3. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of a certain reasonable percentage of the gross receipts of the enterprise or on the basis of an apportionment of the total profits of the enterprise to its various parts; nothing in paragraph 2 shall preclude such Contracting State from determining the profits to be taxed by such a method; the method adopted shall, however, be such that the result shall be in accordance with the principles laid down in this Article.
