the General Agreement on Tariffs and Trade. No national treatment or most-favored-nation obligation under any other agreement shall apply with respect to that measure.
  - (c) For the purpose of this paragraph, a "measure" is a law, regulation, rule, procedure, decision, administrative action, or any similar provision or action.

#### **Article 2 Taxes Covered**

1. This Convention shall apply to taxes on income imposed on behalf of a Contracting State, irrespective of the manner in which they are levied.
2. The existing taxes to which the Convention shall apply are
  - (a) in Sri Lanka: the income tax, including the income tax based on the turnover of enterprises licensed by the Greater Colombo Economic Commission (hereinafter referred to as "Sri Lanka tax");

(b) In the United States: the Federal income taxes imposed by the Internal Revenue Code of 1986, but excluding the accumulated earnings tax, the personal holding company tax, and social security taxes (hereinafter referred to as "United States tax").

3. The Convention shall apply also to any identical or substantially similar taxes which are imposed by a Contracting State after the date of signature of the convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes which have been made in their respective taxation laws and shall notify each other of any official published material concerning the application of the Convention, including explanations, regulations, rulings, or judicial decisions.

1. For purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, citizenship,

(c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident of the State of which he is a national;

(d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a company is a resident of both Contracting States, then if it is created or organized under the laws of a Contracting State or a political subdivision thereof it shall be treated as a resident of that State.

4. 5. For purposes of the Convention, an individual who is a national of a Contracting State shall also be deemed to be a resident of that State if the individual is (a) an employee of that State or an instrumentality thereof in the other Contracting State or in a third State; (b) engaged in the performance of governmental functions for the first-mentioned State; and (c) subjected in the first-mentioned State to the same obligations in respect of taxes on income as are residents of the first-mentioned State. The spouse and minor children residing with the employee and subject to the requirements of (c) above shall also be deemed to be residents of the first- mentioned State.

## **Article 5 Permanent Establishment**

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" shall include especially

(a) a place of management;

(b) a branch;

(c) an office;

(d) a factory;

(e) a workshop;

(f) a store or premises used as a sales outlet; and

(g) a mine, an oil or gas well, a quarry, or other place of extraction of natural resources.

3. The term "permanent establishment" likewise encompasses

(a) a building site or construction or installation project, or an installation or drilling rig or ship used for the exploration for or development of natural resources, but only if it lasts more that 183 days; and

(b) the furnishing of services, including consultancy services, by an enterprise through employees or other personnel engaged by the enterprise for such purpose, but only where activities of the nature

continue (for the same or a connected project) within the country for a period or periods aggregating more than 183 days within any 12 month period.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include

(a) the use of facilities solely for the purpose of storage, display, or delivery of goods or merchandise belonging to the enterprise, other than goods or merchandise held for sale by such enterprise in a store or premises used as a sales outlet;

(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display, or delivery, other than goods or merchandise held for sale by such enterprise in a store or premises used as a sales outlet;

(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

(d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or of collecting information, for the enterprise;

(e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;

(f) the maintenance of a fixed place of business solely for any combination of the activities mentioned in subparagraphs (a) to (e) of this paragraph.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person -- other than an agent of an independent status to whom paragraph 7 applies -- is acting in a Contracting State on behalf of an enterprise of the other Contracting State, that enterprise shall be deemed to have a permanent establishment in the first-mentioned State in respect of any activities which that person undertakes for the enterprise, if such a person

(a) has and habitually exercises in that State an authority to conclude contracts in the name of the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make that fixed place of business a permanent establishment under the provisions of that paragraph; or

(b) has no such authority, but habitually maintains in the first-mentioned State a stock of goods or merchandise from which he regularly fills orders or makes deliveries on behalf of the enterprise and additional activities conducted in that State on behalf of the enterprise have contributed to the conclusion of the sale of such goods or merchandise.

6. Notwithstanding the preceding provisions of this Article, and insurance enterprise of one of the Contracting States shall, except in regard to re-insurance, be deemed to have a permanent establishment in the other Contracting State if it collects premiums in the territory of that other State or insures risks situated therein through a person other than an agent of an independent status to whom paragraph 7 applies.

7. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent, or any other agent of an independent status, where such persons are acting in the ordinary course of their business.

However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, he will not be considered an agent of an independent status within the meaning of this paragraph, if it is shown that the transactions with the agent and the enterprise were not made under arm's-length conditions.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

## **Article 6 Income From Immovable Property (Real Property)**

1. Income from immovable (real) property may be taxed in the Contracting State in which such property is situated.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property, and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats, and aircraft shall not be regarded as immovable property.

3. The provisions of paragraphs 1 shall apply to income derived from the direct use, letting or use in any other form of immovable property.
4. The provision of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

### **Article 7 Business Profits**

1. The business profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the business profits of the enterprise may be taxed in the other State but only so much of them as is attributable to (a) that permanent establishment, (b) sales in that other State of goods or merchandise of the same or similar kind as those sold through that permanent establishment, or (c) other business activities carried on in that other State of the same or similar kind as those effected through that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each State be attributed to that permanent establishment the business profits which it might be expected to make if it were a distinct and independent enterprise engaged in the same or similar activities under the same or similar conditions.
3. In the determination of the business profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment, including executive and general administrative expenses, research and development expenses, interest, and other expenses incurred, whether in the State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees, or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment, for amounts charged (otherwise than towards reimbursement of actual expense), by the permanent establishment to the head office of the enterprise or any of its other offices by way of royalties, fees, or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or by way of interest on moneys lent to the head office of the enterprise or any of its other offices.
4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment shall, however, be such that the result will be in accordance with the principles contained in this Article.
5. No business profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
6. For the purposes of the preceding paragraphs, the business profits to be attributed to the permanent establishment shall be determined by the same method from year to year unless there is good and sufficient reason to the contrary.
7. Where business profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.
8. In applying paragraphs 1 and 2 of this Article, paragraph 4 of Article 10 (Dividends), paragraph 5 of Article 11 (Interest), paragraph 5 of Article 12 (Royalties), paragraph 3 of Article 13 (Capital Gains) and Article 15 (Independent Personal Services), any income or gain attributable to a permanent establishment or fixed base during its existence is taxable in the Contracting State where such permanent establishment or fixed base is situated even if payments are deferred and received after the permanent establishment or fixed base has ceased to exist.

### **Article 8 Shipping and Air Transport**

1. Profits of an enterprise of a Contracting State from the operation in international traffic of aircraft shall be taxable only in that State.
2. Profits of an enterprise of a Contracting State from sources within the other Contracting State from the operation in international traffic of ships shall be taxable in both Contracting States; provided,

however, that the tax imposed by that other Contracting State shall not exceed 50 percent of the tax otherwise imposed by the internal law of that State. For purposes of this paragraph, the amount of such profits subject to tax in Sri Lanka shall not exceed 6 percent of the sums receivable in respect of the carriage of passengers or freight embarked in Sri Lanka.

3. For the purposes of this Article, profits from the operation of aircraft in international traffic include profits from the rental of aircraft if such aircraft are operated in international traffic by the lessee or if such rental profits are incidental to other profits described in paragraph 1.

4. Income from the rental on a full or bareboat basis of ships operated in international traffic by the lessee which is derived by an enterprise of one Contracting State from sources within the other Contracting State and which is incidental to profits described in paragraph 2 shall be taxable in both Contracting States; provided, however, that the tax imposed by that other Contracting State shall not exceed 50 percent of the tax which would otherwise be imposed by that other State under the provisions of paragraph 3 of Article 12 (Royalties).

5. Profits of an enterprise of a Contracting State from the use, maintenance, or rental of containers (including trailers, barges, and related equipment for the transport of containers) used for the transport in international traffic of goods or merchandise shall be taxable only in that State.

6. For purposes of determining the maximum tax which may be imposed by a Contracting State under paragraphs 2 and 4, the following rules shall apply:

(a) the tax which may be imposed by the other Contracting State under paragraph 2 shall not exceed the lesser of the tax which may be imposed under the provisions of that paragraph and the lowest rate of Sri Lanka tax that may be imposed on the profits of the same kind derived under similar circumstances by a resident of a third State. For purposes of this subparagraph, if Sri Lanka imposes an additional amount of tax which is not covered by this Convention in place of the income tax on an enterprise resident in a third State, the amount of such additional tax shall be treated as Sri Lanka tax; and

(b) the tax which may be imposed by the other Contracting State under paragraph 4 shall not exceed the lesser of the tax which may be imposed under the provisions of that paragraph, and the lowest Sri Lanka tax burden on such income derived by a resident of any third State.

For purposes of this paragraph, Sri Lanka tax imposed on a resident of a third State shall not include tax imposed by Sri Lanka under special provisions of its statutory law, in effect on the date of signature of this Convention, on income of the kind dealt with in this Article, which special provisions are applicable only to income derived by the Government or by a government agency of a third State.”

7. The provisions of the preceding paragraphs shall likewise apply in respect of participations in a pool, a joint business, or an international operating agency of any kind by enterprises engaged in the operation of ships or aircraft in international traffic.

## **Article 9 Associated Enterprises**

### **1. Where**

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State, and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State, and taxes accordingly, profits on which an enterprise of the other Contracting State has been charged to tax in that other State, and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

3. The provisions of paragraph 1 shall not limit any provisions of the law of either Contracting State which permit the distribution, apportionment, or allocation of income, deductions, credits, or allowances between persons owned or controlled directly or indirectly by the same interests when necessary in order to prevent evasion of taxes or clearly to reflect the income of any such persons.

## **Article 10 Dividends**

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed 15 percent of the gross amount of the dividends. In the case of dividends paid by a United States Real Estate Investment Trust (REIT), the tax rate limitation in the preceding sentence shall apply instead of the rate of tax applicable under domestic law only if:
  - (a) the beneficial owner of the dividends is an individual holding a less than 10 percent interest in the REIT;
  - (b) the dividends are paid with respect to a class of stock that is publicly traded and the beneficial owner of the dividends is a person holding an interest of no more than 5 percent in any class of the REIT's stock; or
  - (c) the beneficial owner of the dividends is a person that beneficially holds an interest of 10 percent or less in the REIT and the value of no single interest in real property owned by the REIT exceeds 10 percent of the value of the REIT's total interests.
3. The term "dividends" as used in this Article means income from shares, mining shares, founders' shares, or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the taxation laws of the State of which the company making the distribution is a resident; and income from arrangements, including debt obligations, carrying the right to participate in profits, to the extent so characterized under the laws of the Contracting State in which the income arises.
4. The provisions of paragraph 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such a case, the provisions of Article 7 (Business Profits) or Article 15 (Independent Personal Services), as the case may be, shall apply.

## **Article 11 Interest**

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 percent of the gross amount of the interest.
3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State shall be exempt from tax in that State if
  - (a) the payer of the interest is the Government of that State, a political subdivision or a local authority thereof;
  - (b) the interest is derived and beneficially owned by the Government or an agency of the Government of the other Contracting State (including, in the case of the United States, the Export-Import Bank and the Overseas Private Investment Corporation); or
  - (c) the interest is paid to the Federal Reserve Banks of the United States or the Central Bank of Ceylon.
4. The term "interest" as used in this Convention means income from Government securities, bonds or debentures, whether or not secured by mortgage, and whether or not carrying a right to participate in profits, and debt-claims of every kind as well as all other income assimilated to income from money lent by the taxation laws of the State in which the income arises, including an excess inclusion with respect to a residual interest in a real estate mortgage investment conduit. Penalty charges for late payment shall not be regarded as interest for purposes of this Convention. The term "interest" also does not include income dealt with under Article 10 (Dividends)."
5. The provisions of paragraphs 2 and 3 shall not apply:
  - (a) if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which such interest is paid is effectively connected with such

permanent establishment or fixed base; in such case, the provisions of Article 7 (Business Profits) or Article 15 (Independent Personal Services), as the case may be, shall apply;

(b) to an excess inclusion with respect to a residual interest in a real estate mortgage investment conduit; such an interest may be taxed in the Contracting State in which the excess inclusion arises according to the laws of that State; or

(c) to interest that is contingent interest of a type that does not qualify as portfolio interest under United States law, and to equivalent amounts under the law of Sri Lanka; if the beneficial owner is a resident of the other Contracting State, such interest may be taxed in the Contracting State in which it arises, but the tax so charged shall not exceed 15 percent of the gross amount of the interest.

6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political or administrative subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base or a trade or business subject to tax in that State on a net basis under Article 6 (Income from Immovable Property (Real Property)) or paragraph 1 of Article 13 (Capital Gains), and such interest is borne by such permanent establishment, fixed base, or trade or business, then such interest shall be deemed to arise in the State in which the permanent establishment, fixed base, or trade or business is situated.

7. Where, by reason of a special relationship the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such a case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

## **Article 12 Royalties**

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. Royalties defined in paragraph 4(a) may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of such royalties is a resident of the other Contracting State, the tax so charged shall not exceed 10 percent of the gross amount of the royalties.

3. Royalties defined in paragraph 4(b) may also be taxed in the Contracting State in which they arise and according to the laws of that State; however, if the beneficial owner of such royalties is a resident of the other Contracting State, the rate of tax charged in the first-mentioned State shall not exceed 5 percent of the gross amount of the royalties.

4. The term "royalties" as used in this Article means

(a) payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work, including cinematograph films or films or tapes used for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or other like right or property, or for information concerning industrial, commercial, or scientific experience. The term "royalties" also includes gains derived from the alienation of any such right or property which are contingent on the productivity, use, or disposition thereof;

(b) rentals for the use of tangible personal (movable) property.

5. The provisions of paragraphs 2 and 3 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right of property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such a case, the provisions of Article 7 (Business Profits) or Article 15 (Independent Personal Services), as the case may be, shall apply.

6. Royalties shall be deemed to arise in a Contracting State

(a) with respect to the royalties defined in paragraph 4(a), when the payer is that State itself, a political subdivision or a local authority thereof, or a resident of that State. However, where the right or property for which the royalties are paid is used within the United States, the royalties shall be deemed to arise in the United States to the extent of the use therein;

(b) with respect to royalties defined in paragraph 4(b), to the extent the property for which the royalties are paid is used within the Contracting State.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties paid, having regard to the use, right, or information for which they are paid, exceeds the amount which would have been agreed upon

by the payer and the person deriving the royalties in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such a case, the excess part of the payments shall remain taxable according to the law of each Contracting State, due regard being had to the other provisions of this Convention.

### **Article 12A Branch Tax**

1. A company that is a resident of a Contracting State may be subject in the other Contracting State to a tax in addition to the tax chargeable under the other provisions of this Convention.

2. Such tax, however, may be imposed only on

(a) in the case of the United States:

Any agreement reached shall be implemented notwithstanding any time limits or other procedural limitations in the domestic law of the Contracting States.

(g) to the application of the provisions of domestic law regarding penalties, fines, and interest in a manner consistent with the purposes of the Convention.

The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Convention or of the domestic laws of the Contracting States concerning taxes covered by the convention insofar as the taxation thereunder is not contrary to the Convention, as well as to prevent fiscal evasion. The exchange of information is not restricted by Article 1 (Personal Scope). Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) involved in the assessment, collection, or administration of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, the taxes covered by the Convention. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

If specifically requested by the competent authority of a Contracting State, the competent authority of the other Contracting State shall provide information under this Article in the form of depositions of witnesses and authenticated copies of unedited original documents (including books, papers, statements, records, accounts, and writings), to the same extent such depositions and documents can be obtained under the laws and administrative practices of that other State with respect to its own taxes.

4. Each of the Contracting States shall endeavor to collect on behalf of the other Contracting State such amounts as may be necessary to ensure that relief granted by the Convention from taxation imposed by that other State does not enure to the benefit of persons not entitled thereto.

5. Paragraph 4 of this Article shall not impose upon either of the Contracting States the obligation to carry out administrative measures which are of a different nature from those used in the collection of its own taxes, or which would be contrary to its sovereignty, security, or public policy.

6. For the purposes of this Article, the Convention shall, notwithstanding the provisions of Article 2 (Taxes Covered), apply

(a) in relation to the United States, to taxes of every kind imposed at the national level; and

(b) in relation to Sri Lanka, to all taxes administered by the Commissioner-General of Inland Revenue.
