Notwithstanding the provisions of paragraphs 1 and 2, where a person -other than an agent of an independent status to whom paragraph 6 applies- is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Chapter III - Taxation of income

Article 6 Income from immovable property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to

immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7 Business profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the

contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8 Shipping and air transport

1. Notwithstanding the provisions of Article 7, profits from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. For the purpose of this Article, profits from the operation of ships or aircraft in international traffic shall include :

b) profits derived from the use or rental of containers, if such profits are supplementary or incidental to the profits to which the provisions of paragraph 1 apply,

c) interest on funds directly connected with such operation.

3. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.

4. The provisions of paragraphs 1 and 2 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9 Associated enterprises

Where

a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State,

or

b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

Article 10 Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State the tax so charged shall not exceed :

a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company which holds directly or indirectly at least 25 per cent of the capital of the company paying the dividends;

b) 10 per cent of the gross amount of the dividends in all other cases.

3. Notwithstanding the provisions of paragraphs 1 and 2, dividends paid by a company which is a resident of a Contracting State shall be taxable only in the other Contracting State if the beneficial owner of the dividends is that other State itself, a political subdivision or local authority thereof or a financial institution which is a resident of that other Contracting State.

4. The provisions of paragraphs 2 and 3 shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

5. The term "dividends" as used in this Article means income from shares, "jouissance" shares or "jouissance" rights, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income -even paid in the form of interest- which is treated as income from shares by the internal tax legislation of the State of which the paying company is a resident.

6. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of

which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

7. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11 Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State the tax so charged shall not exceed 5 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraphs 1 and 2, interest paid by a company which is a resident of a Contracting State shall be taxable only in the other Contracting State if the beneficial owner of the interest is that other State itself, a political subdivision or local authority thereof or a financial institution which is a resident of that other Contracting State.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. However, the term "interest" shall not include for the purpose of this Article penalty charges for late payment nor interest regarded as dividends under paragraph 5 of Article 10 or regarded as profits under sub-paragraph c) of paragraph 2 of Article 8.

5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the interest,

whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable in the Contracting State in which the interest arises according to the laws of that State.

Article 12 Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State the tax so charged shall not exceed 5 per cent of the gross amount of the royalties.

3. Notwithstanding the provisions of paragraphs 1 and 2, royalties paid by a company which is a resident of a Contracting State shall be taxable only in the other Contracting State if the beneficial owner of the royalties is that other State itself, a political subdivision or local authority thereof or a financial institution which is a resident of that other Contracting State.

4. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films and films or tapes for television or radio broadcasting, any software, patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.

5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment

or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable in the Contracting State in which the royalties arise, according to the laws of that State.

2. In the case of Belgium, double taxation shall be avoided as follows :

a) Where a resident of Belgium derives income or owns elements of capital which are taxed in the United Arab Emirates in accordance with the provisions of the Agreement, other than those of paragraph 2 of Article 10, of paragraphs 2 and 7 of Article 11 and of paragraphs 2 and 7 of Article 12, Belgium shall exempt such income or such elements of capital from tax but may, in calculating the amount of tax on the remaining income or capital of that resident, apply the rate of tax which would have been applicable if such income or elements of capital had not been exempted.

b) Subject to the provisions of Belgian law regarding the deduction from Belgian tax of taxes paid abroad, where a resident of Belgium derives items of his aggregate income for Belgian tax purposes which are dividends taxable in accordance with paragraph 2 of Article 10, and not exempt from Belgian tax according to sub-paragraph c) hereinafter, interest taxable in accordance with paragraphs 2 or 7 of Article 11, or royalties taxable in accordance with paragraphs 2 or 7 of Article 12, the U.A.E.-tax levied on that income shall be allowed as a credit against Belgian tax relating to such income.

d) Where, in accordance with Belgian law, losses incurred by an enterprise carried on by a resident of Belgium in a permanent establishment situated in the United Arab Emirates have been effectively deducted

from the profits of that enterprise for its taxation in Belgium, the exemption provided for in sub-paragraph a) shall not apply in Belgium to the profits of other taxable periods attributable to that establishment to the extent that those profits have also been exempted from tax in the United Arab Emirates by reason of compensation for the said losses.

3. In the case of the United Arab Emirates, double taxation shall be avoided as follows :

Where a resident of the United Arab Emirates derives income or owns capital which, in accordance with the provisions of the Agreement, may be taxed in Belgium, the United Arab Emirates shall allow :

a) as a deduction from the tax on the income of that resident, an amount equal to the income tax paid in Belgium;

b) as a deduction from the tax on the capital of that resident, an amount equal to the capital tax paid in Belgium.

Such deduction in either case shall not, however, exceed that part of the income tax or capital tax, as computed before the deduction is given, which is attributable, as the case may be, to the income or the capital which may be taxed in Belgium.

Chapter VI - Special provisions

Article 24 Non-discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Except where the provisions of Article 9, paragraph 7 of Article 11, or paragraph 7 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the

other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

5. Nothing contained in this Article shall be construed as preventing a Contracting State :

a) from taxing the profits attributable to a permanent establishment in that State of a company which is a resident of the other Contracting State at the rate of tax provided by the internal legislation of the first-mentioned State but this rate may not exceed the maximum rate applicable to the profits of companies which are residents of that first-mentioned State;

b) from imposing its withholding tax on dividends derived from a holding which is effectively connected with a permanent establishment maintained in that Contracting State by a company which is a resident of the other Contracting State.

6. In this Article the term "taxation" means taxes which are the subject of this Agreement.

Article 25 Mutual agreement procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Agreement, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident, or if his case comes under paragraph 1 of Article 24, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Agreement.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any

difficulties or doubts arising as to the interpretation or application of the Agreement.

4. The competent authorities of the Contracting States shall agree on administrative measures necessary to carry out the provisions of the Agreement.

5. The competent authorities of the Contracting States shall communicate directly with each other for the application of the Agreement.

Article 26 Exchange of information

1. The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Agreement or of the domestic laws of the Contracting States concerning taxes covered by the Agreement insofar as the taxation thereunder is not contrary to the Agreement. The exchange of information is not restricted by Article 1. Any information received by a Contracting State shall be treated as secret in the

same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) involved in the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, the taxes covered by the Agreement. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

2. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation :

a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

Article 27 Members of diplomatic missions or consular posts

Nothing in this Agreement shall affect the fiscal privileges of members of a diplomatic mission or consular post under the general rules of international law or under the provisions of special agreements.

Chapter VII - Final provisions

Article 28 Entry into force

1. This Agreement shall be ratified and the instruments of ratification shall be exchanged at Brussels as soon as possible.
2. The Agreement shall enter into force on the fifteenth day after the date of the exchange of the instruments of ratification and its provisions shall have effect :
 - a) with respect to taxes due at source on income credited or payable on or after January 1 of the year 1995;
 - b) with respect to other taxes charged on income of taxable periods ending on or after December 31 of the year 1995;
 - c) with respect to taxes on capital charged on elements of capital existing on January 1 of any year following the year 1995.

Article 29 Termination

This Agreement shall remain in force until terminated by a Contracting State but either Contracting State may terminate the Agreement, through diplomatic channels, by giving to the other Contracting State, written notice of termination not later than the 30th June of any calendar year from the fifth year following that in which the Agreement entered into force. In the event of termination before July 1 of such year, the Agreement shall apply for the last time :

- a) with respect to taxes due at source on income credited or payable at latest on December 31 of the year in which the notice of termination is given;
- b) with respect to other taxes charged on income of taxable periods ending before December 31 of the year next following the year in which the notice of termination is given;

c) with respect to taxes on capital charged on elements of capital existing on January 1 of the year next following the year in which the notice of termination is given.

Where an enterprise of a Contracting State derives profits from the extraction of petroleum or other natural resources or from related activities therewith in the other Contracting State through a permanent establishment as defined in sub-paragraph f) of paragraph 2 of Article 5, nothing in the Agreement shall affect the right of that other State to apply its internal taxation laws with respect of the profits attributable to that permanent establishment.
